

It will be sent by mail (post-paid) on application,

## A PAMPHLET

containing two articles, by distinguished foreign authority, on

# "INHALATION OF ATOMIZED LIQUIDS,"

with formulae of those successfully employed.

Also an article by Dr. J. L. W. TRUDICUM, M. R. C. P., on

# "A NEW MODE OF TREATING DISEASES OF THE NASAL CAVITY"

with his formulae.

Also an illustrated description of the best apparatus for the above purposes, and for producing *Local Anæsthesia* by Atomization with Ether, by the method of Dr. RICHARDSON, of London; or with Rhigolene, as described by Dr. HENRY J. BIGELOW, in the *Boston Medical and Surgical Journal*, of April 19, 1868.

All our Atomizing Apparatus is made with the utmost care with view to its complete efficiency, convenience, and durability, and every one is warranted. The Steam Apparatus (Fig. 1) has been adopted into the "Supply Table" as the standard for the United States Army. A Gold Medal has lately been awarded us by the Middlesex Mechanics' Association, for Atomizing and Surgical Instruments, as will be seen from the following report, signed by a leading New-England Surgeon and Physician:

**"1503. Codman & Shurtleff, Boston, Mass. One Case Surgical Instruments and Atomizers.**

"The Committee have no hesitation in awarding for this superb exhibition the highest premium. The various other instruments for Inhalation of Atomized Liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except of their own manufacture. — *Gold Medal.*

(Signed)

GILMAN KIMBALL, M. D., Chairman."

The following is an extract from a note from Dr. BIGELOW: "I have thus far found nothing better for freeing with Rhigolene than the tubes made by you after the pattern I gave you, and which I still use with your other apparatus."

Dr. J. MASOY WARREN says: "Your apparatus for Atomization of Liquids seems to have been carefully made, and I think it an efficient one where required for treatment of diseases of the Throat and Lungs. The apparatus for Local Anæsthesia which you made for me answers the purpose perfectly."

### ALSO FOR SALE:

Cannmann's Stethoscope, Articulated	. \$8.00
do. do. Diaphragm	. 8.50
Simple Throat Mirrors	. 1.50
Ophthalmoscopes, Liebreich's	. 7.50
Holt's Dilator	. 13.00
