THE DANDELION MAP.

About a week ago a young lady residing in Prince of Wales notified The Standard that she had picked a dandelion at that place. A few days later a young lady at Musquash sent in word that she had picked dandelions at her home, so Musquash was placed on the map. A letter received yesterday from Mary C. Mavor, of River de Chute, was accompanied by two dandelions which she picked at her home town on Saturday last. Still the war goes on.

THE WEATHER.

The weather man yesterday changed his mind considerably, and in the morning showered, on the just and the unjust, a cool rain, serving to dampen the spirits of the citizens, then towards evening he wielded the wand and forthwith the air was decidedly cooler, but nevertheless inviting to an extent. Then came the moon which the calendars and the weather-prophets say is "to be a warm one." However, exceptions somewhat occur (with due respect to the prophets) and sometimes the weather man has little or no conscience, giving the populace that which pleases him and disregards the wishes of the "wishers."

COLLISION ON THE MARSH ROAD

Motor Cycle Badly Broken up Last Night and Horse Severely Injured—Cycle Was Running Without a Light.

As a result of a collision between a motorcycle and a horse on the Marsh Road last night the horse will probably have to be shot, the bike was badly smashed and the owner will have to face a charge of running without a light.

About half past eight as Walter Marshall, driving a horse from Short's livery stable, was coming in the Marsh Road he was run into by motorcycle No. 234, owned by A. E. Nelson. The breast of the horse was badly torn and one leg received a long gash. The motorcycle which had a side car attached, was smashed up and it is understood one of the two passengers was quite badly cut about the forehead.

The motorcycle was running without lights at the time of the accident and the men who were running it left the wreck and got away as soon as possible.

The horse was brought to the city but will likely have to be destroyed as it lost a lot of blood.

The accident happened just around the turn past the one mile house and it is said the cycle was exceeding the speed limit at the time it occurred.

Today County Officer Saunders will lay information against the owner of the cycle for running without lights.

OFFICERS LOST THEIR PRISONERS

Two Drunks Escaped on Union Street Saturday Night When Crowd Surrounded Policemen.

On Saturday evening a policeman arrested a man on Union street for being drunk, while a sub-inspector placed another man in custody for a similar offence. There was a large crowd present at the time and immediately the officers were surrounded and during the pushing and shoving the prisoners managed to escape and were hustled away. This did not apparently satisfy the crowd, among which was a large number of boys who called names at the officers. There was nothing left for the policemen to do but proceed to police headquarters and they were followed by about 350 people, many in the assemblage being women who, like the majority of prisoners present, were there out of curiosity. They assembled in front of the police station and it is said that a stone was thrown through one of the windows. There were a few cheers from some of the younger element and after about ten minutes the crowd dispersed.

The chief of police was not in his office at the time and the commissioner of public safety was out of the city, but the report that spread over the city that there was a riot was greatly exaggerated.

THE FIRE HORN WILL BE USED

Ten Blasts Will Be Method to Notify Citizens When Armistice Terms Are Signed.

Mayor Hayes has asked the Commissioner of Public Safety to arrange some method to notify the citizens when the official word of the signing of the armistice terms comes. In pursuance with this request Commissioner McLellan has arranged that when the news arrives ten blasts will be blown on the fire horn. This will not be the signal for a celebration but only a notification to prepare for the celebration.

As soon as possible after the news reaches the city Mayor Hayes will issue a proclamation naming the date for the holiday and the official celebration when the big parade will be held.

FIREMEN HAD THREE CALLS

Slight Fires Saturday and Last Evening—No Great Damage Caused.

The firemen were given a run on Saturday evening for a fire in the premises of McDermid's Dress, Jack-dealers, Smyth street. The blaze did some damage to the lower flat of the store, but was soon put out. A still alarm was sent in about 8:15 Saturday evening for a blaze in a detached fire of a house on Sydney street. This was soon extinguished and no damage done.

Last evening about 6:30 o'clock the department responded to an alarm from box 142 and found a fire between the doors of a house owned by J. S. Gregory and occupied by Herbert Young on the corner of Camden and Portland streets. The blaze was quickly extinguished and very little damage was done.

ELEVEN YEAR OLD EDMUND L. CAMPBELL DIED FROM WOUND

With Two Other Boys Had Rifle in Vanwart's Barn Off Charlotte Street—Shot Through Lung—Died Yesterday.

Edmund L. Campbell, aged eleven years, son of Mrs. Katherine Campbell, 24 Harding street, died in the General Public Hospital yesterday afternoon at three o'clock, as the result of being shot about 8 o'clock Saturday evening while in the barn owned by Vanwart Bros., grocers, Charlotte street.

The little chap went to the barn with two other boys named Marteson and while there the elder of the Marteson boys attempted to take a small rifle from the hands of his younger brother Eynar Marteson, while doing so the rifle was discharged the bullet hitting the little Campbell boy and passing through both lungs, coming out behind the left shoulder.

At once the Campbell boy rushed into Vanwart's store and was later taken to Dick's drug store opposite where the wound was bandaged and later the patient was taken to the hospital.

While in the hospital he never lost consciousness but the doctors held out no hope for his recovery as he was hit in a vital organ, the lungs.

Later his mother visited him, and on Sunday morning paid him another visit. The afflicted mother stated last evening that while in the hospital the little lad talked natural, never losing consciousness until the afternoon, a short time before he died; and had told her about the late news of the war, especially of the abdication of the Kaiser and the other little things pertaining to his home. He told his mother while in the hospital regarding the manner in which he was shot, and what was stated above.

The little chap was bright and extremely popular among his playmates. He attended the school at St. Malachi's school, and was exceedingly clever in his studies.

The gun with which he was shot was a 32 calibre rim-fire Stevens rifle, and owned, it is stated, by little Eynar Marteson, who is now arrested on a charge of shooting young Campbell.

Deceased is survived by his widowed mother, Mrs. Katherine Campbell, two sisters, Madeline and Greta, and four brothers, Willard, Colin, Stephen at home, and one in France, who left here in 1914 with the First Divisional Ammunition Column.

Much sympathy is being expressed to the bereaved mother and family in their great bereavement.

Coroner F. L. Kenney will hold an inquest. A jury will be empanelled today, and after a hearing the inquest will adjourn until a later date.

HOW WAR AFFECTS MATTERS IN ENGLAND

Robert Morrison of London in the City—English People Rejoicing—England's Future Trade Conditions.

A remark which well illustrates the vast strides that the war has taken during the past year was made yesterday by Robert Morrison, of London, who is stopping at the Victoria Hotel. He stated that when he left England in August, the British people were expecting and looking forward to at least another year of stiff fighting before victory would crown the Allies' efforts. He was not expected on his return, which will be shortly, they will be celebrating the downfall of militarism.

Mr. Morrison is prominently identified with British business interests, optimistically referred to the future trade conditions in England, saying that there is a very flourishing condition and on the increase.

In closing Mr. Morrison cited a fact showing how the war had affected the centres of population. He stated that there was one spot in England where before the war the population was 200,000, but now there is a city of about forty thousand inhabitants, mainly interested in war work.

ARRANGEMENTS FOR BIG CELEBRATION

All Citizens Can Enter Floats in Parade Planning They Are Not of An Advertising Nature—Meeting This Morning.

In event of a celebration on the public holiday, proclaimed by His Worship, Mayor Hayes to commemorate the winning of the war, everything relating to a public celebration has been arranged with the exception of a few minor details which will be settled at a meeting this morning at ten o'clock in A. O. Skinner's store.

An automobile parade, as is advertised in the press, will mark the first event on that day. The cars will tour the whole city and return again to King Street East, parking on either side of the street in equal numbers, as is possible.

The next event on the programme is the parade of the citizens and all military units now stationed in the city will line up on the north side of King Square and starting out as follows: the Great War Veterans, the military units, (under their various commanders) each in its proper place, headed by the military bands, the Boy Scouts and Cadets under Major Magee, a city float drawn by four coal-black steeds on which will be stationed the mayor and commissioners. Following will be other floats which will be in care to enter (but said floats must not be in the parade as an advertising medium), all societies which may care to enter, the I. D. E. (King's Daughters) and all citizens in every walk of life. Four bands will be on hand to render patriotic music and any selections bearing on the issue.

The parade will start about 2 o'clock and the route of procession as follows: King Street East to Sydney, thence to south side King Square, down King to Prince William, along Prince William to St. James, thence to Westworth, Mecklenburg, Sydney, Waterloo, City Road, Paradise Row, Main street, Portland, High, Simonds, Main, Mill, Union, Charlotte and back to the north side of King Square, where the parade will disperse.

Floats may be entered from any mercantile place or corporation, but such floats as entered must not be entered as advertisements in any manner whatsoever. The idea is to make the affair a huge one, long to be remembered, and the various committees respectfully ask the co-operation of all citizens and that they get into line on the day of the parade and make it one grand and glorious day—long to be remembered by the masses.
