## Four Reasons Why YOU Should Purchase A Farm in the Annapolis Valley.

- 1.—Because the Annapolis Valley is the best and most dependable Country in which to farm.
- 2.—Because the basic source of Man's subsistence is the farm. It is the most honorable business on earth. It means health, wealth, happiness and contentment.
- 3.—Because milk from your cows and eggs from your poultry, will give you a daily cash income the year round. Apples, small fruits, berries, garden truck, grains, hogs and sheep will build you a big bank account.
- 4.—Because Lloyd's Service will find the farm you want, where you want it, at the price you want to pay.

## OIL ON STREETS.

A committee composed of Messrs.  
W. T. Ferguson, H. S. Hamilton, and  
J. A. Fisher appeared before the  
council in reference to having oil put  
on the streets to keep down the dust.  
Mr. Ferguson stated that the oil had  
been tried last year and had proved  
a complete success. The merchants  
and business men of the town gen-  
erally were desirous that the oil be  
used again. They felt that the ex-  
pense should be borne by the town as  
the oil was for the benefit of the town  
but they had agreed again this year  
to raise \$450 and would expect the  
town to raise the balance and put on  
the oil. Another year they would ex-  
pect the oiling of the streets to be  
done entirely by the town. The coun-  
cil agreed that the wish of the mer-  
chants and others should be complied  
with and agreed to raise the balance  
needed to purchase a tank car of oil  
and also to put the oil on the streets.

## OBITUARY.

Isaac L. Shortliffe

The village of Milford was surpris-  
ed and saddened on Friday, May 2nd,  
when it became known that Isaac L.  
Shortliffe had passed away at the  
home of his daughter, Mrs. Risdon  
Longmire. Although in poor health  
for the past six weeks, the end came  
unexpectedly. His wife predeceased  
him about four years ago, at Free-  
port, Digby Co., where he had resid-  
ed since early manhood. Since then  
he has made his home with his  
daughter here. He was active in all  
lines of church work and highly re-  
spected. He was in his 75th year and  
leaves to mourn his passing five  
daughters and two sons, three broth-  
ers, one sister and eleven grandchil-  
dren. The children are Miss Mabel  
(R. N.) of New York City, Mrs. James  
Otis, Boston, Mrs. Risdon Longmire,  
Milford, Mrs. Emdon Thibert, Little  
River, Miss Ruby, Boston, Prof. J. M.  
of Colgate University, N. Y., and D.  
L. (B. Sc.) of Edmonton, Alta.

The youngest son, Ernest, gave up  
his life at Passchendaele in the World  
War. The body accompanied by two  
of his daughters, was taken to his  
former home at Freeport, where a  
very impressive service was conducted  
at the Baptist Church, by Rev.  
Spinney and the body was laid to rest  
beside that of his late wife in the  
family lot in the Baptist Cemetery.  
Much sympathy is extended to the be-  
reaved ones.

## A MILLION DEMAND.

The retail merchants association of  
Canada is making a demand upon the  
government for a refund to retail au-  
tomobile dealers of a sum of approxi-  
mately \$1,250,000.00 which it is claim-  
ed was paid into the Treasury by the  
Dealers as Luxury Tax, and which  
they claim should be returned.

The story is that by a provision of the  
Luxury Tax regulation the retail dealer  
had to pay the Luxury Tax on cars as  
he purchased them from the manu-  
facturer. The contention is set up  
that it was the purpose that this Lux-  
ury Tax should be passed along to the  
consumer. However, the Luxury Tax  
was repealed and the auto dealers  
were left with unsold cars on their  
hand upon which they had paid the  
tax. There was no opportunity to pass  
it on to the consumer, now they are  
demanding a rebate of a million dol-  
lars from the Treasury of the Domini-  
on to be distributed among the auto-  
mobile dealers. It looks like a big  
sum and perhaps they may succeed  
in getting it. Extensive propaganda  
is being circulated and the newspa-  
pers are not forgotten. But that is  
the story and pressure is being  
brought to bear very strong in sup-  
port of the claim. We have been ask-  
ed to publish a long article but the  
above covers the situation.

## Here and There

Earnings of the Canadian Pacific  
Railway for the last ten days of  
March amounted to \$4,066,000, as  
compared with \$4,313,000 for the  
corresponding period a year ago.  
This is an increase of \$183,000 or  
4.2 per cent.

Immigration to Canada during the  
eleven months ending February,  
1924, totalled 135,128, divided as fol-  
lows: British, 67,023; from the  
United States, 19,120; from all other  
countries, 48,985. This compares  
very favorably with 66,139 for the  
same period a year ago.

Forty pilgrimages to the famous  
shrine at Ste. Anne de Beaupre,  
Quebec, have already been arranged  
for June, July and August this year.  
Over 200,000 visitors are expected,  
most of them from Montreal, Tor-  
onto, Buffalo, Philadelphia, Chi-  
cago, New York and Boston.

Although it has already spent  
\$4,000,000 in drilling for oil in Al-  
berta without very definite results,  
the Imperial Oil Limited, proposes  
to keep at its development campaign,  
so F. J. Wolfe, director of market-  
ing for the concern, states. Already  
the company's \$2,500,000 refinery at  
Calgary has had the effect of keep-  
ing prices down, he says.

An important industrial enter-  
prise is being added to the list in  
Montreal in the plant of the National  
Cement Company, which is being  
constructed in the town of Montreal,  
east on the site of one of the largest  
deposits of raw material for cement  
in Canada. The first unit of the  
plant will have a capacity of 900,000  
barrels per annum.

A total of 965 communities in  
Alberta are now served by the In-  
dian Government telephone system.  
The total number of phones served  
in the system is 67,276, of which  
22,299 are exchange phones, 2,829  
are rural phones and 1,945 are pri-  
vate party lines and 12,385 are con-  
necting subscribers. There are 264  
exchanges in the province, 1,211  
toll offices and 62 private party  
lines.

The growing importance of Cana-  
da's trade in the Pacific is reflected  
in the official statistics of the Van-  
couver Harbor Board for the month  
of December. The board shows a  
substantial increase in shipping in  
that port over the same month in  
1922. Total shipping through the  
port amounted to 1,432,000 tons, val-  
ued at \$31,421,129, an increase  
over December, 1922, of 122,602 in  
tonnage and \$2,703,475 in value.

Ten 10,000 Imperial gallon tend-  
ers, for use behind the P. I. type en-  
gines used in the Western mon-  
tains, have been ordered from the  
Canadian Locomotive Company Ltd.,  
Kingston, by the Canadian Pacific  
Railway at a price of \$12,445 each,  
delivery to start in May and be  
completed in June this year. These  
tenders will give more efficient coal  
and water service than any others  
in this country.

During the year 1923, 96 arrivals  
and departures of the St. Lawrence  
route, with its different services, to  
be maintained throughout the sum-  
mer months by its popular mono-  
class cabin and Empire class steam-  
ers, will constitute the Canadian  
programme of the Canadian Pacific  
Railway's steamships. A combined  
tonnage of 14,600 gross tons will  
be in operation on the Atlantic under  
the Company's flag, the largest  
amount yet assigned by a single line  
to steamship passenger traffic on the  
St. Lawrence route.

Canada's unfavorable trade bal-  
ance with the United States is more  
than equalled by her favorable trade  
balance with the United Kingdom,  
according to trade figures of the  
Bureau of Statistics. For the year  
ending February, Canada's imports  
from the United States were \$603-  
000,000 and her exports to that  
country \$229,000,000, an excess of  
imports of \$374,000,000. As against  
this, Canadian exports to the United  
Kingdom were \$355,000,000, and the  
imports from Britain \$155,000,000, a  
surplus of \$200,000,000 on the side  
of exports.

### A WHOOPER.

Hanover—Fish can be caught in  
buckets as well as bucket shops. Mr.  
John Morlock, a prominent manufactur-  
er, out trout fishing yesterday,  
went to the river "to get a pal of  
water" and returned with a nice  
speckled trout, measuring 11 1/4 in-  
ches—so far.

Mr. Morlock explains the phenom-  
enon in his own words: "As I stepped  
on the bank of the river and dipped  
the pail into the water, a big fish  
scurried out from underneath, struck  
its head against the inside or bottom

of the pail, and was momentarily stam-  
ped. I jerked the pail up quickly and  
there was the speckled beauty!"  
This was the second largest fish  
caught using the day's expedition of  
the fishing club to which Mr. Morlock  
belongs.

## Chevrolet Brings Town and Country Close

IT is no longer necessary for the farmer  
to remain a recluse—for his children to  
forego the youthful companionship which  
they all crave. Neither is it necessary for  
the town or city dweller to think of the  
countryside as a delightful place to be  
visited only at vacation time. The automo-  
bile has made communication swift and  
easy. It has brought friends near each  
other, though they live miles apart.

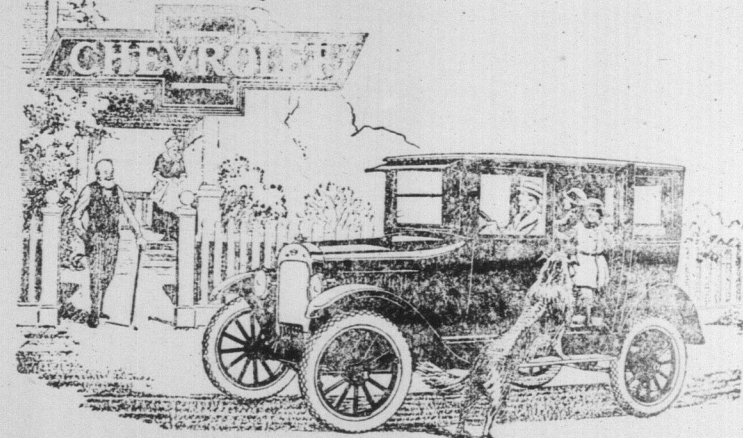

And Chevrolet has made it possible for almost  
every Canadian to enjoy the benefits of an auto-  
mobile. For Chevrolet is not only an exceedingly  
low-priced car, but it is also the most economical  
car in the world to maintain.

Even though you have not the ready cash with  
which to purchase at present, the General Motors  
Acceptance Corporation makes it possible for you  
to pay for your Chevrolet while you are using and  
enjoying it.

Investigate Chevrolet and learn how easy it is to  
own and operate.
