The Dorenwend Electric Belt and Attachments---The World's Best

Are the most practical and scientific contrivances in existence for the electro-medical treatment of disease and weakness.

Rheumatism, Nervous Debility, Indigestion, Liver an Kidney Complaints, Spinal Disease, Neuralgia, Head-ache, I ame Back, Et. Vitus Dance, Heart Disease, Paralysis, Fe nale Complaints, Sexual Decline of Seminal Weatness, Sprains, Cramps, &c.

No body contrivances in the world can compare with the battery and belt for completeness and general excéllence. It is the very latest, and obscure combinations of leather and meta cannot be classed with this invention. Compare this with an in the field, and if you do not pronounce it to be far superior we will give you one for nothing. Remember, there is no doub about the electrical properties of this belt, the electricity can be felt and scientifically tested. The regulator affords perfect ad-justment of the force suitable to the patient. Expert electrical and medical examination of this belt, 40, is invite 1. Univer-sally encored by recognized authority. What the manager of Toronto Electric Light Co. says:

TORONTO, August 20, 1890, Dorenwend Electric Belt and Attachment Co: TENTS-in compliance with your request I have examine the battery and belt which you sent me. I consider the oor ling the amount of current shows great ingenuity and so and was surprised at the amount of electricity the battery was the to generate when all the cells ware in action, but of course the an be reduced by the regulator to any amount necessary. should think it would prove of value where electricity is re-quired for medical purposes.
