

HON. F. D. MONK DIED YESTERDAY

News of His Death Heard With Regret at Ottawa—Tributes by Premier Borden and Members of Commons.

Montreal, May 15.—The Hon. F. D. Monk, K. C., M. P., died this morning at 3.25 at his residence, 328 LaSalle street east. He was conscious to the last.

Around his bedside were his two sons, F. A. Monk and J. D. Monk, and his daughter; also the dead statesman's brother. The funeral arrangements are not yet completed.

Frederick Debarach Monk was born in Montreal on April 6, 1836. His earlier education was obtained at the Montreal College and then he went to McGill University, where he graduated B. C. L. in 1877.

For twelve years he was an active member of the Roman Catholic School Board. In 1892 he succeeded the late Sir J. A. Champé as professor of constitutional and international law in Laval University, where he was given the degree of LL. D. in 1890. He was created a Q. C. by the Earl of Derby, Governor General, in 1893. He became a member of the Borden Cabinet when it was formed in October, 1911. He resigned in October, 1912. He was married in January, 1879, to Marie Louise, eldest daughter of the late D. H. Senecal. She predeceased him.

Parliamentary Tributes

Ottawa, May 15.—The news of the death of Hon. F. D. Monk, although not unexpected, was received with deep regret at Ottawa. From the time he entered Parliament in 1896, he was one of the most highly respected men in the House, both on account of his natural ability and his personality. In later years he was recognized as a first class parliamentarian, and at debate he had few equals in Ottawa. He was equally at home in French or English, and was one of the best linguists in the House. He was an exceedingly sound constitutional lawyer and his advice on questions affecting parliamentary procedure or constitutional practice was always listened to with respect. Descended from one of the oldest families in Quebec, he had the courtesy and manners of the old school.

Premier Borden announced his death in the Commons this morning and tributes were paid to him by the Premier, Sir Wilfrid Laurier, Hon. L. P. Pelletier, Hon. C. J. Doherty and Hon. R. Lemieux.

At the funeral of Roy Connaught Williams which was held on Wednesday morning the service was conducted by Rev. G. P. Scovill, assisted by Rev. Craig Nickles of Westfield. Among the floral tributes which were numerous were a wreath from the family and flowers from many friends.

TWO WITNESSES TELL OF FIGHT

Mark Carey pleads guilty to unlawfully keeping liquor for sale—Will continue matter.

In the police court yesterday afternoon Mark Carey who was charged with unlawfully keeping liquor for sale on April 25th, pleaded guilty. He was represented by E. S. Ritchie.

He pleaded not guilty to resisting and assaulting Officer Lucas on Sunday afternoon last.

Percy Rising gave evidence that he witnessed Officer Lucas making the arrest in a yard off Lancaster Avenue. He said that Lucas and Carey climbed in the porch of a house and when they came out the door Lucas was bleeding at the mouth and nose and also at the back of the head. Carey was brandishing a closed knife. Finally the officer got this man down and had drawn his revolver, when another man came to his assistance and the handcuffs were placed on Carey's wrists. After being handcuffed Carey resisted and kicked the officer. The officer's collar was torn. The witness described it as one of the most disgraceful scenes that he had ever witnessed.

John Harding gave evidence of seeing the officer and the defendant in a clinch and of seeing something shining in Carey's hand during the fight. Witness went to the officer's assistance and helped place the handcuffs on the prisoner's wrists. The case was adjourned until Monday for a further hearing.

Wellington Turnbull, who had been reported by Officer Lucas for refusing to assist him in making the arrest gave the court, as an excuse, that he was physically unfit to assist the officer. The excuse was accepted and the charge was dismissed.

Other Cases.

William Pye and Harry Morrish were before the court having been reported for fighting on Barker street Tuesday night. The prisoner's evidence clearly showed that a fight had taken place, and the magistrate allowed the defendants to go on suspended sentence.

Joseph Dubor, a Frenchman, was arrested yesterday afternoon on the charge of using profane language in the I. C. R. depot. The prisoner took his arrest very hard and cried like a child. He said that he hailed from Montreal and as he had a ticket and intended to leave on the Pacific express yesterday afternoon, he was allowed to go under suspended sentence and told to sin no more.

FRANK T. WIGMORE DEAD IN WINDSOR

Brother of Commissioner of Water and Sewerage passed away after lengthy illness.

Commissioner Wigmore received a message announcing the death of his brother, Frank T. Wigmore, in Windsor, N. S., yesterday morning. While he knew that his brother had been ill Commissioner Wigmore did not think that his condition was serious and the word of his death yesterday came as a shock. Commissioner Wigmore will have the sympathy of the community in his bereavement.

Frank T. Wigmore was born in St. John thirty-eight years ago but left St. John when he was about twenty years of age and settled in Windsor where he was employed on the Dominion Atlantic Railway as a conductor on the Windsor-Toro train. Last August he became ill and his health had not permitted his working during the winter. He was very popular with the travelling public and will be greatly missed.

His father, Hazen Wigmore, of Windsor, survives him. Besides his wife he is survived by three children, Rupert W. Wigmore, commissioner of water and sewerage here, is the only other member of the family remaining.

Commissioner Wigmore will go to Windsor this morning to attend the funeral which will take place on Sunday.

Child's Protective Association.

Although the Child's Protective Association has not yet received letters patent of incorporation it expects to do so in a few days. The application of the association for incorporation has it is said, been dealt with by the Lieut-Governor in Council under the provisions of the amendment to the act adopted at the last session, and the necessary documents should be issued in a few days. The county council has voted the association the sum of \$1,500 provided the warden and county secretary could raise the money, there having been no provision in the appropriations for such a grant. It is believed the money will be forthcoming. As soon as the association receives its incorporation papers, and the money promised by the county council, it will get down to practical work. A. M. Belding, president of the association, with M. E. Agar and Mrs. E. A. Smith, vice-presidents, and Rev. J. C. B. Appell, provisional secretary.

Baby in Jail.

Some few nights ago two women and two men were arrested in a house on Brussels street on the charge of being inmates of a disorderly house. One of the women, Rita Dauphinae, had a five months old baby and it was taken along to the cells with her. The prisoners were remanded to jail and for the past few days the infant has been locked up in jail with its mother.

Oh yes, it was baseball (?) from the time of the game. There was more baseball at the finish than there was at the start. The only suitable excuse for the game was that the players had been asked to carry down to the field. Of late yesterday was the falling of Slatery at the critical stage of the game. He to whom the scribes had been asked to carry down to the field, he who was prime promoter of the event, old in experience, and in past years had been known as a scribe, a covary—doomed for a season to walk these walks by night—no longer a dark horse. What did he hobble in with his lumbering stride and at low three men to cross the plate? Yes; and why, also, was that Dever not allowed to carry down to the field? Hanson was prepared all the time to deliver the goods. When was there a sign of the game? What was the whole scheme? Did the paper boys, nothing more, wish to bate on an opponent who was making it appear that they were no ball players, or are the prominent scribes too aspiring the footholds. Surely there was graft somewhere.

The game opened smoothly and serenely with a few taps by the show men in the play hotspots. In the second inning when Zubelly at the plate for the actors warmed up and then came the excitement. The scribe came down like a wolf on the fold. Oh, rash youth, the scribes are not used to such moments of excitement and they are making it appear that they were no ball players, or are the prominent scribes too aspiring the footholds. RED ROSE MON AFTER FIERCE BOUT CONTEST

It was called Baseball, but there was something missing somewhere—Thirteen to ten.

A snappy and bright drama in five acts was staged yesterday afternoon on the Marathon grounds with the Scribes of the local dailies and the artists of the Red Rose Opera Company figuring in prominent roles. The setting was nice—sure, what else could it be with all those kid gloves checked suited, and creamed soaked sweet vocal ark lights arranged in the field, the dancing with the abbe and at times vigorous assistance of Zubell, the virtuous backdrop of the stage prancers, was good, particularly those fantastic movements featured between the acts. Probably the vocal efforts were pleasing, except when a particular part of the drama did not appeal to the serious minded individual behind the home sack. Then this principle of the Scribes had chosen to fill the leading roles allowed the scene to fall at a critical moment, hence the climax did not bring forth the result that the newspaper men would like. Baseball was the name that was given to the drama but it would have been more appropriate had the players allowed each witness of the offering to select a fit name for yesterday's presentation. Probably there are more than a dozen names that would be appropriate had the players allowed each witness of the offering to select a fit name for yesterday's presentation. Probably there are more than a dozen names that would be appropriate had the players allowed each witness of the offering to select a fit name for yesterday's presentation.

Well, to get down to business, and give the credit of baseball what the awful presentation was supposed to be—the official score of the game credits the squad from the Red Rose Company with having gained a victory over the newspaper men with a score of thirteen to ten. It is worth mentioning here, however, that the score and the only score kept, was that which was tallied by a long cadaverous artist of the Theopians and these fellows are used to getting anything for a song, so there is no telling how often he thought his men worthy of credit. However, the score will have to stand as it is. The Scribes must go down to defeat—won and lost—ever though one of their players did succeed in bringing in a score after a fly landed by him to centre had stuck fast in Hanson's mitt.

HALIFAX CHRONICLE STILL PLAYING THE GAME

Continued from page 1.

plans, the press was that through the political influence which they were able to bring to bear, the Royal Mail was "switched" from Halifax, and some of the better Allan boats were taken away from the port and sent to St. John, with the result that the mail service through the port of Halifax last winter was largely carried on by boats of the slower class.

What is to prevent this happening again? Under the arrangement which Mr. Foster announces will be renewed, there is nothing. In fact the door is left open for the very same political manipulation as occurred last year. Nominally, the steamship companies may be left free to select their own port. That will give the Government the opportunity to disclaim all responsibility. It is anybody's guess that if the steamship lines select Halifax as their mail port, as they did last season, the people of St. John will be again asked to agitate, send delegations to Ottawa, and the political club will be used to bring corporations, and are constantly in favour from the Government, to terms?

It is more than probable that again the threat of Mr. Hanson's resignation will be held over the Government, and quite probable also that another emissary from Premier Borden will come to Halifax with smooth promises that "everything will be all right" at Halifax, but that this or that line must be sent to St. John to save the political situation. Hanson was pulled last year. It should not be simple enough to accept the same "old trick" again.

The mail service is paid for by the people of Canada. It is the Government's duty not to leave the matter to the discretion or choice of any steamship company, or to the pulling or hauling of political partisans, but to settle the matter definitely at the start. It has been demonstrated beyond dispute that the British mails transported via the port of Halifax can be delivered at any point in Canada from 12 to 20 hours quicker than if they had been landed at St. John. This is the point of prime importance in making a contract for the carriage of the mails. The question of the cost of the port should not be left open to the manipulation of scheming politicians. The mail contract should expressly stipulate that the mails be landed at Halifax, for the simple reason that this route gives the quickest and best service, and consequently the best value to the people of Canada, for the million dollars which they annually pay the steamship companies for carrying the mails.

LIBERALS FIND NO GROUND FOR OPPOSING IT.

Ottawa, May 15.—The debate on the C. N. R. bill was continued this morning by Mr. Edmund Bristol, Centre Toronto.

Referring to the statements made by Mr. B. Bennett yesterday, Mr. Bristol said that the member for Calgary, if he implied that the government had been asked to consider the bill with the granting of this aid, he should make the straight charge, but members of the house would believe that if there had been any lobbying in connection with the granting of this aid, it would have been the worse for the man who did it.

When the government undertook to hold the C. N. R. they had better thoroughly investigated the finances of the road, not under oath but when there was anything but an auditor's investigation when the road was under another. It was said that MacKenzie and Mann had milked the C. N. R., but what the book of Commerce ever gave good for that. The road had gone for betterments. The road had carried one third of the grain of the west and two thirds of the east without a single life lost and yet, Mr. Bennett claimed that it could not operate successfully.

Graham did not agree that the C. N. R. main line in Ontario ran through a wilderness and that it was produced in a corner.

The ex-Minister of Railways pointed out that a cheaper method of ascertaining the cost of the road than by a bond guarantee would be for the government to borrow the money direct as it could do at lower rates than any private company and loan it to the C. N. R. As for the securities now owned by the government, he did not consider them real ones. If they were good why were they not being used to raise money? The fact of the matter was that the government was counting its securities over twice.

Mr. Graham then went on to claim that in the agreement made by his government in 1911 when they gave the C. N. R. the Ontario railway bonds, the agreement was made between the C. N. R. and I. C. R. had been provided for. As to the provision in the present agreement that traffic must be carried by the C. N. R. to Canadian points, he pointed out that where traffic should go depends entirely on the choice of the shipper and not the railroad.

Mr. Graham believed that something was due to MacKenzie and Mann, but why would they not, as the C. P. R. promoters had done, put their own money into the system. He thought that they should be asked to make affidavits as to the amount of their personal property above indebtedness and that this should be risked on the part of the government. If completed, control of it should be handed over to the government.

If I propose to extend my personal sympathy to the member for Calgary, (Mr. Bennett), said Mr. Carriek, "Disappointment in politics is like disappointment in love. It is liable to change the liveliest disposition. The House of Commons at the present time has no representative from Alberta in the cabinet and this is a bitter disappointment to the hon. member. The honorable would-be member of the cabinet has expressed jealousy of the Solicitor General in his speech. It is well known that he has been an aspirant of the position of Solicitor General himself.

The member for Calgary had the temerity to state that when he had made his speech the government would not be to give aid to the C. N. R. It is the irony of fate that we are sent down here to follow Mr. Borden rather than a bucking bronco from the west, "who would kick down the government bars, the back benches with would-be cabinet aspirations, the greatest railway authority in the world." It was understood, said Mr. Carriek,

MORE HONORS FOR CAPT. J. E. MCKINNON

Captain McKinnon of the steamer Westport, which was the assistant of the steamer Cobeguid at the time she went ashore on the Nova Scotia coast, is reported to be making rapid progress at the Kentville sanatorium. Captain McKinnon was in receipt of the following letter recently: Clon MacKinnon Society, 124 Gloucester street, Glasgow.

Capt. J. Edgar MacKinnon, S. S. Westport:

Dear Fellow Clansman—A full account of the Cobeguid disaster was read at a meeting of my directors held on the 4th of March and they were moved greatly by your heroism and full admiration for your gallantry shown on this occasion. I was therefore instructed to communicate to you their congratulations for rescuing without loss the passengers and crew of that ill-fated ship.

At the same time I was instructed to offer you honorary life membership of the Clan for heroism and I shall be glad to hear that you will accept. Yours fraternally,
DONALD MCKINNON,
Honorary Secretary.

Clergyman Endorses Cure of Nervous Prostration

Four Doctors Had Failed—Hope Given Up

Mrs. E. T. Ford, 55 McGee Street, Toronto, Ont., states:—"Some time ago I was ill from nervous prostration and for many weeks was in a very serious condition. I was treated by four different doctors without receiving any benefit from their treatment. I had quite given up hope when one day my husband saw Dr. Chase's advertisement, and it seemed so to suit my case that I bought a box of Nerve Food. I improved so rapidly that I continued using the Nerve Food, and I am thankful to say, it worked a complete cure. Since that time, we have never been without it in the house, and I gladly recommend it to all my neighbors."

Her Pastor's Endorsement

Rev. G. M. Holmes, Pastor of Eastern Ave. Baptist Church, Toronto, writes:—"I have known Mrs. Ford as a member of my church for over two years, and know that any statement she would make would be correct."

System Run Down—Awfully Nervous

Mrs. John Walfield, La Have Islands, Lunenburg Co., N.S., writes:—"Two years ago my system became greatly run down, and I was awfully nervous. It was very difficult for me to do my housework, and I felt very miserable. I doctored but did not receive any benefit until I began the use of Dr. Chase's Nerve Food. This medicine proved of wonderful benefit to me, building up the system and restoring health and strength. I always feel now that if I do get run down I can depend on Dr. Chase's Nerve Food to make me strong and well."

"My husband was troubled with dizziness and nervous headache, and was cured by the Nerve Food. He would not be without it in the home."

Giants will have ing machine in club house.

Motion pictures will play part in the big league baseball season, as far as the New York Giants are concerned. An agreement just entered up by President Hempstead and McGraw of the Giants and Atken, president of the National League, provides that the Giants will have a motion picture machine in their club house.

When McGraw saw the picture on the screen at the private room of the Mutual Film Co. he was so much impressed that he immediately ordered a projection machine for the Giants' club house at the Polo Grounds. He also ordered a motion picture machine for the regulars and also show the morning practice and graphed the opening game of the Giants and the Philadelphia Athletics.

Mr. Atken, who is a supporter, conceived the idea of the lessons of the National League baseball. He felt that ball player could be coached by motion pictures. He took his scheme to the Giants' leader was impressed. A large staff of motion picture photographers was sent to the Polo Grounds to take the morning practice and graphed the opening game of the Giants and the Philadelphia Athletics.
