Old Coughs

First you think it is a little cold, nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night

sweats. Then consumption. Better stop the disease early. Better cure your cough today.

Chicago Gossip.

J. J. Dixon has the following this even Chieago Gossip.

J. J. Dixon has the following this evening from Chieago:

Wheat—Has been very erratic to-day with local interests centred on the selling side. Bullish Argentine news induced buying by the house that sent crop experts, now there, to report on crop outlook. The weakness in selling by Northwestern, together with local selling, was on sufficiently large scale to supply the demand, but was not large enough to force values lower from opening, even the Liverpool and Paris markets showed quite a decline. Cash demand was somewhat enlarged. We expect better cables and higher values to-morrow.

Corn—Cudahy, Patten and Phillips have been buyers of corn to-day. The latter has been covering shorts, the other two adding to their lines, Prices have been firm at a fractional advance. Country offerings come freer. Receipts 323 cars, with 385. for Thursday. Clearances 708,000 bushels.

Oats—Were firm, with only moderate trade. Prominent local traders and shippers bought, elevator interests did some selling. The market was helped a good deal by strength in corn. Cash demand good at yesterday's prices. Receipts 181 cars, with 215 for to-morrow.

Provisions—Opened firm and afterwards ruled strong and higher on good buying by some of the packers and locai operators. On the advance other packers sold freely steady; 38,000 hogs to-morrow.
