Many poor families have been thus turned from their homes, and have lost a great portion of their furniture and clothing. There was generally insurance on the property as far as we have been able to ascertain, but the particulars on this head we cannot state with accuracy. It is proper to mention, however, that the disaster will not cause any failures. There are various surmises concerning the cause of the fire, which many suppose was the work of an incendiary.

This, we believe, is the most destructive fire which has ever occurred in Philadelphia. Of fifty-two buildings which were on fireforty are in total ruin, many of them large

MONTREAL. October 1—As every thine relating to our new Governor is interesting, we subjoin a few remarks made respecting him by Sir George Murray in his address to the electors of Manchester on the 31st August. Sir George is well known as a stauncher Conservative, and has come forward as a Candidate for the representation of Manchester, vacant by the appointment of Mr. Poulett Thompson as Governor General of the Canadas.

"I heard of the appointment of your late representative, Mr. Poulett Thompson, as I heard any other piece of new, without anticipating, in the slighest degree, that it was a matter of personal interest to me; the only feeling I had was this, that I sincrely wished Mr. Poulett Thompson success in that are uous undertaking upon which he is shout to enter. I have been in the Canadas. I know the importance and value of those Colonies to the mother country, and I am sincerely anxious that the difficulties which have arisen in that country should be smoothed and healed; and that we should proceed in a way that will give perfect satisfaction, both to the parent country and the colonies, that they may continue united, and mutually support each other's interest for many years to come.—(Loud cheers.) I know Mr. Poulett Thompson to be a man of superior shifty, and I trust he will be more successful than some of his predecessors have been in adjusting the difficulties there.—Herald.

MONTREAL, Oct. 2.—Captain Comeau, of the Police, has informed us, that the Quebec papers have made a mis-statement of fact in regard to the political prisoners; it is a pily such a statement should have been made to the public, if untrue;—there is no policy in increasing the sympathy of the unfortunate people, by tales that have no foundation in fact. Captain Comeau denies they had either their heads shaved, or convict dresses put on ;—and informs us they were even allowed to have their luggage in the pat to the singularity of the purpose
