left his home and went to New York, where he spent three years learning sculpture. He was for a few months located in Buffalo, and in 1852 came to Toronto and commenced business on the work of the w it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak and eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs. If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit, as they contain no strong, irritating drugs, no cathartic nor any harmful ingredient.
