Hon. Charles Stewart Appeals To Canada's Financial Interests.

Montreal, Nov 27 .- Canada's financial interests were appealed to, to assume a share of the burden of carrying out the Federal Government's new immigration policy by Hon. Charles Stewart minister of interior and acting minister of immigration, speaking at the Canadian Club this after-

outstanding features were traced by the minister in the new program. First, the western United States will be combed and made the target of an intensive advertising campaign, and propaganda campaign to attract tenant farmers, or renters, who are paying exorbitant rentals for farms. Most of these farms were bought at war-boom prices and are now commanding rents from seven to times greater than are paid in

Second, a similar intensive publicity campaign will be conducted throughout Great Britain, and certain of the northern states of Europe, to attract the most desirable type of settlers. While an especial effort will he made to secure immigrants who will bring sufficient capital with them to establish themselves on the land, a plan similar to that decided upon for the United States will also be fol-low, i. e., tenant farmers will be

sought.

To further aid in a better development of land already available for quitivation, an appeal will be made to the larger western landowners to release a portion of their holdings to tenants on a crop payment, or othe co-operative basis.

In his appeal to the financial in-terests to aid in the solution of the scheme, Hon. Mr. Stewart emphasized the fact that he was not appealing for easy credits, simple a more sympathetic co-operation by financiers, which while it might take the form of easier credits, would not suggest the disas-trous credit liberalism of the war-

THIEVES TAKE GASOLINE AT KEYSER'S CORNERS

W. Cunliffe reported that all the houses at Pine Lawn were occupied and that all but three on Garfield avenue had been rented.

DISMISSES APPEAL TO CANCEL CREAM RATES

Ottawa, Nov. 27.—(By Canadian Press).—The application of the National Dairy Council to the board of railway commissioners for an order cancelling the 20 per cent increase in express rates on cream, allowed by general order 327, dated Feb. 2, 1921, and re-establishing the special commodity rates on cream in existence prior to that order, is dismissed by the board in a judgment issued today. The Dairy Council asked re-consideration by the board when the general increase was granted in February, 1921, and on this applica-tion being refused, appealed to the privy council. The privy council referred the matter back to the railway board for further consideration, and the case was again heard by the board in April of this year. The special commodity rates asked affect istrate Menno House died at his fruit, fish and vegetables, as well as home here last night after an illness

A. SHAW GROUNDS

Vessel Ashore Near Petrolea Waterworks in Lake Huron.

> Special to The Advertiser. Sarnia, Nov. 27 .- The steamer Quincey A. Shaw of Cleveland, which grounded in Lake Huron, near Sarnia, at 11:30 this morning was released at 2:30 this afternoon by the lighter Manistique, without any damage having been sustained. The Quincy was driven out of her course in a snow storm which prevailed on the lake over the week-end. Light snowfall continued this afternoon, but visibility was much improved.

It is believed here that the dif ficult conditions of the past week-end will hasten the determination of shipping masters to close the season's service on regular sched-ule, December 5, instead of risking continuation until later on account of the large quantities of grain still awaiting transportation. Insurance rates will be suspended December 5.

Sarnia, Ont., Nov. 27.—The steel freighter, Quincy A. Shaw, owned by the Hanna Line with headquarters at Cleveland is ashore near Petrolea waterworks seven miles out in Lake Huron according to a telephone mes-sage received from the captain of the vessel by the Reid Wrecking and Towing Company this morning, the vessel having ran aground abou 11:30. While not believed to be in my danger, the captain apparently having succeeded in reaching the shore, the lighter Manistique left a once to render assistance. The captain expressed the opinion

that his vessel could be towed into deeper water, but it might be neces sary to lighten the cargo. The Quinc which is loaded with grain from th western lake ports for Buffalo, was steaming considerably out of her prevailed on Lake Huron over the week-end, and which rendered navigation extremely hazardous. Man vessels anchored during the night for fear of missing their courses, and there is little improvement in the isibility this morning. The local Marconi station report

hat the mishap to the Quincy Shaw is the only one reported to

Many of the freighting fleet as now making the last trip of the sea son, and the news that the advers conditions of the week-end have s far been without serious result is received here with much gratification as there were fears Saturday and Sunday that shipping losses migh be sustained in the blinding storn which swept the lakes.

300-POUND KEY FOR CHATHAM BRIDGE LOS

Chatham, Nov. 27 .- The big ste ey, weighing 300 pounds, which been used to swing the Third oridge for over 25 years, was dis covered to be missing by one of the bridge caretakers when going on dut this morning.

He reported the theft of the key

City Manager Fuller, who immediate ly ordered that another key be mad The bridge has not been opened for nearly a month and may not loopened again until the spring, but the key must be on hand in case

Just Suppose You Had a

MASON @ RISCH PLAYER-PIANO

musical friends could display their skill by playing it in the regular way. You, your wife or your children could then take their place and play the same selections by means of the music rolls -play them with equal, if not greater, perfection of technique and beauty of expression.

Is it any wonder that the Mason & Risch Player-Piano is displac-"seldom-used" ing Pianos in so many homes?

Of course, you have heard about the Mason & Risch Player-Piano. But have you ever heard the instrument itself? Until you do, you cannot fairly appreciate what its perfection means to your personal enjoyment. You

cannot imagine what a difference it would make in your home pleasures. Come in and hear it. Play it yourself. Be as critical as you like. There will be no obligation to purchase, but if you feel that you would like to own one, we can

make the terms convenient to you. But-mind our words-before you leave our store you will come to the conclusion
