MATERNITY WARDS SECURED.

Thanks to the determined efforts of the ladies of the Woman's Auxiliary the long desired facilities for the carrying on of maternity work, in connection with the hospital, have been secured. A long lease on favorable terms of the house adjoining the hospital, being No. 46 McGill College Avenue, has been obtained, and upon acquiring possession of the property on first of May next it will be thoroughly renovated and suitably furnished for the purpose. Communication will be opened between the new premises and the hospital proper, so that access may be had without going out of doors, while still retaining the requisite isolation from the regular hospital work.

Room will also be found in the new annex for additional sleeping quarters and a sitting room for the nurses. The

maternity rooms will be handsomely furnished and their use, like private wards of the hospital proper, will be available to the patients of reputable physicians of any recognized school of medicine.

The Woman's Auxiliary have bravely assumed the entire financial responsibility involved in this new venture, and ask the assistance and support of all who are in any way interested in its success. The house has to be furnished throughout, and it is hoped that friends will come forward and furnish rooms individually or in part. Money or suitable articles will be equally acceptable.

Mrs. John T. Hagar, 355 Mountain street, is President of the Auxiliary, and Miss Moodie, 150 Cote St. Antoine Road, Westmount, is its Secretary. Either of these ladies will, pending further organization of Committees, be delighted to communicate with any lady or gentleman willing to assist in this very worthy enterprise.

Don't forget that our hospital is vitally interested in the success of the "Cinderella" entertainment to be given at the Academy of Music on Tuesday afternoon, 27th inst., by Prof. F. H. Norman. If it is a choice between that and something else, kindly give the hospital the benefit.

It is astonishing how fast a weak little woman can run up a bill.
