

Library, Apparatus, Museum, &c.

Valuable additions will be made at the beginning of the current collegiate year both to the Library and to the Chemical and Physical apparatus of the Science department. The Alumni and Eurihetorian Societies, as well as several friends of the College individually, have supplemented a grant of some hundreds of dollars made for this purpose by the Board of Governors, thus providing Professors and Students with invaluable aids to their educational work. It is confidently hoped that similar wise and generous donations and appropriations will be annually made.

The receipt during the past year of the following gifts is thankfully acknowledged:—

A large collection of Nova Scotia minerals and fossils, from the Rev. W. H. Hertz, Halifax.

A collection of Minerals from the United States, from H. A. Powell, B. A.

Minerals and Rocks from E. B. Ketchum, Esq., Albert Mines.

Sessional Papers for 1876-7; a complete set of Canadian Statutes, and Canadian Hansard for 1877; from Sir Albert J. Smith, Esq., K. C. M. G.

The following have been added to the Theological Library:—

The Speaker's Commentary, - 6 vols.

The Pope, the King, and the People, 2 "

The Beginnings of Christianity, - 1 "

The Puritan Divines, viz:—

Goodwin's Works, 11 vols.

Sibbes' Works, - 7 "

Adams' Works, - 3 "

Clarkson's Works, 3 "

Bibliotheca Sacra.

Princeton Review.
