

Cheer Up

The Cost is Small - Get an Overland

\$850

Roadster, \$825
Model 75, Ford, Toronto Ont

THE man of that family now escapes the utter weariness which used to drag him down.

The mother of that family enjoys a new freedom which makes her a better wife and mother.

The children of that family are ruddier—hardier. They all lead a bigger, broader, healthier, happier, more united family life.

And all because of their Overland!

This Overland costs only \$850.

But it is every inch an Overland—a perfect beauty.

Though a small, light, economical car, it is roomy, sturdy and powerful.

And it is absolutely complete to the last detail.

Never before has a stylish, comfortable, completely equipped car been offered at anywhere near so low a price.

Now for the first time, exacting pride and strictest economy are fully satisfied in one and the same car.

And for easy riding this newest Overland is not to be compared with any other car of its size.

In fact, many a big, high-priced car is nowhere near so easy riding.

It has cantilever rear springs which absorb road shocks more perfectly than any other type.

Large four-inch tires add to its easy riding qualities.

And the seats are soft and deep, and built up over long spiral springs.

The seats are also broad and wide—ample in their roominess for five full grown people.

Of course it is electrically lighted and started and the electrical control switches are located on the steering column—right at your hand.

You should have a car this spring—

And if you want top class at bottom price, it must be this Overland, for no other car meets both these requirements.

No wonder it has swept the country—the biggest and quickest success of all our long line of record breaking models.

But one thousand cars a day is the present limit of our production.

That is more than double the capacity of any other producer of cars of this size and class.

But the demand is in proportion to the excess value of this car.

Order yours now to avoid delay.
