W. MIDDLESEX HAS **ORGANIZED STRONG** AGRICULTURE BOARD

Donald Graham, Reeve of Caradoc, President.

ENTHUSIASTIC MEETING

Instructive Gatherings Arranged During Coming Year.

held at Appin Monday afternoon in its picnic at Springbank Monday evenhall an agricultural board West Middlesex was organized. refreshments, baseball and other sports The meeting was addressed by District | were enjoyed. Representative Finn of this city, who explained the aim of the board and the benefits that were bound to accrue to the farming community. Over thirty farmers were present.

aims of the board are many. They aim to secure the co-operation all the agricultural organizations West Middlesex and to act as a governing body. All organizations have a representative on the board, and to to the scope of the organization the fruit growers and other kindred

The following officers were elected the meeting: President, Donald geant Blinkhorn. dent, Harry Brodie, who was active in the holding of the junior farmer's short course at Mount Brydges last secretary-treasurer, ex-Reeve Limon, M. Johnston, I. Pinkham and of industries, he states that London District Representative Finn.

During the coming year meetings will be held all over West Middlesex. Part of the program, as outlined Monwas as follows: Box-packing demonstration at Wardsville, as well as a day of stock-judging; a spraying demonstration at Newbury; two days' stock-judging at Mount Brydges; lecture on co-operative marketing Glencoe, and several meetings at Middlemiss and Walker's.

"SUMMERHOLM" WILL BE OPENED NEXT SATURDAY

Y. W. C. A. Residence at Port Stanley Improved for Season.

Members of the Young Women's Christian Association, and especially those who have been associated with the work for some years, take a very warm interest and pride in "Summerholm, the attractive summer residence of the association at Orchard Beach, Port. Stanley. Given the name of "cottage" in earlier and humbler days, it has steadily and surely achieved the dignity of a "residence" through the improveanents which are annually added. One feature to be reflected upon with complacency is the fact that "Summerholm" is a self-made institution, self-support to be confused with any ideas of charity. At the same time it is not run for the purpose of making money, but to give girls and young women a healthful. happy outing at a cost which will just cover expenses. Ninety-four girls enster in for the reopening for the season, which takes place Saturday next, July 1.

social events of the season. fight, while this year it has been the addition of a large porch in the rear, with cement floor and a part inclosed for a dressing-room for the bather's. Provision is made above for a sleeping drunk.

While "Summerholm" paddles its own cause in a very satisfactory fashion, at the same time, even as most independent and strictly self-supporting people are pleased with gifts from their friends. to the military authorities to be dealt so this home-like place at the lakeside is glad to accept anything which will add to the comfort, convenience and pleasure of those who solourn there ast year a fine new table was donated. meeded for this season

tian Association, has donated the hand also a sink for the kitchen.

TO CONSIDER REPORT

Civic Boards to Have Conference Over Provincial Communication.

There will be a conference relative to sewage matters tonight with the board of control, the board of works and the board of health taking part. The report of the Provincial Board of Health will be taken up and discussed.

It is not likely that any action will be taken at this time.

IN OBTAINING BOXES

Shortage of Elm and Labor Over Fifty Representatives to Blame.

SUBSTITUTES IN SIGHT ASSOCIATION FLOURISHES

Experiments Also Show That Interesting Paper on Raising Pepsin Will Take Rennet's Place.

Throughout certain sections of Western Ontario there has been for some Western Counties Independent Tele-This shortage, due to the lack of materials, particularly elm, seems to be general lack of the boxes.

The cheese factory owners in some sections have been forced to store cheese, unboxed, while in other localities there has been no difficulty in securing the required number of boxes. The factories south of St. Thomas, at Norwich and Simcoe, have been handicapped for boxes owing to the makers n those sections having been unable to supply the demand on account of lack ishing condition. Mr. Scott gave a of experienced help, and the shortage in short resume of the work done during the elm supply.

Making Experiment. Elm has proven to be the most satisfactory material, but experiments are now being made of boxes manufactured from a special fibre board, which, if satisfactory, will relieve to a great extent the existing shortage.

Another reason for a shortage in boxes is due to the increase in production of cheese, with no consequent increase in the supply of boxes, and the effect has been to deplete the supply lions of pounds were manufactured over In the case of his own line, the rates and above the output of 1914. Expect Success.

cheese factory owners are conown telephone. fident that the experiments now being made with the special fibre board will be successful, which will mean an abundant supply of boxes for the next season, although the shortage for this season will, no doubt, remain, as a sufficient supply could not be made this season to meet all demands.

Substitute For Rennet. A rumor to the effect that the supply of rennet was becoming exhausted, and McEwing, ex-M.P., Guelph, and others would result in the closing up of a number of factories has been causing some alarm of late.

Experiments have been made with crystallized pepsin, and it has been ning. found to have identically the same coagulating effect as rennet, and in emergency will be used by the cheesemakers. The supply of rennet which, previous Cousins, W. J. Ashton, H. E. Robinto the war, was imported from Bavaria, son, James McEwing. Denmark and Russia, is extremely low at present, and when the occasion arises resort will be made to the pepsin which | Ontario railway board, M. C. Morgan, has proven to be as effective as rennet. of which he arrested him. Sergt. Hearn identified revolvers, maps of Ireland, and a flag of the revolutionists which were found in a handbag. There was a stir in the courtroom as the big green emblem of the rebels was spread out in the centre of the room, and all eyes turned toward the prisoner. He shifted uneasily in his seat, and then leaned back with folded arms, smiling ner-

vously as he gazed at the flag. Alexander Sullivan, chief counsel for the defence, volunteered the information to the court that the emblem on the flag was that of the city of Limerick. Southerners Were Arming.

Mr. Sullivan cross-examined the police witnesses at length in regard to the general unrest in Ireland, and brought out the fact that the people of the south were arming themselves against those of the north and against conscription, and that after the Curragh incident when the military refused to LONDON AND WINDSOR. south were arming themselves against neident, when the military refused to serve against Ulster, the southerners felt they could not trust the soldiers to protect them against Ulster volunteers. One police witness said that although the carrying of arms and drilling went on unhampered by the authorities, the landing of arms would have had a very grave effect.

During the testimony of Constable Riley, who assisted in the arrest of Sir Roger, the prosecution introduced as evidence a paper on which was written a code Sir Roger is said to have thrown away shortly after his arrest. This he was lodged in prison, the crown atpaper was picked up and given to Riley. The prosecution has laid great stress on the importance of this code, which it from Kiel to Ireland. Sidney Waghorne, contends was intended for communication with Germans.

Opposite a series of numbers on this story as to how the Aud was held up on paper were sentences such as "Send suspicion by the Blue Bell off Tralee, cannon and ammunition" and "Send and how the crew of the Aud blew her more explosives." The prosecution at- up on nearing Queenstown. A diver tempted to establish that some of the was called to the stand and identified pencilled figures on this code were Ger- rifles and ammunition he found on the man characters.

this morning, and a large number of of ammunition for the rebels. witnesses appeared for the prosecution. Much of the testimony was corroborative and showed events pertaining to beach. Sir Roger after his arrest.
