SPECIAL TO THE DAILY BRITISH COLONIST

Eastern States

The Times' special says the impeachment managers have failed to elicit any testimony proving that corrupt means have been used to influence senators to favor the acquittal.

Chicago, May 16

The Republican's special says startling developments today show conclusively a regular conspiracy in the party by Chief Justice Chase and renegade Republican Senators to defeat impeachment.

Washington, May 16

The President during this evening received many calls of congratulation, including those of cabinet ministers. The intense excitement which prevailed this afternoon throughout the city, growing out of the action of the Senate, on the eleventh article, has considerably subsided.

Prominent gentlemen of both parties agree that much of the trouble between Congress and the President springs from the defeat of the Executive administration under the present mode of Government.

The doubtful are now composed of the following Senators: Anthony, Frelinghuysen, Fowler, Ross, Sprague, Van Winkle and Wiley.
