IT PUMPS LIFE INTO YOU

I can take a man like you and pump new energy into your body while you sleep, and in a few weeks you will be transformed into a giant of strength and courage. Energy is but electricity, and if you lack energy you need electricity.

Dear Sir,—I write to let you know that your Belt has cured me, and I am entirely satisfied with your treatment. I then gave it to my sister to wear, and she, too, was entirely cured, after being treated by many different doctors, and she being told that she would have to go under an operation to which she would not consent. She used your Belt and was entirely cured.

whitely cured.

JOHN W. THIRAULT, Bruce Mines, Ont.

Wake up, you drug fiend, and let your reason prevail. Your experience with drugs teaches you that you must cast them aside and look for a natural method. When your health failed it seemed inherent by nature for you to look for some magic cure—something that you could take into your stomach to do the work of your digestive organs, bowels, liver and bidneys.

The first dose brought you relief, but with each succeeding dose you found the effect lessened, until you are now down and out, a perfect invalid, for you have allowed drugs to do the work of your vital organs, and without them you are even in a worse condition than when you be-

gan.

If you feel tired and stupid, with no ambition to get out and hustle; if you have spells of despondency, and a desire to give up the fight, you need new energy. The race is to the strong. Show me a failure and I'll show you a weakling, lacking in courage, strength and ambition, three essentials to the make up of a successful man.

My Belt is an appliance for infusing a powerful, but soothing, current into the body without the least shock of unpleasant sensation. You can use it two to eight hours every day and waste no time—you need not be conscious that you are taking treatment. It is cheaper than a course of drugging.

M. L. McLAUGHLIN,

ing treatment. It is cheaper than a course of drugging.

GET IT FREE.

Cut out this coupon and mail it to me for my 80-page illustrated book of information.

This book tells all about my remedy, how it cures and price of treatment. It is absolutely free, and I'll pay the postage.

FIFTY MILLIONS VOTED FOR WAR

Parliament United For Empire's Defence

PROROGATION TONIGHT

remier Tells How Money Will Be Spent - Niobe Ready by Sept. 1 - Increase in Sugar **Duty Questioned**

Ottawa, Aug. 21-Canada today unimously voted the \$50,000,000 by Canadian participation in dominion mpire defence during the balance of the resent fiscal year.

At Sir Wilfrid Laurier's suggestion, Premier Borden gave details of the estimated expenditure to parliament. Some \$80,000,000 is appropriated to the militia, that sum including the transport, maintenance and pay of troops, and \$6,000,000 is the contemplated naval expenditure not inclusive of the purchase of the two Chilien submarines, the cost of which was \$1,150,000. These estimates leave a respectable balance for the government to "come and go" on.

Sir Robert Borden, however, announced that he had no expectation that the Canadian troops would be able to return to Canada within the seven remaining months of the fiscal year, and added that it was the intention to maintain additional troops for defence in Canada in addition to being ready to send other contingents later, should they At Sir Wilfrid Laurier's suggesti

Tribute to Heroic Belgium.

A proposal by Hon. Dr. Pugsley that Canada might well follow up its gift of one million bags of flour, by a similar contribution to heroic Belgium, who was fighting Britain's battle of freedom, was endorsed by Hon. Rodolphe Lemieux, who made the announcement that Hon. Dr. Beland, postmaster general in the Laurier cabinet, was now in the Belgian ranks. Dr. Beland, who was recently married in Belgium, was in that country at the outbreak of hostilities. He immediately volunteered his services in the Belgian medical corps.

Hon. Mr. Lemieux's announcement was greeted by rousing cheers from both sides of the house. The first Canadian in the active field is consequently a French Canadian Liberal member of parliament from Quebec. Mr. Lemieux suggested that the government might well make the same offer to Belgium that had been made to France, and equip a hospital for the Belgian wounded. In that case the arrangements might be made through Hon. Dr. Beland.

Premier Borden said the suggestion would receive the immediate consideration of the government.

E. MacDonald asked whether the government could give any information as to when the Canadian expeditionary force would go and where they would be sent.

The minister of militia, Colo. Hughes.

force would go and where they would be sent.

The minister of militia, Colo. Hughes, said that all that had been done so far was to offer the expeditionary force which offer had been accepted by the war office. "We have nothing to say," he said, "as to the destination of the troops. We shall simply send them across the water at the disposal of the war office."

In reply to a suggestion by Mr. MacDonald, the premier said that the government would take up at once the question of providing rail facilities for unloading coal at the Halifax dockyard direct from the colliers to the cruisers.

Will Pay For Officers' Uniforms.

Hon. Dr. Pugsley thought it was scarcely fair that, whereas the country bought uniforms for its soldiers, officers had to furnish their own.

Forage, seven months, at sixty cents, \$600,000.

Subsistence of troops until arrival at Quebec, \$275,000.

Transport of men, horses, guns and equipment to Quebec, \$450,000.

Ocean transport, \$1,000,000.
