WOMEN'S BIG HATS

Denounced by Rev. Father McGrath of New York.

NEW YORK, Aug. 18.—The Rev. John McGrath, pastor of St. John's Roman Catholic church at Fishkill landing, made some special remarks on the wearing of big hats to the women of the Sunday morning congregation. He said it was with timidity that he touched on the subject, but the custom was becoming so general in the church that it was time something was said. The pastor said that large hats women wore were out of place at a church service, especially in the cases of those who approached the altar to receive holy communion.

HORRIBLE ACCIDENT.

Three Persons Killed on the Rail in Ontario.

(Special to the Star.) WOODSLEE, Ont., Aug. 18.—A young man named Jack Brown and two young ladies named Scramms, whose homes were near Essex, were walking on the double tracks, coming east from Essex late last night when the west bound train approaching them, they stepped off the west bound track onto the east bound track to let the train pass, not noticing the fast express coming from the west. All three were instantly struck and killed.

MUFFAR EL DIN.

LONDON, Aug. 17.—Muffar-Ed-Din, Shah of Persia, arrived at Dover at noon today on board the steamer Empress, from Calais. At the Shah's request the Empress made the trip over at slow speed. The steamer was escorted by the British cruisers Galatea and Immortalite. The Shah was greeted by salutes from the batteries at Dover and an imposing military display. The Shah is said to have exhibited great nervousness upon embarking on the Empress for his first sea trip. But he bore the journey well, and when Prince Arthur of Connaught boarded the Empress and greeted him, the Shah smiled and conversed with animation through an interpreter. The Shah and Prince Arthur walked together through the cheering crowds at Dover to the Lord Warden Hotel, where the Shah will spend the night, coming to London tomorrow.

dering whether he will behave as the Shah Nash ed Din did on one occasion while dining with the Prince of Wales (the present King Edward VII.) Asparagus was served at the dinner, and the Shah, who had never seen it eaten in the English fashion, astounded his host and others at the table by devouring half of each stalk and throwing the other half behind him on the floor. The Prince of Wales was too well bred to express any surprise, and, moreover, he did not wish his guest to become embarrassed by seeing him eat asparagus in a different fashion; therefore, he, too, took a bite out of each stalk and then threw the remnant of the stalk behind him.

THE EMPRESS EUGENIE.

The Empress Eugenie has been having a charming cruise in the Thistle off the Algerian coast. Amidst her many and great misfortunes there was one which she happily was spared, that of poverty. She is well off, even for her high rank and although she does not entertain to any great extent still she keeps up a large retinue at her place at Farnborough and always has her own yacht, etc., means an inexpensive pleasure. In the empress's lifetime none will ever know the inner part of her romantic career which began about the time that Washington Irving expressed his surprise at the quick movement of events whereby Louis Napoleon the man of destiny and the Comtesse Eugenie de Montijo became Emperor and Empress of the French. The Empress's fortune rumor has it is destined for the children of the Princess Henry of Battenburg, who was ever a great favorite with the lonely mistress of the Alhambra. The sorrows of a romantic and eventful career have stamped indelibly the features of the once beautiful queen, and the staleness of her bearing is marred by the violent attacks of rheumatism to which she is subject. Much of her time is spent in writing her memoirs, to be published when she has joined her long mourned husband and son on the Other Side.

NURSES ON STRIKE.

The trouble that has been brewing at the public hospital for some time culminated on Saturday evening when several of the nurses withdrew from the institution. The complaint is that there are not enough nurses to do the work. There is a large number of patients in the hospital at present. Several nurses and probationers went into the hospital today, and thus relieved the situation to some extent. Diligent enquiry by telephone failed to elicit any information whatever from the hospital itself.

LAWRENCE, Mass., Aug. 18.—Emil Currier, a young man 29 years old, was nearly killed by a fall from a four story block about 12:15 this morning. Patrolman Cado and Hayes found him unconscious on the sidewalk at the corner of Franklin and Common streets, and had him removed to the hospital, where he lies in a precarious condition. The officers on investigation found that Currier fell asleep in a room on the fourth story, and tumbled from a chair near the window over the low wall. DENVER, Col., Aug. 17.—John W. Gates and party arrived here tonight. He told the reporters that he positively would not consent to an interview before tomorrow.

AROUND THE HARBOR.

Canadian Manufacturers and Others the Guests of the Board of Trade.

A number of delegates to the Halifax meeting of the Canadian Manufacturers Association arrived in St. John. This morning they were invited by the board of trade to take a little trip on the harbor. President Jarvis and other hosts were on hand early and shortly after ten the Dirigo steamed from the North wharf. Among the local people were Mayor White, Senator Ellis, Col. Tucker, M. P. George Robertson, M. P. F. W. M. Jarvis, James Manchester, James Osborne, F. A. Dykeman, Colonel McLean, John Sealy, Thos. McAvity, S. P. Purdy, M. P. P. S. S. Hall, James F. Robertson, S. D. Scott, Wm. Schofield, Ed. Sears, Theodore Estabrooks, Mrs. Ellis, Mrs. Robertson, Mrs. McLean and several other St. John ladies were in the party. The guests included: T. A. Russell, and Miss Russell, Toronto. James Hedley, Toronto. Robert Kilgour and wife, Toronto. J. R. Shaw and wife, Toronto. C. H. Waterous, Brantford. Andrew Gunn and wife, Toronto. S. E. Wickett, Toronto. James F. Robertson, Montreal. Andrew Rutherford, Montreal. Geo. Esplin and wife, Montreal. Jos. Fortier and wife, Montreal. R. K. Hope, Hamilton. F. J. Howell and wife, Hamilton. R. Scarfe, Brantford. Mr. Evesga, Montreal. H. Murton and wife, Guelph. H. L. Frost and wife, Wainland. Miss Youngie, Glencoe, Ont. R. J. Youngie, of Toronto, secretary of the association.

The sail was down the harbor to Partridge Island. Landing at Partridge Island the company scattered over the rocks. One lady secured a group to pose for a photograph among the dismantled guns, where they will appear as in search of the bubble reputation. Others found great interest in a collection of squid secured by some fishermen for bait. Refreshments were served at the wharf and then a straight course was laid for Sand Point, which was found to be a busy place. Mr. Robertson pointed out where the dry dock would be, and it was explained that the water in the slip was at that moment sixty feet deep. After a tour of the slip the Dirigo went up to the falls, which they showed a considerable rush up stream. A number of visitors and local men accepted Mr. Manchester's invitation to land at Straight Shore and inspect the Portland rolling mills. Those who remained in the tug were taken to Long wharf. The fine proportions of the Intercolonial pier and dock could be easily seen from this vicinity. An inspection of the splendid warehouse followed and here also the view was unobstructed. The pleasant trip ended about noon at the place of beginning.

FORESTERS AND ODDFELLOWS,

Oronhyatkeha's Grateful Tribute to the (Toronto World.) The kindest of feelings exist between the Independent Order of Foresters and the Independent Order of Oddfellows. The Grande Lodge of the latter order is at present meeting in convention in the city, and Dr. Oronhyatkeha, the supreme chief ranger of the I. O. F., extended fraternal greetings to the visiting delegates on Wednesday and in their honor he had the Temple Building illuminated, as it was on coronation night. The visitors appreciated the courtesy very highly, and were loud in their praises of the electrical display, which is the finest that has ever been seen in Canada.

DRINK PLENTY OF WATER.

How few people drink enough water—enough for the needs of the body—and yet it is one of the best aids to health. It need not be too cold and it should be sipped slowly. Three pints a day is not any too much. The stomach should be flushed out early in the morning by a large tumblerful taken on rising, and the same amount should be taken just before retiring. Water, nor any liquid should not be taken at meal hours. Drink before or after eating, but not with each mouthful of food. Water is one of the finest remedies known, according to many authorities for the slight kidney disorders, that cause dark shadowy puffiness under the eyes, and make one look haggard and weary of life. Not one woman in a hundred drinks enough water to keep her system in a healthy condition, and a sluggish circulation and torpid liver will bring about disfiguring blemishes. Besides the water treatment, exercise daily, nutritious food, deep breathing, a quick hand bath with tepid salt water every day and sleep enough in a well ventilated bedroom to thoroughly rest—all these will be found very beneficial.

BACK FROM ENGLAND.

Major McRobbie Returns From Winning Honors at Bisley. Major John H. McRobbie, who with Mrs. McRobbie, returned last Friday night via Boston from a trip to the old country, tells of pleasant voyages to and from England, and a splendid time while there, though the pleasure of the visit was somewhat marred by the disappointment occasioned by the King's illness and the consequent postponement of the coronation, the celebration of which in London they had intended to see. The greater part of their stay was taken up in visiting friends in Scotland, whence Major McRobbie returned in time to take part in the rifle competitions at Bisley. He did not go as a member of the team, and though shooting as an outsider, did most creditable work. He was fortunate enough to get into the finals for the King's prize, an honor which fell to only one other Canadian, Capt. Remnie. The result in this, says the Major, was disappointing, as the final range, 1,000 yards, was shot in a hurricane which demolished targets, etc.,

HALIFAX.

The Rumor About the Royal Canadian Regiment.

(Special to the Star.) HALIFAX, Aug. 18.—A rumor has been in circulation that the Royal Canadian regiment, doing garrison duty here, was soon to be disbanded and its place taken by a regular British line regiment. Colonel White, commanding the regiment, was asked about this by your correspondent and he replied that he had heard nothing whatever about any such action. He thought there were any truth in the rumors official about it; in fact that he would have been the first to hear it. But he had heard absolutely nothing and he did not believe the rumors. The only mention that had ever been made to him officially was some time ago when he asked something regarding the regiment. The reply he received was: "Nothing can be done till the future of the regiment is determined."

REMARKABLE DEATH.

NEW YORK, Aug. 18.—While fishing in the Hudson river, Gustav Grunwald, Jr., thirteen years old, was killed in a remarkable manner. He was with his father, and his brother, when a fisherman standing near them made a sweep-net cast with a long line, to which was attached a heavy lead sinker. The sinker struck young Grunwald just behind the left ear and knocked him off the string piece on which he was seated. He was dead when picked up, having been killed instantly. The angler disappeared before he could be arrested.

STREET CAR ACCIDENT.

ST. LOUIS, Mo., Aug. 18.—Two persons were killed and eight others injured, one probably fatally, in two street car accidents here last night. Charles Bronson, a grading foreman, was run down and killed as he was crossing the Olive street car tracks. A wagon containing a picnic party of 18 young people, was struck by a Page avenue car and overturned. Harry King, aged 18, was killed; Katie Brown, aged 16, was probably fatally injured; and Patrick Brown, aged 10, was seriously hurt. The others received minor injuries.

HALIFAX.

(Special to the Star.) HALIFAX, Aug. 18.—The wife of Chief Justice Macdonald died in Halifax this morning.
