

INTERCOLONIAL RAILWAY.

The Direct Route from the West for all points in New Brunswick, Nova Scotia, Cape Breton, and Newfoundland.

All the popular sea bathing, fishing and pleasure resorts of Canada are along this line. Pullman cars leave Montreal on Monday, Wednesday, and Friday, run through to Halifax, and on Tuesday, Thursday, and Saturday to St. John, N. B., without change. Close connections made at Point Levis or Chaudiere Junction with the Grand Trunk Railway, and at Point Levis with the Richelieu and Ontario Navigation Company's steamers from Montreal. Elegant first-class, Pullman, and smoking cars on all through trains. First class refreshment rooms at convenient distances.

IMPORTERS & EXPORTERS

Will find it advantageous to use this route, as it is the quickest in point of time, and the rates are as low as by any other. Through freight is forwarded by fast special trains, and experience has proved the Intercolonial route to be the quickest for European freight to and from all points in Canada and the Western States.

Tickets may be obtained, and all information about the route and freight and passenger rates, from

OAKVILLE, March 3rd, 1885.
DEAR SIR, —In regard to the 18-foot Geared Wind Mill, I will say it does good work. I use it for pumping, running a grain crusher, cutting box and root pulper. The cutting box used to take six horses to run it all day; but the wind mill does the work now, and does not get tired either. I expect to run a cider mill with it next fall, and purpose attaching my grindstone as soon as I can get a pulley. The mill is perfectly self-regulating. The No. 2 I X L Grander works like a charm. We can grind ten bushels an hour easily. I might also add the Four-Wheel Carrier and Four-Tined Grapple Fork I got from you are giving the best of satisfaction. The Fork is far ahead of anything I have seen. Respectfully yours,
R. G. MOORE.

GRAND.
Colonial Exhibition in London, Eng.,
1886.
FIFTY-FOUR THOUSAND FEET
RESERVED FOR CANADA.

First Royal Exhibition Commission Since 1862.

THE COLONIAL AND INDIAN EXHIBITION to be held in LONDON, England, commencing MAY 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.

In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1862; and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.

The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President. His Royal Highness.

This exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do. The grandest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies, by the progress she has made in AGRICULTURE, in HORTICULTURE, in the INDUSTRIAL and FINE ARTS, in the MANUFACTURING INDUSTRIES, in the NEWEST IMPROVEMENTS in MANUFACTURING MACHINERY and IMPLEMENTS, in PUBLIC WORKS by MODELS and DESIGNS; also in an adequate display of her vast resources in the FISHERIES, and in FOREST and MINERAL wealth, and also in SHIPPING.

All Canadians of all parties and classes are invited to come forward and vie with each other in endeavouring on this great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.

Every farmer, every producer, and every manufacturer, has interest in assisting, it having been already demonstrated that extension of trade always follows such efforts.
