There are labor men who desire a \$3
paper for an annual fee of 50 cents.

What this city needs is an expert en-
gineer, not a city engineer who has to
consult experts.

Frank Moore for the Board of Control
is the man for later to keep his eye
on and give him four votes. He's a
winner, boys, if you stick to your guns
on voting day.

Will some one be good enough to tell
us as to one reason why a gentleman
named Foster thinks he should be elected
a city controller? We've asked a num-
ber, and the average reply resolved itself
into the expression, "Search me!"

Changes have been made in the police
force—and one improvement, viz, the
promotion of Inspector Stark to the
position of deputy chief. But there
should be more changes, and not a few
of them should take the form of "down
and out."

If the lawyer has one characteristic
more than another, it is an over-prone
determination not to be backward in
coming forward. He has become so cu-
rious and ubiquitous that it is just about
time for the public to relegate him, to a
seat on the outside of public
business generally.

CORRESPONDENCE
ANOTHER RECRUIT FOR THE
LABOR LEAGUE.

Editor Toiler: Having only very re-
cently arrived in Toronto from England,
please allow me to express my great
gratification on finding a so ably con-
ducted and useful paper as The Toiler.

It is about time that this position,
which has been officially endorsed by
the National Convention of the Social-
ist Party and is rapidly gaining accep-
tance by nearly all the European Social-
ist parties, should be recognized.

Dear Friend:—The municipal elections
are coming round again, and you have a
most important duty to discharge as a
voter of the city of Toronto. We ask
you to consider the claims of the Labor
party. Whatever you may think of
trade unionism, you would surely be un-
willing to return to the days when half
the labor in the coal mines of England
and Scotland was done by women and
an childless of six or seven years of
age.

Two of the Mayor's aspirants have
taken their seats, no rumor has it. One
of them will be a candidate for alderman
in Ward 3, while the other is a possi-
bility for controller candidates.

Socialism
TRADE UNIONS AND THE SOCIAL-
IST PARTY.

The two events which are the cause
for writing these much discussed topics
touch the same issue. One is the Social
radio election, the other, is the defeat of
the "Socialist resolution" at the Na-
tional Convention of the A. F. of L.
