Somebody  
Said

in explanation of the rather  
incredible tale that George Washington  
once threw a silver dollar across the Poto-

farther in those days than now." That may  
be true in some cases, but not here. There  
never was a time when a dollar would go so  
far towards keeping you comfortably and

HERE. The reason is that we are satisfied

REBUFF FOR  
THE RUSSIANS

The Czar's Representative and  
40 Sailors Detained

At Shanghai, While Going to  
Pekin.

A French Church Pillaged by Siamese  
Soldiers.

London, Nov. 7.—A dispatch from  
Shanghai says a telegram from Tien-  
tsin reports that 40 Russian sailors,  
an admiral and M. Pavloff, the Rus-  
sian charge d'affaires in China, have  
been detained there, permission  
to proceed to Pekin not being  
forthcoming, and that there  
is strong official opposition to  
their going to the capital. The admiral  
and M. Pavloff, according to these ad-  
ditional details, had been detained  
to leave without the sailors being  
on board, they would stand in front  
of the engine. This, it is stated, is  
a forerunner of a probable affront to  
Russia.

M. Yano Fumio, the Japanese min-  
ister to China, has had audience of the  
empress dowager and the emperor for  
the purpose of announcing the de-  
corations made upon them by the Mikado.  
The emperor read a speech and  
seemed in good health.

The foreign envoys decided to make  
a strong demand upon the government  
for the removal of Gen. Kang's troops  
outside the province of Pe-chi-li, be-  
fore Nov. 15. Unless this demand is  
granted they threaten themselves to  
assume the protection of the railway  
communication between Pekin and the  
coast. Ho Chiung, formerly Chinese  
ambassador to Russia and Germany,  
has been appointed a member of the  
Tsung-Li-Yamen.

THE JAPS.  
The Japanese government is taking  
steps to determine for a certainty whether  
or not the Emperor of China is  
alive. Minister Taro has been dis-  
patched to Peking with instructions to de-  
mand a personal interview with the em-  
peror. If refused, the Japanese gov-  
ernment will consider Kaung dead.

That the reform movement may be  
given impetus, the Japanese are going  
to assemble a fleet of warships as soon  
as possible.

The Kobe News, under date of Oct.  
14, says: "The latest telegrams respect-  
ing the risings in the neighborhood of  
Chung King state that it is a move-  
ment against the missionaries on the  
part of the marauding band led by one  
Yu Mak Tze."

The French church, hospital and  
school, and the American Metho-  
dist Church at Hong Kong, have been  
destroyed. The lawless mob now numbers  
about 25,000, most of them being armed  
with antiquated rifles.

FRENCH CHURCH PILLAGED.  
Singapore, Nov. 7.—The French  
Church at Bangkok was pillaged by  
Siamese police and soldiers, who were  
making a search for illicit spirits, on  
Sept. 19 and 20. A correspondent vis-  
ited the spot and was perfectly satisfied  
that the church had been completely  
looted.

An expedition was headed  
by a British officer in the Siamese  
service. The tabernacle was broken  
by bayonets and the sacrament, cruci-  
fix, pictures, ornaments and furniture  
were smashed. The doors were forced  
and the bedroom of a French mission-  
ary was entered forcibly. The Siamese  
refused to apologize and stopped cable-  
grams. There is disorder in Bangkok  
and the provinces, and the situation is  
grave.

EMIGRATION TO CANADA.  
London, Nov. 7.—For the month of  
October the number of emigrants from  
British ports for Canada were: Eng-  
lish, 1,063; Irish, 72; Scotch, 66; for-  
eign, 912. During the ten months of  
the year the numbers were: English,  
7,457; Irish, 745; Scotch, 1,596, and  
foreign, 2,896. The number of emigrants  
to Canada trebles that of similar book-  
ings for Australia during the year, and  
exceeds the Cape Colony total by 3,842.

HE MADE THE  
TURKS HUSTLE

Admiral Noel Stirs Up the Sul-  
tan's Men.

And the Russian Naval Commander  
Followed Suit—Prince George  
Likely To Be Governor of Crete.

Candia, Island of Crete, Nov. 7.—Rear  
Admiral Gerard Henry Noel, British  
commander in these waters, ordered the  
Turkish troops, whose embarkation  
was delayed by an order from Con-  
stantinople, to embark on a British  
transport. The soldiers proceeded to  
obey, but the Turkish officer in com-  
mand stopped the embarkation, where-  
upon the British admiral caused the  
barracks to be surrounded and declared  
the Turks prisoners. He also threat-  
ened to use force to compel them to  
embark. The Turkish commanding  
officer then allowed the embarkation  
to proceed.

THE NEXT GOVERNOR.  
The appointment of Prince George of  
Greece, as head of the new admin-  
istration in Crete is imminent. His  
title will be commissioner general of  
the European powers in Crete. The  
prince is expected to arrive at Can-  
dia, assuming his duties about the mid-  
dle of November.

M. Novasieff, the Russian ambas-  
sador to Turkey, has formally proposed  
the appointment of Prince George of  
Greece as commander-general of the  
European powers in Crete.

KICKED OUT.  
Canes, Island of Crete, Nov. 7.—The  
Turkish troops at Retimo, having re-  
fused to leave that place, the Rus-  
sian admiral in those waters, following  
the example of Admiral Noel, the  
British commander here, forcibly con-  
veyed them on board a transport.

MARCHAND  
COMING BACK

The Major to Return to France  
by a "Dignified" Route.

The Dreyfus Case—English Papers  
Ridicule the Menier Anti-  
costi Fuss.

MARCHAND COMING BACK.  
Paris, Nov. 7.—The Matin confirms  
the report that the government will  
instruct Major Marchand to return to  
France with his expedition from Fas-  
shoda by way of Jibuti, on the Gulf  
of Aden, the "only route consistent  
with French dignity." The paper ex-  
presses the hope that the national  
flag "will not again be involved in  
such small colonial enterprises, unless  
success is assured beforehand, both  
diplomatically and by adequate sup-  
port."

THAT LONDON RUMOR.  
Henry Norman cables from London  
to the Times: "A story of greatest  
gravity, circulating among persons in  
touch with official quarters, alleges  
that when Marchand reached Fasshoda  
he sent two messengers with three  
French flags to the khaila and a let-  
ter saying, 'If the khaila hosted these  
three flags, I would be under the  
protection of the great French na-  
tion, and the British would not fire  
upon him.' The khaila replied that  
two British 'dogs' had attacked the  
Sudan, one 'dog' named Gordon had  
killed, while the other 'dog,'  
named Kitchener, he was about to  
kill. He would then wipe out the  
French."

Both of these letters and the three  
flags are said to have been captured  
by the sirdar's officials.

THE DREYFUS CASE.  
The Gaulois says the court of cassa-  
tion has decided to hear the Minister  
of War, M. de Freycinet, in its inves-  
tigation into the Dreyfus case, and  
that the court will content itself with  
his statements, without insisting upon  
seeing the secret documents in the  
case.

The Fronde says the case against  
Col. Picquart, who was charged with  
communicating to unauthorized per-  
sons the contents of important mili-  
tary documents in his defence of Drey-  
fus, has been quashed, and that the  
prisoner, who has been closely confined  
in the Chirchre Midi military prison,  
will be released today.

REDICULOUS.  
London, Nov. 7.—The claims to An-  
ticosti of M. Menier, the chocolate  
maker, are ridiculed here, and scarce-  
ly any notice is taken of the matter  
by the English press.

CABLE NOTES.  
The British steamer Manchester  
City, from Shields for Montreal, pre-  
viously reported with disabled rudder  
and ashore at Cromarty Firth, has  
been floated, and is being towed to the  
Tide for repairs.

T. B. Potter, the founder of the  
Cobden Club, the once famous free  
trade organization, is dead.

The Emperor and Empress of Ger-  
many have started for Damascus.

FRATERNAL  
SENTIMENT

Voted at the Banquet to Lord Her-  
schell in New York.

New York, Nov. 7.—Under the joint  
American and British flags in the large  
banquet room of the club house the  
Lotos Club gave greeting to Lord Her-  
schell Saturday night and expression  
of its warm feeling for the nation  
which he represents. On the walls the  
English holly and the American oak  
gave a festive holiday appearance to  
the club, and the Anglo-American  
spirit of the club was shown in all the  
decorations.

Lord Herschell, in returning thanks  
for the hearty manner in which his  
name had been toasted, said: "Allu-  
sion has been made to the state of feel-  
ing which most happily exists between  
your country and mine. Nothing could  
be to me a greater personal joy than to  
see this bond drawn still closer. I join  
most heartily in the belief that nothing  
would augur more for the peace of  
the world and the highest interests of  
humanity than the closer unity of  
heart and action between the two  
English-speaking nations. I am not  
speaking now of paper alliances, but  
of a true and deep-rooted alliance for  
the good of humanity, which human-  
ity has hardly dreamed of. It is with  
the deepest satisfaction that I enter upon  
my duties upon this commission to  
which I have been appointed. If I  
can do anything toward bringing about  
a closer union between America and  
Great Britain, I shall have contrib-  
uted to one of the great and most po-  
tent events in history for the lasting  
good of humanity." (Cheers.)
