

- Tendons**, suture of, Schwartz's method, 95
 Wölfler's method, 95
 transplantation of, 966
 after-treatment, 107
 in cerebral paralysis of children, 107
 in infantile paralysis, 104
 in infantile spastic paralysis, 107
 in lower extremity, 109
 in upper extremities, 109
 methods, 105, 106
 preliminary points, 105
 technique of operation, 106
 union of, methods of inserting sutures, 94
 where ends can be easily adjusted, 94
- Tenoplasty**, 93
- Tenorrhaphy**, 93
- Teno-synovitis**, tuberculous palmar, 90
- Tenotomes**, 962
- Tenotomy**, causes of failure after, 965
 in dislocations of fingers, 69
 of hamstrings, 964
 of sterno-mastoid, 964
 of tendons about foot, 961
 reduction of dislocation of thumb and, 69
- Tetany** following operations on thyroid gland, 636
- Theca**, spinal, 987, 1001
 tunnel of fingers, 57
- Thiersch's** method of skin grafting, 42
 skin-grafting knife, 43
- Thigh**, amputation of, by circular method, 848
 by transfixion flaps, 848
 flaps for, 846
 amputation through, 846
 arteries in, ligature of, 835
- Thomas**, Lynn-, forceps-tourniquet, 807, 932
 method of removal of innocent mammary tumours, -
- Thoracostomy**, precordial, 804
- Thrombosis** after operations, 32
 of lateral sinus complicating otitis media, 353
 septic, of lateral sinus, operation for, 359
- Thoracic** duct, wounds of, in operations on neck, 640
- Thorax**, operations on, 727, 778
- Thumb**, amputation of, 66
 carpo-metacarpal joint, amputation at, 66
 by transfixion, 67
 dislocation of, reduction of, 69
 dorsal incision and, 70
 palmar incision and, 70
 tenotomy for reduction of, 69
 metacarpo-phalangeal joint, reduction of dislocation at, 69
 partial excision of, 68
 phalanges of, amputation, 66
 removal of phalanges of, 68
 supernumerary, 78
- Thymus**, enlargement of, 5
- Thyroglossal** cysts, 645
- Thyroid** adenomata, enucleation of, 628
 arteries, ligature of, 610, 618, 630
 artery, inferior, ligature of, 631
 superior, ligature of, 625, 630
 cysts, treatment of, 631
- Thyroid** gland, extirpation of part, 610
 isthmus - crushing of, 627
 operations on, 610, 619
 accessory, 636
 dangers of operation, 633
 securing vessels in, 623
 resection-enucleation of, 629
- Thyrotomy**, 559
 after-treatment, 590
 for growths of larynx, 585
 indications for, 559, 586
 inter-crico, 562
 operation of, 560, 588
- Tibia**, cuneiform division of, 958
 curvatures of, mammal osteoclasia in, 959
 division of, as well as femur, 957
 fracture of, Lan's plates for, 920
 growths of, 913
 oblique fracture of, reduced by angulation and leverage, 920
 oblique or spiral fracture of, 919
 osteotomy of, simple, 958
- Tibial** artery, anterior, ligature of, 902, 931
 at junction of lower and middle thirds of leg, 904
 at junction of upper and middle thirds of leg, 903
 relations of, 902
 posterior, ligature of, 898
 ligature of, at inner ankle, 902
 in lower third of leg, 901
 in middle of leg, 900
 relations of, 900
- Tibialis** anticus, division of, 961
- Tibialis** posticus, division of, 961
- Tobacco** smoking, operations and, 4
- Toe**, great, amputation of, 951
- Toe-nail**, ingrowing, 952
- Toes**, amputation of, 950
 deformities of, 952
 operations on, 976
- Tongue**, base of, operations for growths at, 550
 epithelioma of, operation for, 529, 544
 half of, removal, 538
 operations on, after-treatment, 547
 causes of failure, 547
 complications, 547
 hemorrhage complicating, 548
 pre-cancerous stage of, 529
 removal of, 529
 by transhyoid pharyngotomy, 543
 Kocher's former method by lateral inframaxillary incision, 542
 Kocher's modification of Syme's operation, 540
 lymphatic glands and, 539
 Whitehead's operation for, 532
 sarcoma of, operation for, 548
- Tonsils**, enlarged, removal of, 474, 475
 anæsthetic for, 474
 enucleation of, 476
 after-treatment, 477
 broncho-pneumonia, complicating, 477
 complications and sequelæ of, 477
 ear trouble complicating, 478
 hemorrhage complicating, 477
 shock complicating, 477
 growths of, after-treatment of operations, 556
 aids in operations for, 555
