CLIPPERS WILL PLAY TODAY AT FREDERICTON

Should the weather show signs of being favorable today the Clippers team will go to Fredericton and play the capital city team two games. The McBride's wonderful uphill fight of the past month has added considerably to their reputation outside the province and their appearance at Fredericton will be one of the most interesting events on this week's calendar of games.

H. Howe and McGovern will be the pitchers used against Fredericton, while Leo Callaghan may also accompany the team.

BRADLEY HAS SIGNED ON WITH REDS

Cleveland, Ohio, Aug. 15.—Third baseman Wm. Bradley who was given his unconditional release by the Cleveland baseball club two weeks ago, today accepted terms with the Cincinnati National League club and will join that team the latter part of the week.

American Riflemen Began Annual Match at Camp Perry Yesterday

By C. L. Gilman. Camp Perry, O., Aug. 15.—Fifteen hundred crack shots, from army, navy, national guard and civil life, are out gunning here for scores of medals, trophies and cups. The first bullets whizzed over the range today, opening the national rifle match of 1910. Until Aug. 26 they will bang away at targets, individually and by teams, at various distances and positions, under many different conditions and with a variety of weapons. When it is all over some fine records for keen eyesight and marksmanship will be recorded, and fresh impetus given to patriotic rivalry in this great war game.

One of the most interesting matches now this year, and designed to reproduce war conditions and pick the best "fighting shots," is the Evans skirmish match. Lucky for you, Gentle Sportsman, that you are not out here shooting the shoots for, like as not, you'd be "deader than a door nail" before you had "skirmished" five minutes worth.

Not that this great national rifle match is such a fatal affair, or the list of casualties so shocking—but, all the same, just steer clear of a skirmish match if it comes your way in the twilight. This is how they do it: Two teams, each with a captain and eight men, start out with 40 cartridges to the man, to see which can completely decimate the other. Man after man drops down and the carnage goes on until only a solitary survivor is left to tell the tale and count the score. Then the "dead" men pick themselves up and cart themselves off the field—to save ambulance hire. Of course the men aren't really dead, or wounded, but that's the way they are chalked up in the official score. What they really do is to fire alternately at targets which are shown and withdrawn at irregular intervals, the firing being done from various, uncertain distances. When one side scores a hit his opponent in the other

the finest products of the private makers in this match, but Czegka shot the rifle with which every soldier is armed. But the national shoot does not place a premium on specialized excellence alone, Maj. Wm. B. Martin, of the New Jersey national guard, has been hailed for a year as the unquestioned champion all-around shot with the military rifle at all ranges and all

styles of shooting. His was the highest aggregate score in the national individual and president's matches of 1909. The terms of these two contests are the same. They consist of one skirmish run in which 20 shots are fired at a black silhouette of a soldier in a prone position as the contestant is halted by bugle signal as he charges forward; 10 shots fired in 30 seconds at 200 yards; 10 deliberate shots each at 200, 600, 800 and 1000 yards. In the two matches combined it is possible for a contestant to score an aggregate total of 700. Maj. Martin fell only 64 points short of this—and beat his nearest competitor, Midshipman A. D. Denny, by only two points. In the national team match, teams of 12 men from each of the various branches and from the several states, the shoot a course similar to that of the president's match for the national championship. Last year the navy team won first place in Class A of this match with a score of 3801 out of a possible 4200. The regular infantry was second with a score of 3752, and the Massachusetts national guard a close third, with a total of 3727.

U. S. TENNIS PLAYERS IN TOURNAMENT

Newport, R. I., Aug. 15.—The 30th annual allcomers tournament in the National tennis championships was begun on the Casino courts today, 32 matches in the first round being disposed of, 21 by default, during a drizzle of rain. The only match played in the second round, that between M. E. McLaughlin, the youthful Californian and D. M. Grant, of Washington, former point holder of the southern doubles championship, was the feature of the day, McLaughlin winning easily 6-2, 6-1, 6-0. The soggy condition of the courts probably had much to do with the unusual length of the match between E. F. Leo and L. N. Thomas of New York. It required 58 games before Leo was returned a winner. The first set included 22 games.

HISTORY OF BINGEN, SIRE OF UHLAN

Uhlans' mile in 1:58.34 without the aid of a wind shield at Cleveland last week was one more triumph for the family of Bingen, 2:06.14. Perhaps no other trotting sire ever lived that at the same age was the progenitor of so many sensational young horses as are now credited to Bingen and his sons, Todd, 2:14.34, and Bingara. The sire of Uhlans is 17 years old. He has already founded a family which now promises to be one of the most important in the future history of the trotting horse. Besides being a great sire of early and extreme speed, Bingen is a model of the trotting horse type, not alone for light harness, but for heavy harness work as well. He has the form, substance, style, action and quality of a prize-winning carriage horse, and if he were not worth a fortune for the island capital, he would compete in the mile and five mile events against Fred Cameron, the Amherst wonder and expects to give a good account of himself. Other local runners who will compete are, Covey in the sprints and 440 and Walter Walsh, the school boy runner who has been doing excellent work in practice. Sterling and Covey will wear the colors of the Every Day Club and Walsh will probably carry the warpaint of the St. Peters Athletic Association.

ST. JOHN BOYS HAVE GONE TO CHARLOTTETOWN

St. John will be well represented at the M. P. A. A. championships which open in Charlottetown on Wednesday. Ernest W. Sterling with his trainer left at noon yesterday for the island capital. He will compete in the mile and five mile events against Fred Cameron, the Amherst wonder and expects to give a good account of himself. Other local runners who will compete are, Covey in the sprints and 440 and Walter Walsh, the school boy runner who has been doing excellent work in practice. Sterling and Covey will wear the colors of the Every Day Club and Walsh will probably carry the warpaint of the St. Peters Athletic Association.

Ahead in Auto Roll

FRED SNODGRASS.

What do you think of it? Here's a green, rank outsider coming in and using the champion bingers out of first place in the greatest automobile race ever pulled off. There's something besides glory in being the champ hitter in major league baseball this year—a big touring car is the prize that the best batter will receive on a silver platter. And it looked like Ty Cobb and Nap Lajoie would have the race all to themselves. Nobody in the National League seemed to have a standin. And then Larry slumped and the swarting Tiger began to sulk, while recruit Snodgrass of the New York Nationals began hustling to the front like a real auto racer. Snodgrass is so near the 400 mark that Larry and Ty get cold chills every time they think about that auto that they ought to win. "Snod" was picked up from a Los Angeles college team last season. He used to be a catcher, but Mugsy figured it out that a man who could rap the ball on the nose at such frequent intervals ought to get every chance to face the pitcher, so he made a crack-crack outfielder out of "Snod."

thing like \$40,000 for Bingen to place at the head of his 200-acre breeding farm at Raritan, N. J., now owns both the sire and the dam of Uhlans, the greatest trotter in the world. C. K. G. Billings, the owner of Uhlans, has this year bred Lou Dillon, 2:01, to the sire of the present champion.

NO HARNESS RACING AT MOOSEPATH

It would now seem as if the action of Maritime horsemen in barring the Yankees has in a large degree killed all interest in the game. None of the meets held so far have been well attended, and the entries in each case have not been up to expectations. And now comes the announcement that the meet to have been held here is off for the reason that, enough entries could not be secured to fill any one event. It was thought that many of the horses which competed on the Moncton track could be secured, but this was found impossible, and the management decided last night to call the whole thing off.

FORT HOWE STARS WON JUNIOR GAME

Things are climbing along toward the milky way over in the North End junior league nowadays. Donnelly, the crack pitcher of the Fort Howe Stars shot meters through ye Pirate nine on the St. Peter's church grounds last evening and with good support from the other members of the team, rolled up a dozen runs to the one of the seafaring men. An instance of a penny rolling over 4 pins was given by the Stars centrefielder making a homerun. Batteries for the winners—Donnelly, George and Gibbons; for the losers, White, Doherty and Gibbons.

The standing of the league is as follows: Fort Howe Stars won 11; lost 5. Silver Stars won 8; lost 6. Aarons won 8; lost 7. Pirates won 5; lost 12.

Nickel's Fine Show Gets Monster Crowds. Scintillating with witty passages and pretty to look upon, the comedy from the French entitled The Diplomacy of Susanne, by Miss Sadie Callhoun and her company at the Nickel, proved another sure hit last evening and though the evening was warm and close the business overflowed from 7:30 until almost ten o'clock. It was a most meritorious performance and the charming costumes worn and scenic effects made the sketch all the more enjoyable. Another fine feature in this programme was the crackerjack cowboy carnival film entitled Life in the Great Southwest. In this picture the most renowned lariat throwers, steer wrestlers, bronco busters and bulldoggers in America performed before the camera and there was not a moment but watchers were on the tiptoe of excitement. There was a prime Biograph too. Unexpectedly, Halp, and a howling comedy A Hunting Story Miss Prescott had a new song and the orchestra was as usual very entertaining. The great cowboy picture is to be shown again today.
