FAO PROGRAM—TURKEYS

Question No. 2,178—**Mr. Monteith:**

In response to the Invitations to Tender for the FAO program issued by the Poultry Division, Production and Marketing Branch, Department of Agriculture, how many tenders were received for (a) Tender No. 1, "The Purchase of Eviscerated Turkeys" dated October 15, 1971 (b) Tender No. 1, "Canned Turkeys" dated October 18, 1971 and in each case, who was the successful tenderer and what was the price per case covering the three lots of 500,000 pounds each?

Hon. H. A. Olson (Minister of Agriculture): (a) In response to the Agricultural Products Board invitation to tender on the supply of eviscerated turkeys for delivery to the World Food Program, nine tenders were received in units of 200,000 pounds. (b) In response to the Agricultural Products Board invitation to tender on the cooking, deboning, and canning of these turkeys, ten tenders were received in units of 500,000 pounds.

At this time, the supply of turkeys is being arranged with successful tenderers and contracts are being negotiated for the processing and canning of the product. However, since the entire program for supply and canning operations is on the basis of competitive tenders and contract negotiations are not yet completed, it is not considered in the public interest to announce unit prices or similar details at this time.
