THE ORANGE FREE STATE

Said to Have Planted a Battery of Artillery Close to the Natal Border.

MORE STEAMERS REQUISITIONED

Wild Rumors of Wires Cut—Johannesburg is Quiet—Complaints That Britain is Slow.

London, Oct. 2.—A despatch from Durban, Natal, dated 10.45 o'clock this morning, reports that the excitement is increasing at Durban. The streets are thronged with animated crowds and the impression prevails that the Boers may commence hostilities to-day. Altogether over 1000 Natal volunteers have gone to the front. Troops from Lorenzo Marques, Delagoa Bay, are bringing enormous crowds, principally miners. A Boer command has arrived at the border town of Comantpoort.

THE BAVARIAN CORVETTES.

London, Oct. 2.—The British Government is chartering a large number of steamers, evidently for the purpose of transporting an army corps. About 40 vessels are to be chartered and the steamers Pavonia, of the Cunard Line, and Bavaria, of the Allan Line, are among those already taken.

FREE STATE ARTILLERY.

Has Been Placed at Volksrust, Close to the Natal Border, and a Hospital Marquee.

London, Oct. 2.—A despatch from Cape Town says a hospital received there to-day from Charlestown, Natal, announces that 80 members of the Orange Free State artillery with six guns have arrived at Volksrust, a point in the Transvaal, close to the Natal border, and that a marquee had been erected by the hospital authorities.

The officials at Charlestown have received a telegram from the Colonial Secretary in answer to an inquiry, instructing them to remain absolutely quiet, and to offer no resistance. No women have been left in Volksrust and the natives are leaving Charlestown. The officials still remain but are ready to leave at a moment's notice.

General Joubert, the Vice-President of the South African Republic, and Commander-in-Chief of the Transvaal forces, has arrived at Volksrust, and his presence there will probably have a calming effect.

Johannesburg is Quiet.

The advices from Johannesburg say no commencing took place there Saturday. They add that many of the Boers are anxious to leave and that many of the young men are forming corps of civilian police and are acting in conjunction with the Merchants' Association. The town is quiet. The merchants continue to announce that British subjects under a permit will be allowed to remain and that consular letters and passports will be accepted if the persons presenting them are of good character.

BUSY AT WAR OFFICE.

But No Exceptional Activity in the Other Government Offices.

In London, Oct. 2.—No confirmation is obtainable from any source of the report contained in a despatch to the Exchange Telegraph Company that the Boers have captured Dundee.

No exceptional activity was shown at the Government offices today. Mr. Chamberlain and the Earl of Salisbury were absent from the Colonial Office, but Lord Lansdowne, General Lord Wolseley and General Sir Evelyn Wood were busy engaged at the War Office. General Sir Redvers Buller called at the War Office, but no meeting was held. Nothing of the discussion was made public, but it is understood that the Boers' offer to extend to the Cape until next week, except in case of unforeseen developments.

Members of Parliament are returning to town in anticipation of an early sunning of the Houses of Parliament. It is the general impression that, although some speakers may express disapproval of the Government's policy, few will go to the extreme of voting against the required credit. It is considered more probable that they will abstain from participating in a division.

Sir Wm. Vernon Harcourt, the Liberal leader, having, in speech at Tregear, said: "The first and last word of these good hunters is war. In order to lead to a special board meeting was held. Nothing of the discussion was made public, but it is understood that the Boers' offer to extend to the Cape until next week, except in case of unforeseen developments.
