peodorized Extract of retroienth jow improved and Perfected—Is Ab-gointely the Only Article that with Kesture Hair on Bald Heads. And Oures all Diseases of the Skin and Scalp.

What the World Has Been Want ing for Centuries.

What the World Has Been Want ing for Centuries.

The greatest discovery of our day, so far as a large portion of humanity is concerned, is CAR-POLINE, an article prepared from petroleum and which effects a complete and radical curin cases of baldness, or where the hair, owing to diseases of the scalp, has become thin and tend to fall out. It is also a speedy restorative, and while its use secures a luxuriant growth of hair it also brings back the natural color and gives the most complete satisfaction in the using The talling out of the hair, the accumulations of dandruf, and the premature change of color, are all evidences of a diseased condition of the scalp and the glands which nourish the bair. To arrest these causes the article used must possess medical as well as chemical virtues, and the change must begin under the scalp to be of permanent and lasting benefit. Such an article is CARBOLINE, and, like many other wonderful discoveries, it is found to consist of elements almost in their natural state. Petroleum oil is the article which is made to work such extraordinary results, but it is after it has been chemically treated and completely dendorized that it is in proper condition for the toilet. It was in far-off Rusria that the effect of petroleum upon the hair was first observed, a government officer having noticed that a partially bald-beaded servant of his, when trimming the lamps, had a habit of wiping his oil-besmeared hands in his scanty locks, and the result was in a few months a much finer head of black, glossy hair than he ever had before. The oil was tried on horses and cattle that had fallen out, were completely restored in a few weeks. These experiments were heralded to refer here as rapid as they were marvelous. The manes and even the tails of horses, which had fallen out, were completely restored in a few weeks. These experiments were heralded to the world; but the knowledge was practically useless to the prematurely bald and gray, as no one in civilized society could tolerate the second of th declorizing petroleum, which renders it susceptible of being handled as daintly as the
famous cau decologne. The experiments made
with the deodorized liquid on the human hair
were attended with the most astonishing results. A few applications where the hair
was thin and falling gave remarkabe tone
and vigor to the scalp and hair. Every particle of dandruff disappears on the first or
second dressing, and the liquid, so searching
in its nature, seems to penetrate to the roots
at once, and set up a radical change from the
start. It is well known that the most beautiful colors are made from petroleum, and by
some impacterious operation of nature the use
of this article gradually imparts a beautiful
light brown color to the hair, which, by continued use, deepens to a black. The color remains permanent for an indefinite length of
time, and the change is so gradual that the
most intimate friends can scarcely detect its
progress. In a word, it is the most wonderful
discovery of the age, and well calculated to
make the prematurely bald and gray rejoice.

We advise our readers to give it a trial
feeling satisfied that one, application will convince them of its wonderful effects.—Pittsbirz,
Commercial of October 22, 1877.

DAVISVILLE, Cal., Nov. 8, 1878.

CHAS. LANGLEY & Co., San Francisco
DEAR SIK—I take great pleasure in informing
you of the most gratifying results of the use of
CAABOLINE in my own case. For three years
thet op of my head has been completely baid
and smooth, and I had quite given up any hope
of restoring the hair. Four weeks ago I noticed
the advertisement of CARBOLINE, and on the
recommendation of a friend, I concluded to try
a bottle without any great hepes of good results;
however, I have now used it less than a month
and, to my most agreeable astonishment, my
head is completely covered with a fine, short,
healthy growth of hair, which has every ap
pearance of continued growth; and I confidently
believe it will restore it as completely as ever it
was in my youth.

pearance of continued growth: and I confidently believe it will restore it as completely as ever it was in my youth.

I take great pleasure in offering you this testimonial, and you have my permission to publish the same. Yourstruly, CHAS. E. WHITE, Davisville, Cal.

Subscribed and sworn to before me, this 8th day of November, 1878. JAMES D. KING.

Notary Public.

JOSEPH E. POND. Jr. Attorney at Law, North Attleboro', Mass., says: For more than twenty yeavs a portion of my head has been as smooth and free from hair as a billiard ball, but some eight weeks ago I was induced to try your CARBOLINE, and the effects have been simply wonderful. Where no hair has been seen for years, there now appears a thick growth. It is growing now nearly as rapidly as hair does after its cut. You may use the above testimonial if you choose, and may refer to me for its truth. MR. W. S. GOLD, No. 70 River avenue, Allegheny City, Pa., writes to us that he had his head badly scalded by hot water, and that CARBOLINE not only cured his head but caused his hair to grow luxuriantly.

ALFRED PHILLIPS, Druggist, Gloversville, N. Y., says: My wife has tried CARBOLINE, and she has now a coating of hair over the top of her head an inch long where her head has been entirely BALD for years.

DONGOLA, Ill., March 19, 1879.

SIES,—By the persuasion of a friend I began to use CARBOLINE on my head last September, which had been bald for twenty years, and now I have a nice growth of hair on my head that surprises everybody that has observed the fact.

A. G. WILLIAMS, M. D.

THOMAS LAWRENCE, M. D., Mill Creek, Ill., says: I can cheerfully recommend CARBOLINE, and now have a fine suit of hair growing where there was no appearance before I began using CARBOLINE.

I certify to the above, besides selling Dr. Lawrence the CARBOLINE.

I certify to the above, besides selling Dr. Law-rence the CARBOLINE.

M_°VEIGH'S SOVEREIGN REMEDY

Prease read the ioliowing testimonials of prominent and respectable citizens of Montreul who have used my remedy, and who are living witnesses of its value and efficacy. Any one doubting the genuineness of the remedy in the treatment of Neuralgia, Rheumalism, Dyspepsia, Diphtheria and Lumbago can satisfy themselves still further by referring to the parties whose names appear below testifying to the good effect of the remedy in their case. Never since the practice of medicine first became a science were there discovered a greater boon for suffering humanity than McVelgh's Sovereign Remedy, which is now about being introduced to the citizens of Montreul.

The undersigned having made a special study of all Nerveus, Muscular and Blood Diseases, hence the result shows satisfactory cures in all cases.

What does not pity the extremity of the poor Spitz-dog! Everyone's hand, except the owner's, seems raised against them. years ago they were all the rage, and to their popularity there seemed to be no waning. But times have changed. They are now said to be dangerous, treacherous, useless; their once well washed and combed hairs are now neglected and bristling like a wolf's, and people give them a " wide berth." The question is, Are Spitz dogs dangerous to human life, and if so, how? Some say that all dogs are uncertain and unsafe, but the "Spitz"have no friends outside their homes. Expel him from society, if he be dangerous, is our motto, for human life is worth more than a dog's. There are also other things about the home which should be driven out. Diseases come along. Drive them away. But how? Simply by placing there a box of DR. HERRICK'S SUGAR COATED PILLS, which, at the first approach of sickness, should be administered. They work like a charm, through the natural channel, without weakening the bowels or disgusting the palate. A child will not re-

It is the only perfume that we know of especially and particularly suited to use in this way.

To Consumptives—The production of a remedy that "may truly be said to so after the prospects of the Consumptive as to give hope of cure in not a few cases, and of much prolonging of life in by far the greater number"—"the only remedy worthy of the name, which, if carefully and faithfully used, may arrest and cure the disease, and is pretty sure to retard it and molong life more than any other known remedy," is us great desideratum. Yet, this desideratum is fully met in Robinson's Pnosphorized Emulsion of Cod Liver Oil with Locto-Phosphate of Lime, which is universally acknowledged wherever introduced to be the best preparation of Cod Liver Oil extant, and which, if "carefully, faithfully" and persistently used, will rarely fall to produce marked beneficial results. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

to blood, the heart becomes strengthened to pump the blood, the lungs distribute and oxidize the blood, healthy blood displaces unhealthy muscle and tuberculous matter, the patient becomes vigorous, and then by using his constitution as intended by a beneficent Creator, he may live up to the ripe old age when like the corn ready for harvest he drops

PAIN-KILLER in the house, and let Doctor Squills stay in his bed and enjoy himself. A PURE SMOOTH SKIN is a womanly charm which every individual of the gentler sex appreciates, and may, if she chooses, possess. Every variety of pimple, blotch, sore pustule, and exfoliations and their name is legion-which disfigures the face, or arms, or

power it has of imparting to the water of the bath great soothing, refreshing, and invigor-

ating effects, is peculiar to itself. Pond's Extract for Varicose Veins, Hemorrhages, or any Pain. Physicians—allopathic, homocopathic and eclectic—recommend it. Ask

Epps's Occoa—Grateful and Conforting.

—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tondency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever these is a weak point. We may escape many at fatal shaft by keeping ourselves well fortified with pure blood and a perly nourished frame."—Guil. Service Gazette.
