PHOSPHATE OF LIME!

NEWELL'S PATENT UNIVERSAL GRINDER.

The public is presented with a new mill which is designated as above. It can be adapted to a greater variety of purposes than any mill heretofore invented.

The following are a few results, substantiated by experiments, which illustrate its remarkable utility:

I. Its General Capacity. This Grinder gives perfect satisfaction in the pulverization of Quartz, PHOSPHATES, Zinc, Bone, Brimstone, Chemicals, Oyster-Shell, Horn, South Carolina Clay, Chalk, Cement, Cork, Corn and other Cereals, Coffee, Spices, Leaf Sugar, Mustard and Flax Seed. Also in the Grinding of Blasting shavings, for packing purposes and horse bedding, the pulverization of Rocks, Dye Woods, Tobacco, Rubber, Rope, Old Cloth, and the reduction of Wood to fibre suitable for use in the manufacture of Paper.

II. Its Special Adaptations. For grinding Flax Seed it has no rival. A great saving of time and labor is secured by grinding instead of mashing this article. Mustard Seed is also effectively ground to powder.

III. Superior Quality of the Product. The superior quality of the products of this mill is observed in the grinding of Corn and other kinds of Grain. The process does not heat the Flour or Meal, even if grinding at the rate of 200 bushels of Corn per hour. All danger of fermentation is thus avoided. Every kind of grain is perfectly pulverized without taking from the mill any particle of grit.

IV. The Saving of Power and of Time. A great saving of power and of time in the accomplishment of any one of the uses above mentioned are among the points in which the mill must inevitably hold the highest place in the esteem of all who witness its capacity. The following few facts explain what is now said. Quartz is ground to remarkable fineness at the rate of ten tons per day. So also the HARDEST OF THE PHOSPHATES. Corn can be ground for meal, using only one-tenth of the power, as rapidly as by the use of stone, so that the conclusion is clear that the mill costs less and will do more, than any other mill yet invented.

V. Available Everywhere. Its usefulness to Farmers, and keepers of large stables is a fact noticed. It is so cheap and so easily portable that it can be brought into general use in Villages and on large Farms. It can be run with one-horse power, grinding twenty-five bushels of Corn for Horse-Feed per hour, and with four-horse power it will grind up to 200 bushels per hour. The grinding discs can be easily and cheaply replaced should they become worn. The weight of these machines varies from 200 to 800 pounds. They are very compact, requiring only a space three or four feet square, exclusive of apparatus for bolting. The frames are made either of wood or of iron. The price of these machines ranges from \$300 to \$400, subject to a 25c. to 50c. royalty for the use of them; the tariff when of being regulated by the specific purpose to which the mills are applied.

A cordial invitation is extended to Phosphate Companies and owners of Phosphate lands, to all Millers, Quartz Crushers, Chemical Manufacturers, Farmers, and others who have any interest in such improvements, to call and see the machine and the samples of the materials ground at 19 St. Sacrament street, in the courtyard. Montreal, June, 1878.

Government Tenders.

Canadian Pacific Railway.

Tenders for Grading, Tracklaying, &c.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender Pacific Railway," will be received at this office up to noon of Wednesday the 1st day of January next, for the Grading, Tracklaying and other works of construction required to be executed on the following sections of the Canadian Pacific Railway.

1. From the westerly end of the 26th contract at English River to Raleigh, a distance of about 50 miles.

2. From Raleigh to Eagle River, a distance of about 68 miles.

3. From Eagle River to the easterly end of the 15th contract at Keewatin, a distance of about 67 miles.

4. From Yule to Kamloops Lake, in British Columbia, a distance of about 125 miles.

Plans, &c., may be seen, and Specifications, approximate quantities, forms of tender, and other information obtained at the office of the Engineer in Chief at Ottawa.

A bill of quantities will be ready on or before December 1st, at the Dept. of Public Works.

No tender will be entertained unless on the printed form, and unless the conditions are complied with.

The general Tender for construction of whole line under Railway Act of 1874, covers above sections; but separate tenders are asked under the ordinary conditions of the Department.

By order,

F. BRAUN,
Secretary.

Department of Public Works,
Ottawa, 13th August, 1878.

CARILLON CANAL, DAM, &C.

NOTICE TO CONTRACTORS.

SEALED TENDERS, addressed to the Secretary of Public Works and endorsed "Tenders for the Carillon Canal, Dam, &c.," will be received at this office until the arrival of the Eastern and Western mails, on THURSDAY, the 15th day of AUGUST next, for the construction of a Dam, completion of a Timber-slide and a Canal, with two Lift-locks, at, and in the vicinity of, Carillon Rapids.

Plans and specifications of the works can be seen at this office, and at the Resident Engineer's office, Carillon, on and after Friday, the 2nd day of August next, at either of which places printed forms of tender can be obtained.

Contractors are requested to bear in mind that Tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and place of residence of each member of the same; and further, an accepted bank cheque for the sum of Three Thousand Dollars must accompany the Tender, which sum shall be forfeited if the party tendering declines entering into contract for the works at the rates stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required by the deposit of money to the amount of five per cent. on the bulk sum of the contract; of which the sum sent in with the Tender will be considered a part.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

To each Tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become securities for the carrying out of these conditions, as well as for the due performance of the works embraced in the Contract.

This Department does not, however, bind itself to accept the lowest or any Tender.

By order,

F. BRAUN, Secretary.

DEPARTMENT OF PUBLIC WORKS,
Ottawa, 11th July, 1878.

A plan, showing the position of the work, and a specification of what remains to be done, can be seen at this office, and at the Lachine Canal office, Montreal, on and after FRIDAY, the 6th day of SEPTEMBER next.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and further, an accepted Bank cheque for the sum of \$2000 must accompany the Tender, which sum shall be forfeited if the party tendering declines entering into contract for the works at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required by the deposit of money to the amount of five per cent. on the bulk sum of the contract; of which the sum sent in with the Tender will be considered a part.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

To each Tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become securities for the carrying out of these conditions, as well as the due performance of the works embraced in the Contract.

This Department does not, however, bind itself to accept the lowest or any tender.

By order,

F. BRAUN,
Secretary.
