

BRITISH AMERICAN BUSINESS COLLEGE,

112 & 114 King St. West, Toronto.

It is the Oldest and best established Business School in Canada.

It is the Place to Learn how Business should be done.

Its Location is in the great commercial centre of this Province.

It Offers the business student many advantages and facilities not obtainable in cities of lesser importance.

Its Course of study is the result of the experience of the best minds among the book-keepers of this country.

It is Endorsed by nearly all the leading bankers and business men in the Dominion.

It is Famous for the PRACTICAL character of the instruction imparted, the business forms used being a *fac-simile* of those in first class counting-rooms and banks; consequently its best students are always in request.

The Great Demand of the present Day

Is for practical young men specially trained for business pursuits. Owing to the diversified character of the course of instruction, they can obtain a better and more general knowledge of accounts in six months in the school room than they possibly can in two years in an office.

THE COUNTING-ROOM is the last place in the world for ignorance and imbecility, and the time has passed when it may be used as an asylum for the unfortunate, or a sinecure for old age.

A Special Feature in this College is its commercial Law Lectures. These lectures are of a character to save a business man the expense of consulting a lawyer over a trifling business difficulty, and are delivered by a prominent member of one of our largest law firms.

Another feature of the School is the DEPARTMENT OF PENMANSHIP and Business Correspondence. Students in the Business Department are required to write letters daily.

As a stimulus to excellence in the Departments of Book-keeping and Penmanship, after the winter session, A GOLD MEDAL will be awarded to the student who shall display the best knowledge of accounts, and A SILVER MEDAL for the greatest improvement in penmanship.

Lectures are delivered during the winter by prominent business men and others, to the Students at this College. These contain some practical suggestions as to the successful prosecution of business.
