the introduction of bills After the introduction of bills in the house of commons today, Mr. Bell (Pictou), moved the following resolution: "That, in the opinion of this house there is no justification for the application of the diseased animals' act of Great Britain to Canadian cattle. The Canadian cattle at the time of the passing of the said act, and ever since, have been free from all contagious diseases. This house is of the opinion that the application of the said act to Canadian cattle has an injurious effect upon the cattle trade of this country. This house regrets that the representative of Canadian cattle trade of this country. This house regrets that the representative of Canada at the colonial conference utterly failed to obtain any redress or promise of redress for this grievance. This house further regrets that this government has not succeeded by more vigorous protests or by other effective steps in finding means to obtain the removal of the unjust restrictions of the sale of Canadian visits in Greet Railway.

The vote of \$8,000 for the supply of water to the quarantine station at Particle Island, St. John, was explained by the water to the quarantine station at Particle Island, St. John, was explained by the water to the quarantine station at Particle Island, St. John, was explained by the particle Island, St. John was explain

cattle in Great Britain.

Mr. Fielding said the time was not favorable for such a resolution. In the first place it was a vote of want of confidence in the government and upon these grounds it could not be accepted. In the second place a resolution for papers on the subject was passed by the house a few days ago and until they were protuced so that it might be seen what the government had done, it would not be right to mass Mr. Bell's motion.

Hon. Mr. Sutherland. This year the supply of water to the station by boat cost of the maintenance would be \$18,500 from the shore to the buildings on the island. This vote will complete the work.

SPEAKER'S SORE THROAT.

THE POPULAR GOUNTY GLERK OF THE CITY OF SAN FRANCISC

Hon. Wm. A. Deane, Clerk of the city and county of San Francisco, was Chief Deputy in the office of his predecessor during the latter part of his term. He is a Native Son, having been born and raised in the city of San Francisco, and has for many years been prominently identified with the Order of Native Sons of the Golden West, as well as other fraternal organizations. He is an exceptionally popular young man, socially and politically also, as evidenced by the ballots cast at the late election, he having defeated his opponent for the office of County Clerk by nearly 8,000 votes.

By Hartman Mr. by nearly 8,000 votes.

In a letter written January 28, 1899, from San Francisco, to Dr. Hartman, Mr. Arlington," 64 Montague street, BrookDeane has the following to say of Peruna:

The Peruna Medicine Co., Columbus, Ohio.

The Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—"I would not be without Peruna, as I have found it to be the best remedy for catarrhal complaints that I have ever used. I have tried most all of the so-called catarrh remedies advertised, and can conscientiously say that of all the remedies for catarrhal complaints recommended to me none have been so beneficial as Peruna."—WILLIAM A. DEANE.

CATARRH assumes different phases in different organs seem to be the principal seat of the catarrh. In the winter the catarrh. In the winter the catarrh is more frequent in the head, throat and respiratory of the principal seat of the catarrh, summer catarrh, and quent in the head, throat and respiratory of the catarrh.

to chiefly affect the stomach and nervous system. In the summer the bowels suffer the oftenest; while in the autumn the liver and kidneys seem to be particularly subject to the ravages of catarrh. Of course it is not meant by this that catarrh is absolutely confined to these parts of the body during the season to which we have assigned them. Catarrh may attack any organ in any season of the year, but the liabilities are so much greater for catarrh to attack particult organs in certain seasons that these four distinet varieties have become recognized. Mr. Robert Douglas, Homeopathic Specialist, cor. 6th and F Sts., N. W., Washington, D. C., in a recent letter to the Peruna Medicine Co., of Columbus, O., has the following to say concerning their noted catarrh remedy, Peruna:

"I have been a practicing physician for some years, during which time I have administered Peruna to a number of my patients for colds, catarrh and general debility with great benefit to them. I have paid particular attention to its effects, and I have absolute continuous in its constitutions would be a second to the second fidence in its curative qualities, and have no hesitation in giving it a most emphatic endorsement," Hon. Clement M. Hammond is one of the best known newspaper men in New
