

HARMONIZED TARIFF SCHEDULE of the United States (1994) — Supplement 1

Annotated for Statistical Reporting Purposes

VII  
39-4

| Heading/<br>Subheading  | Stat.<br>Suf-<br>fix | Article Description   | Units<br>of<br>Quantity | Rates of Duty  |                              |                  |
|-------------------------|----------------------|---|-------------------------|----------------|------------------------------|------------------|
|                         |                      |   |                         | 1              |                              | 2                |
|                         |                      |   |                         | General        | Special                      |                  |
| <b>I. PRIMARY FORMS</b> |                      |   |                         |                |                              |                  |
| 3901                    |                      | Polymers of ethylene, in primary forms:                               |                         |                |                              |                  |
| 3901.10.00              | 00                   | Polyethylene having a specific gravity of less than 0.94.....         | kg.....                 | 12.5%          | Free (A,CA,E,IL, J,MK)       | 43%              |
|                         | 10                   | Linear low density polyethylene.....                                  | kg                      |                |                              |                  |
|                         | 20                   | Low density polyethylene, except linear low density polyethylene..... | kg                      |                |                              |                  |
|                         | 30                   | Medium density polyethylene.....                                      | kg                      |                |                              |                  |
| 3901.20.00              | 00                   | Polyethylene having a specific gravity of 0.94 or more.....           | kg.....                 | 12.5%          | Free (A,CA,E,IL, J,MK)       | 43%              |
| 3901.30.00              | 00                   | Ethylene-vinyl acetate copolymers.....                                | kg.....                 | 5.3%           | Free (A,CA,E,IL, J,MK)       | 43.5%            |
| 3901.90                 |                      | Other:  |                         |                |                              |                  |
| 3901.90.10              | 00                   | Elastomeric.....  | kg.....                 | Free           | Free (A,CA,E,IL, J,MK)       | 20%              |
| 3901.90.50              | 00                   | Other.....  | kg.....                 | 2.2¢/kg + 7.7% | Free (A,CA,E,IL, J,MK)       | 2.2¢/kg + 33.5%  |
| 3902                    |                      | Polymers of propylene or of other olefins, in primary forms:          |                         |                |                              |                  |
| 3902.10.00              | 00                   | Polypropylene.....  | kg.....                 | 12.5%          | Free (A,CA,E, IL, J) 4% (MK) | 33.5%            |
| 3902.20                 |                      | Polyisobutylene:  |                         |                |                              |                  |
| 3902.20.10              | 00                   | Elastomeric.....  | kg.....                 | Free           | Free (A,CA,E,IL, J,MK)       | 20%              |
| 3902.20.50              | 00                   | Other.....  | kg.....                 | 2.2¢/kg + 7.7% | Free (A,CA,E,IL, J,MK)       | 2.2¢/kg + 33.5%  |
| 3902.30.00              | 00                   | Propylene copolymers.....   | kg.....                 | 2.2¢/kg + 7.7% | Free (A,CA,E,IL, J,MK)       | 2.2¢/kg + 33.5%  |
| 3902.90.00              |                      | Other.....  |                         | 2.2¢/kg + 7.7% | Free (A,CA,E,IL, J,MK)       | 2.2¢/kg + 33.5%  |
|                         | 10                   | Polybutylene.....   | kg                      |                |                              |                  |
|                         | 50                   | Other.....  | kg                      |                |                              |                  |
| 3903                    |                      | Polymers of styrene, in primary forms:                                |                         |                |                              |                  |
|                         |                      | Polystyrene:  |                         |                |                              |                  |
| 3903.11.00              | 00                   | Expandable.....   | kg.....                 | 0.9¢/kg + 9.2% | Free (A,CA,E,IL, J,MK)       | 15.4¢/kg + 46%   |
| 3903.19.00              | 00                   | Other.....  | kg.....                 | 0.9¢/kg + 9.2% | Free (A,CA,E,IL, J,MK)       | 15.4¢/kg + 46%   |
| 3903.20.00              | 00                   | Styrene-acrylonitrile (SAN) copolymers.....                           | kg.....                 | 1.1¢/kg + 9.1% | Free (A,CA,E,IL, J,MK)       | 15.4¢/kg + 45.5% |
| 3903.30.00              | 00                   | Acrylonitrile-butadiene-styrene (ABS) copolymers.....                 | kg.....                 | 0.7¢/kg + 9.4% | Free (A,CA,E,IL, J,MK)       | 15.4¢/kg + 47%   |
| 3903.90                 |                      | Other:  |                         |                |                              |                  |
| 3903.90.10              | 00                   | Methyl methacrylate-butadiene-styrene (MBS) copolymers.....           | kg.....                 | 7.6%           | Free (A,CA,E,IL, J,MK)       | 15.4¢/kg + 67.5% |
| 3903.90.50              | 00                   | Other.....  | kg.....                 | 0.9¢/kg + 9.2% | Free (A,CA,E,IL, J,MK)       | 15.4¢/kg + 46%   |
