

The present staff consists of Professors in Divinity, Mathematics, and Classics, together with Lecturers in Classics, Physical Science, and Modern Languages, as well as in Pastoral Theology, Apologetics, &c. When it is remembered that in addition to the religious instruction of the Arts Students, the College has also to provide for the entire teaching of the Divinity Class, it will be seen at once that there is urgent necessity for reinforcing the Theological Teaching Staff; the need has long been felt, and the Corporation is of opinion that its supply cannot longer be deferred. The establishment of a Professorship of Physical Science is also imperatively necessary to put this important branch of study upon a proper footing. With these additions it is believed that the staff of the College would enable it fully to keep pace with the increasing demands of higher education in the Dominion.

The Corporation are further of opinion that the time has come when a College like Trinity can no longer be left without a suitable Chapel. That we have had no such building has not only been a reproach to us, but also a great practical hindrance to the efficient working of the College.

Further improvements and additions to the existing buildings are also urgently required. The expense of all these works, viz., the endowment of the two Professorships, the erection of a suitable Chapel and necessary improvements to the existing buildings is estimated at \$100,000.

The Corporation confidently appeal to the generous aid of all friends of the College towards obtaining this amount. Subscriptions may be spread over five years at the discretion of the subscriber.
