

The Weekly Monitor.

BRIDGETOWN, JUNE 6th, 1877.

CATERPILLARS.

The hopes held out to us by our farmers, a short time ago, regarding the destruction of these troublesome pests...

The weather for the last week has been remarkably fine and warm—the thermometer indicating 85 degrees...

The war now in progress between Russia and Turkey, of which we have heard so much for a couple of months...

The practical utility of our native birds, as agents for the destruction of noxious insects can hardly be overestimated...

BAPTISM.—At Lawrencetown, on Sabbath last, the Rev. Mr. Ballentine baptized 8 persons on the river there...

POTATO BUG.—Our exchanges from the Upper Province inform us that the Colorado Beetle, or what is commonly called the "Potato Bug" has made its appearance in several districts in Canada...

THE NORTH WEST appears now to be the point to which a large number of people from the Upper Provinces are directing their attention...

NEW CAR.—The W. & A. Railway have now on their line a new and handsome car, built at the Company's works in Kentville, by Mr. Wm. Greifson...

A TERRIBLE CATASTROPHE.

A TIDAL WAVE SWEEPED ALONG THE SOUTH AMERICAN COAST—over 800 LIVES LOST.

PARAMA, May 21.—A tidal wave visited the entire coast from Callao to Chill about midnight of the 20th...

THE weather for the last week has been remarkably fine and warm—the thermometer indicating 85 degrees...
