

THE EVENING TIMES-STAR, ST. JOHN, N.B. TUESDAY, FEBRUARY 26, 1924

UPS AND DOWNS EVENLY DIVIDED

Price-Movements in Wall Street Were Conflicting This Morning.

New York, Feb. 26.—Conflicting price movements took place at the opening of today's stock market with gains and losses about evenly divided in initial sales. Heaviness again cropped out in the copper group. American Smelting dropped nearly a point. American Can, American Locomotive, and Houston Oil made substantial fractional gains in the early trading.

New York, Feb. 26.—The morning trading was unusually quiet. Bear traders encountered substantial support when they attempted to depress the standard issue with the result that they abandoned their efforts in those quarters and the general list stiffened perceptibly before noon. Short selling continued, however, in certain specialties. Central Leather common dropped 1/4 and the preferred 1/4, the latter trading at 1/4. A new low record for the stock was also touched at 69, an overnight drop of 1/4 point. Strength of the motor and independent steel shares was one of the morning features. Studebaker, Chandler, Packard, Buick, and Chrysler were among the leaders. Packard, Studebaker, and Chrysler were among the leaders. Packard, Studebaker, and Chrysler were among the leaders.

Montreal, Feb. 26.—Brazilian was again the chief feature of trading at the opening of the Montreal stock market today. This issue came out with an overnight loss of 1/4 to 5/16. The balance of the market was active and slightly easier. Other issues traded included: ANILIN 64 1/2; Bisco 2nd 27 1/2; 16; Canada Car 2nd 90; Power, 15 1/2; and Breweries, 52 1/2.

SHIPPING BRITISH PORTS.

Liverpool, Feb. 25.—Arr. str. Cedric, New York.

FOREIGN PORTS.
Boston, Feb. 25.—Arr. str. Colombo, Gibraltar.

"GOOD CHEER" IN WORD AND DEED

King's Daughters Give Delightful Programme in Provincial Hospital.

The members of the Good Cheer Circle of the King's Daughters paid a visit to the Provincial Hospital last evening and a delightful programme which they presented to the patients gave ample evidence that the name of their circle was justified. The following were the items of the programme: Piano duets, Misses Isabel Jamieson and Phyllis MacGowan; vocal solos, Misses Jessie Jamieson and Phyllis MacGowan and Clyde Parsons, readings, Miss Alice Yanwart and Mrs. G. A. Horton; violin solo, Mrs. H. H. McNeil. Then followed a number of old-time choruses and the National Anthem. The members of the circle took over a quantity of home-made candy which was passed around during the evening.

At the intermission, Dr. J. V. Anglin, medical superintendent, expressed his appreciation on behalf of the patients to the members and particularly to Miss Alice G. Rising, who was responsible for the arrangement of the programme. The matron, Mrs. Hetherington, served refreshments to the performers and the committee in charge after the performance.

DROPPED \$10,000 IN STOCK FLIERS

Montreal, Feb. 25.—Jacques Kwakwaser, whose daughters, Emma and Ceila, are charged with conspiracy to defraud the creditors of the Real Kewasawee, was proprietor, lost about \$10,000 in stock market operations, although he had arranged to pay an expert in stocks on margin \$2,000 for advice. This was brought out in evidence when hearing of the case was resumed here today. His company failed last October and since then Kwakwaser's whereabouts have been unknown.

COMBATTING WHITE PLAGUE IN QUEBEC

Quebec, Feb. 25.—Whether it may be possible for the province to benefit from the offer from Lord Atholstan to provide half a million dollars toward stamping out tuberculosis is not a reason for holding up government legislation looking toward suppression of the plague, was the intimation of Premier Taschereau made in the legislative assembly today when Hon. Mr. David's measure providing for the expenditure of \$100,000 a year for five years, was given a third reading.

IS NOT TO MARRY EARL'S DAUGHTER

London, Feb. 25.—A rumor published in a provincial paper today of the engagement of Premier Ramsay MacDonald and Lady Margaret Sackville had gained enough publicity by this afternoon to draw a denial from authoritative sources. Lady Margaret is the youngest daughter of the Earl of La Warr.

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Buckle Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

GRANDMOTHER KNEW

There was Nothing So Good for Constipation and Colds as Mustard.

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders. Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Try Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frozen feet, colds of the chest (it may prevent pneumonia), 40c and 75c, at all druggists. The Musterole Co. of Canada, Ltd., Montreal.

Keep Catarrh Away With Vicks

"Finest Thing I Ever Used," Says New Brunswick Lady.

Vicks is good for common colds, sore throat, bronchitis, catarrh, croup, tonsillitis, grippe and all inflammations of the nose, throat or lungs. The ingredients, Camphor, Menthol, Eucalyptus, Turpentine, Thyme, and Juniper Tar, make Vicks equally effective for inflammations of the skin, such as cuts, burns, sores, bruises and skin itching.

Mrs. Thomas Brown of Sandy Point Road, St. John, New Brunswick, says: "Vicks VapoRub is the finest thing I have ever used. I had catarrh of the throat for years and nothing seemed to do me any good. I read about Vicks and bought a jar at the drug store. I was relieved at once, but I kept on using Vicks. I now feel quite well."

Vicks is a salve that acts like a plaster and a vapor lamp at the same time. It is absorbed and inhaled. A valuable family remedy kept on hand in millions of homes. Vicks is used constantly for all the daily ills and hurts of all the family.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 844 St. Paul St. W., Montreal, P. Q.

SOVIETS RECEIVE THEIR CREDENTIALS

Moscow, Feb. 25.—Count Gastone Manzoni, the new Italian ambassador to Russia, today presented his credentials to Soviet President Kalinin, following the recognition of Russia by Italy. Similarly Robert M. Hodgson, the British charge d'affaires, handed over his credentials to Foreign Minister Tschitcherine.

FIRE FORCES OUT MCGILL STUDENTS

Montreal, Feb. 25.—Seventeen students of McGill University, resident in the Alpha Delta Phi fraternity house, were forced to vacate their premises at an early hour today when a fire broke out in the building, causing damage to the extent of about \$25,000.

NO DUTY ON SARDINES

It was announced yesterday that the United States authorities had decided not to impose the proposed duty of one cent per pound on salted sardines entering the country at Maine points. The determined opposition of the Maine sardine packers was responsible for the rescinding of the order.

VALUE OF HEALTH WORK IS SHOWN

Smallpox Cases From Lumber Camp Are Quickly Dealt With.

The value of a well organized public health department was strikingly illustrated in this province within the last few weeks.

Dr. Desmond, district health officer, discovered a case of smallpox in Moncton and had the man, who was en route to Prince Edward Island, isolated and the contacts vaccinated.

He found that the man had come from a lumber camp near Summit, in the interior of the province. He notified Mr. Melvin, chief medical officer, who at once sent Dr. Wade, health officer for that district, to the lumber camp. Dr. Wade found one man going down with smallpox, and he had a vacant hut converted into an isolation room. He also found that fifty or sixty men in camp a large number had not been vaccinated, and promptly attended to their case. They should have been vaccinated before entering the woods.

Three More Cases. Dr. Wade also visited a camp five miles away and vaccinated some of the men. He learned that there was another case of smallpox at Plaster Rock, emanating from the first camp. He proceeded there, quarantined the house where the man was staying, vaccinated the contacts, and also twenty school children who had not yet been reached by the medical school inspector, who has a very large district to cover. Meanwhile Dr. Desmond had discovered at Legere's Corner a third case from the same lumber camp, and took the necessary action. He heard of a fourth, also from the same camp, at Aboussang, and journeyed there to quarantine and vaccinate.

Thus from the one lumber camp

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Menthosulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask your druggist for a small jar of Rowles Menthosulphur and use it like cold cream.

A COMMUNITY ASSET.

The time has now come for St. John to show that it realizes the value of such a hotel as the Admiral Beatty Corporation offers to provide if supported in their appeal for community co-operation. The investor will find the prospectus an attractive proposition from the purely financial standpoint, but a modern hotel means much more to St. John than a financial speculation of prime interest to the investor looking for a direct return on his money. The fact that the Admiral Beatty is to be one of a chain of hotels under the capable management of the United Hotels Company is the assurance that in its construction, equipment and operation it will fully meet the demands of present-day requirements.

CAPITALIZATION

First Mortgage 6% Bonds (due \$100,000 semi-annually) closed \$1,400,000
7% Cumulative Preferred Shares (this issue) 2,000,000
Common Shares 9,000,000 9,000,000

SUMMARY

1. THE COMPANY.—The Brown Corporation is one of the largest producers of sulphate pulp in Canada. The Brown Company is the largest manufacturer in the United States of bleached sulphate fibre pulp and kraft wrapping paper, and also manufactures Bond paper, lumber and allied products. It owns the entire Capital Stock of Brown Corporation.

2. PROPERTIES.—The Sulphate Pulp Mill of the Brown Corporation, which has an output of 220 tons per day, is located at La Tuque, P.Q. The Corporation also owns at La Tuque a developed hydro-electric power of 4,400 h.p. and an undeveloped water power of 140,000 h.p. Timber limits consist of about 1,000,000 acres freehold land, 2,000,000 acres of leasehold land, and standing timber on an additional 160,000 acres. Total timber holdings amount to about 5,000 square miles, conservatively estimated to contain about 12,000,000 cords of pulpwood.

3. ASSETS.—The net tangible assets of the Brown Corporation amount to \$10,870,000, and the net current assets to \$3,403,000, showing a total of net tangible assets of \$14,273,000, as against this issue of \$2,000,000 or \$388,000 per share of this Preferred Stock. The combined assets of the Brown Corporation, and the Brown Company are in excess of \$65,000,000.

4. EARNINGS.—After taxes and interest, for the last five fiscal years, the earnings of the Corporation averaged \$870,000, and for the last ten years \$608,000. During the ten-year period, annual depreciation charges deducted averaged \$311,000, which left a balance available for dividends of over twice the requirements of this issue.

5. PREFERRED SHARES.—The Brown Company, of Portland, Me., agrees that in the event of the Brown Corporation failing to pay quarterly preferred dividends within one year of the required dividend date, or if the Brown Corporation shall fail to make the required provision for Sinking Fund purposes, it will purchase any stock offered at 105, and accrued dividend, United States funds.

PRICED: 98 1/2 and accrued dividend (United States Funds)

Eastern Securities Company, Ltd.

Are you still fit at 5-15?

Are you still in good form when your day's work is done? Does your vitality last? Does your family get the same cheery greeting when you get home as your office received in the morning? Take a glass of Abbey's every morning, and keep your good spirits and vitality the whole day long.

There had been a possibility of four outbreaks at different places in this province, but the health department was on the job.

While at Plaster Rock, Dr. Wade sought to trace the origin of the disease. He found that a woman had had the disease but did not call a doctor, and that her son had gone to the lumber camp. He had been vaccinated and did not take the disease himself, but apparently carried it to the camp. His mother does a great deal of washing for lumbermen, and the assumption is that she got the disease from the clothes of some man who either

had had the disease or carried it in his clothes.

The lumber company on being communicated with by the department undertook to have their own doctor attend the case in quarantine in a hut and also to send a male nurse. Dr. Wade warned the railway authorities not to permit anybody from the camps to board the train at the station or permit anyone to go to the camps without due warning.

Small diamonds have been found in a meteorite in Arizona, believed to have fallen in prehistoric times.

Disordered Stomach

Take good dose of Carter's Little Liver Pills then take 2 or 3 for a few nights after. You will relish your meals without fear of trouble to follow. Millions of all ages take them for Biliousness, Disturbed Stomach, Headache, Dizziness, and for Sallow, Pimply, Bloated Skin. They are the safety of Constipation.
