REBEL FACTIONS CALLING UPON MEDIATOR

Lombardo Summoned From Paris in Effort to Heal Serious Breach Between Carranza and Villa Which Has Retarded Successful Campaign Against Federals.

Canadian Press Despatch. EL PASO, Tex., July 1.—Miguel Diaz Lombardo, constitutionalist representative at Paris, cabled today that he would leave at once for El Paso. This was taken here as indicating that he would act as an unofficial peace commissioner between Gen. Carranza and Gen. Villa in their yet unsettled estrangement. Lombardo was minister of public instruction in the cabinet of the late President Madero. He has been friendly with Gen. Villa since the Madero revolution, also is on good terms with Gen. Carranza, and is a close friend of Gen. Felipe Angeles, Carranza's deposed secretary of war, whose present relation with Villa has been credited as occasioning much of the ill-feeling between the two factions of the constitutionalists.

Breach is Wide. It was learned today that the proposed conference between Villa and representatives of Carranza is far from complete. Alfonso Madero, brother of the late president, Santos Cuernero, the Peruvian poet, who has been active recently in Mexican affairs and Alberto Pani, one of Carranza's younger advisers, some days ago offered their services as mediators in the internal embroilment, it was said. As far as Carranza or Villa agents have learned, no definite plans are laid for an attempted adjustment.

In late afternoon Villa's heretofore successful campaign with Mexico City as the ultimate goal, is delayed indefinitely. City in Darkness. Advice received by mail from Guadalupe said that the second largest city in Mexico was about to be attacked by Gen. Obregon's troops. The revolutionists, it was stated, had cut off the water supply of the city which aside from making water scarce had shut off the electric light and power. The city for days has been in darkness except for the use of candles.

From the eastern part of Mexico some reports that the attack on San Luis Potosi soon would be attempted by the troops under Gen. Pablo Gonzalez. Carranza's western division commander. Six thousand soldiers composing three brigades recently have left Saltillo. It was said, and within a few days will be investing the city. In the meantime, Villa's forces of the central division have remained idle, attempting no movement against Aguas Calientes on account of a lack of ammunition. Villa's men assert they are not assisted by the Carranza faction in their efforts to secure war munitions.

The Daily Mail asserts that Premier Asquith's attitude has undergone a modification, and that he now is ready to grant exclusion to Ulster by statute instead of by the ballot.

CHINESE KILLS WESTERN MAN

Restaurateur Offended at Threats of Victim and Shot After Uttering Warning.

Canadian Press Despatch. ESTEVAN, Sask., July 1.—George Bidler, farmer, was shot and killed last evening at Bromhead by Lee Han, Chinese restaurant proprietor. The Chinaman was arrested and appeared on preliminary trial before Magistrate Speers, who committed him for trial. Bidler had been drinking and threatened to clean out the place. Lee Han told him to stand off and backed toward the rear door to get out of the way of Bidler, who continued to advance, and as the Chinaman could not get out of his way, after warning Bidler he would shoot, he fired the shot. Threats were made to lynch the Chinaman and the police, to avoid trouble, hurried the other Chinamen out of town to Estevan.

King of Servia Ill.

VIENNA, July 1.—Prof. Francis Chyotek of the Vienna University, and a specialist for internal complaints, was summoned today to proceed to Servia to attend King Peter.

ANARCHISTS' NET TIGHTLY DRAWN

Elaborate Measures Taken to Ensure Murder of Archduke and Wife.

Canadian Press Despatch. VIENNA, July 1.—The conspiracy against the lives of Archduke Francis Ferdinand and the Duchess of Hohenberg was so well planned that it would have been impossible for them to escape from Bosnia alive, according to some members of the late archduke's suite, who returned here today. The officials declare that two clock-work bombs were found beneath the archducal party on their return to the city hall. A similar infernal machine also was discovered in the chimney of the room occupied by the Duchess of Hohenberg at Ilje, a watering place a few miles from Sarajevo and a woman was caught with seven bombs in her possession. The bullet which killed the archduke was an explosive one. It has been ascertained by the authorities that Gavria Princip, the assassin, is the son of the proprietor of an hotel at Sarajevo, and that he has passed his 20th year, so that he may be sentenced to death for the crime.

ULSTERMEN TO RESIST EFFORT TO SEIZE ARMS

Canadian Press Despatch. LONDON, July 1.—Ulster volunteers have been notified, according to The Belfast Echo, that the time has arrived when, on order from their commanding officers, the men may carry arms openly, and that any attempt to seize the arms or the volunteers who may be carrying them in accordance with this order is to be resisted.

CONCESSIONS BY ASQUITH LIKELY

Ulster May Be Excluded by Statute—Agreement by Party Leaders is Probable.

Canadian Press Despatch. LONDON, Thursday, July 2.—The precise effect of the house of lords' proposed amendments to the government's amending bill will not be known until the home rule bill reaches the committee stage next week, but favorable omens are drawn by the London morning newspaper from the conciliatory tone of the speeches on both sides of the house of lords yesterday for a renewal of the negotiations between the party leaders, which it is believed will result in an agreement. The Daily Mail asserts that Premier Asquith's attitude has undergone a modification, and that he now is ready to grant exclusion to Ulster by statute instead of by the ballot.

MARITIME LABORERS MEET AT FREDERICTON

Canadian Press Despatch. FREDERICTON, N.B., July 1.—The New Brunswick Federation of Labor convention opened this morning. President J. A. Sugrue of St. John presided and there were about 50 delegates from St. John, Moncton, Sackville and Fredericton, who filed their credentials during the morning. In the afternoon business sessions were commenced, with an attendance of about 125.

FIFTY BRITONS LEAVE MEXICO CITY FOR COAST

Canadian Press Despatch. MEXICO CITY, July 1.—Fifty British residents, including 6 women and children, will leave the capital tomorrow for Vera Cruz. From that port they will proceed to Jamaica.

RAILWAY MATTER WELL HANDLED, SAYS PERLEY

Guaranteeing of Debentures of Canadian Northern and Grand Trunk Pacific Protects British Lenders—Canada Extolled as Field for Investment at London Dinner.

Canadian Associated Press Cable. LONDON, July 1.—Dominion Day was generally celebrated by the Canadian colony here. Hon. G. H. and Mrs. Perley gave a reception in the afternoon. The customary dinner in the evening was attended by about 500 guests. Mr. Perley presided and the principal guests were: Prince Alexander of Teck, Colonial Secretary Harcourt, Henri Bourassa, Sir Thomas Skinner, Lord Emmett and John Stanfield.

Premier's Message. The following cable from Sir Robert Borden, premier of Canada, was read. It said: "We can all congratulate each other very heartily on this forty-seventh anniversary of confederation that the progress of the Dominion in less than half a century's existence has been so splendid, so securely founded; pray assure the gathering also that the Canadian people are fully conscious of their responsibilities as possessors and trustees of a wonderful inheritance; are fully resolved to maintain their just part in maintaining the integrity of the empire."

Predicts Prosperity. Sir Charles Tupper wrote: "You will be able to give the most abundant assurances that the depression, which Canada feels for the moment in common with the rest of the world will soon pass away, to be followed by prosperity as unparalleled as she enjoyed for so many years."

Mr. Perley had a magnificent reception. In proposing the toast of the "Dominion" he opened his remarks with a graceful reference to the late Lord Strathcona, and passed on to review the general conditions in Canada. He claimed that the Dominion had passed through the period of depression as well as any other part of the world. He added:

Stands for Canadian Honesty. "I stand up for Canadian business honesty and probity as being as great as anywhere in the world, but at the same time the investor should exercise his usual wise care and caution before deciding what he had better invest in. If you buy town lots in outside subdivisions or make purchases of oil shares, you are really entering into speculation rather than investment, and the country should not be blamed if it turns out wrong. (Cheers.)"

Railway Situation. "I am sure the manner in which the Borden Government has handled the railway situation must commend itself to investors here. When we came into office we found two great transcontinental railways under construction. Many people say that the Laurier Government would have been wiser to have encouraged the building of only one at a time. However this may be, the present government found that further assistance would be required. They looked carefully into the situation and parliament authorized the guarantee of the further \$45,000,000 debentures necessary to complete the Canadian Northern. It was felt that this road should be finished as soon as possible so that it would be of practical use to the people of Canada, also to protect the investors here who already put money into it.

"After many conferences with the Grand Trunk president legislation had been passed to provide a further guarantee of \$16,000,000. I mention these," said he, "to show that Canada has every confidence in her own future, every intention to carry out in good faith all her undertakings." (Cheers.)

Answers Pessimists. "With regard to the future and pessimistic suggestions which I understand are put forward by some here, that our growth has been too rapid, I only wish that everyone could travel thru Canada and see the country for himself. Our immense natural resources are still there unaffected by any financial condition. There have been reports lately of lack of employment in Canada, but these reports are

COUNTESS OF CARLISLE BACKS NATIONALISTS

Canadian Press Despatch. LONDON, July 1.—Rosalind, Dowager Countess of Carlisle, has sent to John Redmond, leader of the Irish Nationalists, \$1,500 for the Nationalist Volunteer Fund. Accompanying the donation was a letter, in which the countess said: "Since the Conservative party is trying to overthrow the government by threats of civil war, it is high time that a force should be created to protect, if necessary, the rights secured to Ireland by the home rule bill."

STUDENTS DEMONSTRATE AT SERBIAN LEGATION

Canadian Press Despatch. VIENNA, July 1.—Several hundred students renewed their demonstrations tonight against the Serbian legation, but were driven off by the gendarmes guarding the palace. The students then formed and marched to the emperor's palace in Ringstrasse, which they attempted to invade. This was prevented by a strong detachment of guards with fixed bayonets.

ROWELL WILL ADDRESS EPWORTH LEAGUE RALLY

Canadian Press Despatch. BUFFALO, N. Y., July 1.—The ninth annual international convention of the Epworth League will be formally opened here tonight with a welcome meeting. Hundreds of delegates are arriving on every train and an attendance exceeding 10,000 is expected. Sessions of the convention will be held in three halls simultaneously and will continue thru Saturday when a patriotic rally with former Vice-President Charles W. Fairbanks and N. W. Rowell, M.L.A. of Toronto, as the principal speakers, will be held. Special religious services will be held on Sunday.

MARTIAL LAW IS EXTENDED

Serious Rioting in Bosnia and Herzegovina—Inquiry Into Assassinations Begins.

Canadian Press Despatch. SARAJEVO, July 1.—Martial law has been proclaimed at Tuzla and in these towns, where much Serbian property has been destroyed. The preliminary examination by a magistrate today into the assassination of the archduke and his wife, showed that it had been the intention of Princip to commit the deed at the time of the manoeuvres at Tarnai, but the attempt was abandoned owing to the strict military guard which prevented any outsider from approaching the archduke.

Princip gloried in his guilt. "I do not regret the deed," he said. "I had nothing to do with the bomb attack. When I heard the explosion I exclaimed: 'There are still people who feel and think as I do.' This strengthened my resolve still further."

There was rioting today also at Arevo and Gubelino, in the Stolac district, where Serbian churches were stormed and destroyed by Mussulman mobs. Martial law has been declared thru-out Bosnia and Herzegovina.

FIFTY THOUSAND RIFLES FOR REDMOND'S FORCES?

Canadian Press Despatch. LONDON, Thursday, July 2.—A rumor was current today that fifty thousand rifles had been landed on the coast of County Mayo for the Nationalist volunteers. It could not be confirmed.

ANOTHER FOR DELLO.

STRATHROY, Ont., July 1.—Jimmy Dello, the crack Toronto runner, added still another to his already long list of wins when he won the 10-mile marathon in connection with the Dominion Day celebration here today in 44 minutes and 15 seconds. Ernie Cook of Stratford was second.

What He Thinks of The World.

Writing for a number of extra copies of The World, W. H. Ukers, editor of The Tea and Coffee Trade Journal, has this tribute to say of the Ad Convention special: "I want to take this opportunity to congratulate you upon this highly efficient manner in which you covered the 'Ad Men's Convention.' Your enterprise in this direction set a new high-water mark in modern journalism."

Lords Are Eager to Make Terms To Prevent Civil War in Ireland Outlook Bright for Compromise

BOURASSA RAPS CABLE TO TIMES FROM TORONTO CORRESPONDENT

Canadian Associated Press Cable. LONDON, July 1.—Henri Bourassa has a lengthy letter in today's Times, concerning a recent cable from The Times' Toronto correspondent in which he said: "The mass of active and aggressive Imperialists in Canada sympathize with Ulster. It is they who have kept the flag flying in North America." What category of Canadians is designated? asks Bourassa. Is it the group of financiers who waved the flag in their hands so brilliantly and successfully in the war against reciprocity? They, no doubt, know how to keep the flag flying so long as it protects their financial and industrial concerns.

ASSASSIN GLAD HE MURDERED FIVE TRAPPED IN FIERY MINE

Alleged Confession of Slayer of Austrian Archduke and Duchess, Blames No One Else.

Canadian Press Despatch. BELGRADE, July 1.—The newspaper As Usag publishes today what it declares to be the confession of Gavrio Princip, the assassin of Archduke Francis Ferdinand and the Duchess of Hohenberg. According to this statement Princip began to read Anarchistic works while he was a reservist with the colors, with the result that he became an Anarchist and formed a resolution to destroy one of the pillars of the Austro-Hungarian monarchy. When at Belgrade he read of the archduke's intended visit to Sarajevo, he decided to go there and try to kill him. He obtained a revolver and cartridges from a member of one of the revolutionary groups at Belgrade, who, however, he said, was ignorant of the purpose for which it was wanted.

He had at first intended to shoot the archduke as he was driving to the town hall, but decided to await his return. When he saw a woman with the archduke he hesitated for a moment, then fired, but could not tell what was the effect of his shot, because the people closed in on him and struck him. He concluded by saying: "I do not regret what I have done. I am indeed well satisfied because I have accomplished what I desired to do for a long time."

FEW MISHAPS ON HOLIDAY

Only Two Minor Accidents Reported to Police, Which Constitutes Record for Dominion Day.

Dominion Day, 1914, set up a new record yesterday in that it is the first in many years on which there were absolutely no accidents of any importance. Boasting accidents which are a frequent occurrence on the big holiday were possibly prevented by the threatening aspect of the weather in the early part of the afternoon which possibly caused many persons to remain at home. The police ambulance handled, but two minor accidents all day, one a lady, who sprained her ankle at Hanlan's Point, and another who thrust her arm thru a window at her home at 899 Colborne street, sustaining a slight cut on the wrist. Both were medically attended at the General Hospital and then removed to their homes. Detectives posted at the baseball and lacrosse games on the lookout for "dips" and other criminals, could not even ascertain the theft of a postage stamp. It was a very orderly holiday.

INSURGENTS CUT WIRES. The cable companies today issued a notification that telegraphic communication in Albania has been interrupted by the cutting of the wires by the insurgents at many places in that country, such as Tirana, Elbasan, Kavaya and Shkial.

Marquis of Lansdowne Admitted Grave Doubt as to Whether Policy of Exclusion of Ulster Had Any Real Friends on Its Actual Merits—Second Reading of Home Rule Bill to be Followed by Series of Conferences.

Canadian Associated Press Cable. LONDON, Thursday, July 2.—It is doubt extremely whether the policy of exclusion on its merits has any real friends. This sentence towards the close of the Marquis of Lansdowne's speech in the lords' debate is regarded by today's papers as significant. The Daily News, one of the principal Liberal organs, says it encourages hope that something deserving the title of settlement will be achieved. The Morning Post fully agrees with Lansdowne, owing to the futility of exclusion, but is still convinced that no amendments could ever make the bill acceptable to the Unionists, and declares their first duty will be to strike it off the statute book.

Lansdowne's speech was subsequently keenly discussed by members of both houses. Says The Standard's lobby correspondent. Although Lord Marley on behalf of the government gave little hope of peace, Lansdowne's subsequent statement was marked by a moderately conciliatory spirit, and certainly in the estimation of a majority formed a notable contribution towards pacific settlement. The Unionist leader in the lords was careful even at this late hour to leave open the door to negotiations. It will come as a surprise to most if the leaders do not confer with one another shortly after the committee stage of the amending bill is completed in the upper house.

WILL INTRODUCE AMENDMENTS

Canadian Press Despatch. LONDON, July 1.—When the bill to amend the Irish home rule bill came up today for second reading in the house of lords, the Marquis of Lansdowne, the Unionist leader, announced that as Ireland was one vast armed camp, it was necessary to find a way out of the calamity which was threatening. The Unionists, therefore, he said, would give the amending bill a second reading and introduce amendments during the committee stage in regard to the area to be excluded from the operations of the home rule bill, the duration of the exclusion and the government of the excluded area.

MUST AVERT CIVIL WAR

The Unionists, he concluded, would not agree to the second reading of the home rule bill itself. Lord Lansdowne added that their action in passing the second reading of the amending bill would be misunderstood and misrepresented in many quarters, but there was no other way by which breathing space could be obtained, with the prospects of averting the horrors of civil war. The amendments to be introduced in the committee stage would be directed solely to making the bill a really adequate exclusion bill.

With a touch of pathos, he said: "The peers are so fast bound by the meshes of the Parliament Act that there is no other course open to them which would be likely to prove effective."

"Die Harde" Faw.

Most of the other speakers were equally conciliatory in tone. A notable exception was Lord Willoughby de Broke, the leader of the "die harde," who moved the rejection of the bill. The Archbishop of York said that what the country wanted now was not the rejection of the bill but a settlement in some form. Irish self-government, he declared, was now inevitable. The Earl of Arran announced that he could not vote for the second reading, because it would be in violation of the oath of the Ulster Covenanters. Lord Bryce, in the course of the debate, expressed the belief that the difficulties could be surmounted. He admitted that some form of exclusion was necessary, but declared that he did not attach much importance to the time limit.

CITY COUNCIL MEETS TODAY.

Both the city council and the Toronto Hydro Commission meet this afternoon. The council will resume business where it was dropped on Tuesday and the hydro commission will take up "general business," the popular interpretation of which term is now accepted as a rate reduction.
