

EATON'S 12-Storey Factory Ready for Occupation Want Hundreds More Operators Beginners Taken

We have just completed a 12-storey building on Trinity Square which is absolutely fireproof, contains the most modern sanitary improvements, and is without question the finest, best lighted and best ventilated manufacturing building in Canada.

We are now ready to engage the extra help needed:—Smart, ambitious young women to learn the business. Also experienced operators and finishers on Women's Blouses, Whitewear, Skirts, Suits, etc.

Full information as to wages, etc., furnished at our Employment Office, 12 Albert St., open daily from 8 to 5.

THE **T. EATON CO.** LIMITED

THE DE NORD APARTMENTS, CORNER BLOOR AND NORTH STREETS.

Realty and Building

A joint stock company with a capital of \$200,000 has been formed for the purpose of erecting and operating an eight storey apartment house on the southwest corner of Bloor and North-streets. It is to be of absolutely fireproof construction, and will incorporate in its appointments all the features which years of successful apartment house building and operating on the other side of the line have proven to be the best. Burke, Horwood and White are the architects.

Toronto for its size has been surprisingly backward in apartment house construction, and one significant fact

showing how badly they are needed in this city is the report that comes from Goulding and Hamilton, who are handling the renting of the property, that a large number of the suites have been already leased from the plans and that applications are coming in daily. It looks now as if the entire number of apartments would be rented before the building is completed.

A lease of bonds to the amount of \$100,000 has already been underwritten by a big firm, and the common stock, of which it is proposed to sell only \$125,000 leaving \$75,000 in the treasury for the further uses of the corporation, will be open for subscription in a few days at the office of A. J. Barr & Co.

It is surprising, in view of the big returns for capital invested offered by this form of real estate enterprise that more of them have not been built before, and the projectors of this one are to be congratulated for having made a move in the right direction.

Interest still continues to centre in the vote on the hospital bylaw which occurs next Saturday. Originally the city contributed \$200,000 to this undertaking, and is now asked to contribute another \$200,000. The bylaw was passed unanimously by the city council, and there is little doubt that it will receive favorable consideration at the hands of the electors on Saturday. The total cost of the new hospital will be two and a half million dollars. Of this amount only \$800,000 remains to be raised. If the bylaw passes, this will be reduced to \$600,000, and it is expected that this can be secured through private subscriptions. The new hospital will have five hundred and forty-seven beds for regular patients, and a department capable of taking care of three hundred and fifty out-patients daily. In addition there will be accommodation for sixteen house-doctors, one hundred and seventy-five nurses and over one hundred

servants. When completed it is expected on the continent, the not the largest. Every effort has been made to restrict the cost of the building, and every dollar will be spent upon the progress of the city should make a point to mark their ballots on Saturday next.

The Yonke and Carlton-street purchase mystery is still with us. A real estate magnate who has wide sources of information persists that a big terminal proposition is in view, supported by the New York Central and

own work. I went to a doctor, and he told me I had heart trouble and that my nerves were all unstrung. I took his medicine, as he ordered me to do, but it did me no good. I then started to take Milburn's Heart and Nerve Pills, and had only taken one box before I started to feel better, so I continued their use until I had taken several boxes, and I am now strong and well, and able to do my own work. When I commenced taking your pills I weighed 125 pounds, and now weigh 155 and have given birth to a lovely young daughter, which was a happy thing in the family. When I commenced taking Milburn's Heart and Nerve Pills, I could not go upstairs without resting before I got to the top. I can now go up without any trouble.

Price, 20 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Had Heart Trouble.
Nerves Were All Unstrung.

Wherever there is any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a healthy, strong system.
