Yesterday's Session at Charlotte-town Marked by Election of Officers For Coming Year

Charlottetown, P. E. I., Sept. 11.—At this morning's session of the W. F. and H. M. S. an interesting Bible reading was given by Mrs. Jameson of Halifax. Mrs. J. H. Thompson reported on the Toronto congress referring to the conferences of the missionary societies of the western division.

Miss Falconer spoke of the work of the Wolfville missionary conference and recommended that the representative of the Foreign Mission Committee get in touch with the school. Miss Christie of Pictou and Miss James of Wolfville also spoke.

Miss McNab gave notice of a motion that the name of the society be changed to W. M. S. of the eastern division.

Mrs. Crulshank of St. John, Young People's Secretary, submitted her report which was very encouraging showing an increase of seventy-eight members and an increase of \$888.71 in the amount raised for foreign missions and \$194.24 in that raised for home missions.

Mrs. Gordon Dickie of St. John gave a model lesson on the first chapter of the study book of "Korea in transit."

Miss Archibald of the school for girls at Trinidad submitted a report of her work.

The following statement was then submitted showing the respective names of the Presbyterial and the number of the bands, membership and amounts raised for missionary purposes.

Bands.	Mem.	Raised.
St. John	48	\$884 \$1,881.04
Pictou	55	1,293 1,286.50
P. E. Island	28	680 682.80
Truro	35	658 492.60
Miramichi	22	565 442.75
Halifax	20	542 487.33
Inverness	20	351 445.47
Sydney	17	522 407.69
Lunenburg and Yarmouth	10	158 271.22
Amount raised for foreign missions, \$4,906.40; for home missions, \$1,456.68.		

Pictou, Inverness, Lunenburg and Yarmouth held their own in membership. Miramichi, St. John and Prince Edward Island lost slightly, and Halifax and Sydney gained. Efforts were made to grade the bands and there were 48 seniors, 160 mixed and 88 juniors.

The election of officers resulted as follows:

Honorary presidents, Mrs. R. F. Burns, London (Eng.); Mrs. John McEwen, Trinidad. President, Mrs. A. W. Thompson. Vice-presidents, Miss Cameron, New Glasgow; Mrs. J. H. Thompson, St. John; Mrs. J. H. Thompson, Lunenburg; Mrs. Bayne Mabou, Miramichi; Mrs. V. Kent, Truro; Mrs. Rogers, Charlottetown; Mrs. Baxter, Halifax; Mrs. L. A. Moore, North Sydney. Corresponding secretary, Mrs. Elizabeth Stewart, Halifax. Recording secretary, Miss Bessie Wallis, Halifax. Foreign secretary, Mrs. Robert Dawson, Bridgeport. Nominations secretary, Mrs. Jameson, St. John. Secretary of supplies, Mrs. Jameson, St. John. Secretary of Young People's Work, Mrs. R. C. Crulshank, St. John. Secretary of the Maritime Branches, Miss Elizabeth Stewart, Halifax. Treasurer, Mrs. Susan Fraser, Halifax. Distribution, Miss Sarah Scott, Halifax. Auditor, Mrs. McNab, Halifax; Mrs. Crulshank, St. John; Mrs. Forbes, New Glasgow; Mrs. Gordon Dickie, St. John; Miss A. Forbes, Windsor. Secretary-treasurer, Miss Susan Fraser, Halifax. Distribution, Miss Sarah Scott, Halifax. Auditor, Mrs. McNab, Halifax; Mrs. Crulshank, St. John; Mrs. Forbes, New Glasgow; Mrs. Gordon Dickie, St. John; Miss A. Forbes, Windsor.

At the evening session of the W. F. and H. M. S., the home mission secretary's report was read by Mrs. Jameson of St. John, who told a story of progress. There were 201 auxiliaries, an increase of fifteen and seventy-eight bands, an increase of twelve, apportioned as follows: Pictou, forty-two auxiliaries, sixteen bands; Miramichi, fifteen and eight; Halifax, twenty-two and six; Prince Edward Island, twenty-two and nine; Inverness, ten and eight; W. F. and H. M. S., thirty-six and four; Truro, twenty-two and four. There were some notable increases in contributions, Prince Edward Island giving 70 per cent more. One hundred and three bales of clothing were distributed valued at \$6,500, an increase of \$1,000.

In reviewing the situation in western Canada, where there has been a steady advance, she said the great event of the year was the union of the foreign and home branches of the society. In the Maritime synod there are seven ordained missionaries, 70 student missionaries, five hospital chaplains, two immigration chaplains, and three deaconesses. Rev. T. Hunter Boyd is overseas agent in Glasgow. There are four missionaries among foreigners, Rev. M. C. Kinsale being most prominent. Mrs. Jamieson testified to excellent work done by the deaconesses at Amherst and St. John and emphasized the great need of these workers, for whom the demand greatly exceeds the supply. The greatest problem of the missionary society is the appalling lack of men. She quoted Dr. Stewart of Pine Hill, saying that it would take all the graduates from the Presbyterian Theological colleges in Canada to fill the vacancies in the Maritime Synod alone. Immigrants are coming into Canada at the rate of 40 per hour and there are 22 more religions now than in 1901. In one year the Maritime provinces received 1,600 foreigners, representing 24 different nationalities. Even with some catch-ups at work, who are scarcely clear of high school, there are four fields still vacant. She regretted that a training school for missionaries and deacons at Toronto, which be-

longs to the east as well as the west, needs little money and few students from the maritime provinces.

An Able Address

Rev. M. C. A. Kinsale, of Sydney, spoke on the "Needs of Foreigners in Sydney." These needs are many and multifarious. Their greatest need is spiritual light, but they also need food, clothing, money, and schooling as well.

Work in mission resembles that in Korea, where every convert becomes a missionary. The foreigners in Sydney are an extremely good class and virtuous despite many temptations and many different languages spoken. An assistant and nurse are greatly needed.

He showed how people are first reached by ministering to their bodily needs, donations of clothing being always welcome. The building of his institutional church and school combined, which he hoped to open by Christmas, will greatly assist him.

After a brief discussion on the needs of the isolated mine and isolated mission fields, the president stated \$800 more was needed for foreign missions next year. The usual resolutions of courtesy were passed and, after a service of prayer, the meeting closed, and next year in Amherst.

There were 150 delegates enrolled at the meeting this year.

Various committees from the grand council of the P. W. A., in session yesterday in Halifax considered different problems of interest to the men employed in the collieries. It was recommended that the employers be asked to pay 10 per cent increase to the lower paid men in the mines.

Patrick McGilligan, sr., since the death of his son near Grand Falls several weeks ago has privately sought to unravel the mystery surrounding the death. He has seen the mattress in which he says his son was rolled and then thrown over the falls, and says he has identified it as the same on which he has slept in a boarding house in Grand Falls, and by further evidence which he has secured he hopes to secure a conviction, and also the reward of \$500 offered by the government.

Premier Flemming and Hon. Dr. Lang, who were attending the Charlotte County exhibition at St. Stephen yesterday were members of an automobile party which motored to St. George and Upland where they enjoyed a sail on the harbor.

Washington, Sept. 11.—An English builder today was awarded the contract for turbine drums for the newest American battleship No. 80, at a little more than one-third the price offered by the lowest American bidder. The accepted bid, \$37,486, was submitted by New York agents of the Crofton Steel and Iron Works, Sheffield, England.

## All M. R. A. Stores Now Open Saturday Nights Until 10 O'Clock Instead of Friday Nights

## Conclusion of Our Furniture Sale at Further Price Concessions

### Come Saturday Morning for These Wonderful Values

These are the remaining pieces which must be disposed of as the space they occupy is needed, and to effect a complete clearance, the prices have been still further reduced. Any of this furniture you select you may rest assured will be surprising value. ## MILLION DOLLAR CEMENT PLANT FOR ST. JOHN IS THE ANNOUNCEMENT

Montreal, Sept. 11.—A statement that the Canada Cement Co., will establish at or near St. John, N. B., a million dollar plant for the manufacture of cement, was authorized this afternoon by H. L. Dohle, controller of the company. F. P. Jones, general manager is at present in Venezuela.

"The plant we plan," said Mr. Dohle, "will have a capacity of 1,000 barrels per day at the start, and will employ 100 men. Its exact location I am not at present at liberty to state, as the purchase has not been finally closed. The establishment of the plant, however, you may announce as a certainty."

As indicated in the last annual report of the board of directors of the Canada Cement Company, submitted on December 31st, 1912, we have had some difficulty in the location of a site on which we could operate to pay. There is a man in New Brunswick, but it is not of the right quality. Limestone, too, is plentiful at St. John, but in this case again the required quality, until recently, has been hard to locate. Since that, however, the board of directors report conditions have changed.

## MORNING LOCALS

Brigadier Hargrave, of the Salvation Army, secretary of the young people's work throughout the dominion, was a passenger on the Montreal train last evening, returning to the head office in Toronto after a tour of inspection through the Maritime provinces.

A pleasing event yesterday was the celebration of the silver wedding of Mr. and Mrs. George M. Calhoun, 188 Queen street. Between fifty and sixty friends of the pair were present and light refreshments were served.

On behalf of the present Rev. T. J. Dienstadt presented Mrs. Calhoun with several pieces of silver. Mr. and Mrs. Calhoun were married twenty-five years ago by Rev. Mr. Emery, in Albert, Albert county.

The case against John Travis was further adjourned yesterday in the police court until the return of the recorder to the city. Evidence was given by Mrs. Wm. Breen that Travis had been in her store in Grand street on Saturday evening between seven and eight o'clock and again about 9.30 o'clock. Miss Mary Lavigne, of City Road, said that Travis had accompanied her home on Saturday night. They took a car, and before he left her, they sat on her doorstep until 11.30 o'clock. When they heard the fire bells they went to the scene of the fire for a few minutes.

A street roller collided with a fire hydrant yesterday in Charlotte street and caused a veritable geyser to spout forth. Water flowed over the street in a great flood but no damage was done.

It is understood that the J. S. Metcalfe Co., Ltd., will erect the new grain conveyors for the government at Sand Point.

About 2,000 people listened to the concert given by St. Mary's band on the square last evening, which was much enjoyed.

During the year ended March 31, 407,729 persons of British nationality left the United Kingdom for places out of Europe. The destinations included:—Canada, 158,849; Australia and New Zealand, 102,099; United States, 94,170.

## VISITING OFFICIALS OF NATIONAL DRUG AND CHEMICAL COMPANY

C. W. Tilling, of Montreal, vice-president and general manager, and W. W. Bole, of Toronto, inspector of the National Drug and Chemical Co., were in the city this week on their annual visit to the branch here. They left last night for Halifax.

This company recently floated their six per cent shares in the old country at 105, the public taking nearly the whole issue in two days.

The Montreal Gazette says:—"With respect to the recent issue of \$1,000,000 six per cent. first preference shares of the National Drug and Chemical Co., in the English market, it is interesting to note that the bulk of the subscribers said in full a month and a half before the final due date."

## PATROL TO ARREST ESQUIMO MURDERERS

Ottawa, Sept. 11.—To investigate the facts in connection with the murder at Bathurst Inlet by Eskimos of H. V. Radford, explorer, and his companion, George Street, of Ottawa, a special patrol under the direction of F. J. A. Deners, superintendent commanding the Hudson Bay district, has been despatched to the scene of the tragedy under the command of Sergeant Edgerton. The patrol will make the journey via Chesterfield Inlet, Baker Lake, Schults Lake, Beverly Lake, and thence across country to Bathurst Inlet. "Kahmush," an Eskimo trader will go as guide.

A report received from H. H. Hall, in charge of a Hudson Bay post 220 miles north of Brochet, contains an account of a fight amongst Eskimo tribes in which twenty eight men were killed. The fight was waged with their own weapons, bows, arrows, and spears. He also says that in December, 1910 a party of five men with their families left Port Hall to go north to trade with the Eskimos, and as they have not yet returned, it is feared that something serious has befallen them. They were to have returned this year, in February.

Gout is rarely known among the working classes of Ireland. Their immunity is thought to be due to the fact that their food consists largely of potatoes.

## This Treatment Will Make Hairs Vanish

(Modes of Today.)

No woman need tolerate objectionable hair or fuzz, because with a paste made with powdered delatone and water it is easy to banish hairy growths. This paste should be applied to the skin for 2 or 3 minutes, then rubbed off, and with it comes every trace of hair. Washing the skin leaves it free from spots or blemish.

This eyebrow grower thick and glossy if pyroxin is rubbed on occasionally, and for short, straight eyelashes, apply pyroxin at lash-roots with thumb and forefinger. Use care and don't get pyroxin where no hair is wanted.

## PILES

Do not suffer from itching, bleeding, or smarting Piles. No cure without Dr. Chase's Ointment. No cure without Dr. Chase's Ointment. No cure without Dr. Chase's Ointment. No cure without Dr. Chase's Ointment.

The hair grows considerably faster during the summer than in the winter.
