The Mount Allison Examination.

SACKVILLE, May 26. The College examinations have concluded satisfactorily and to-day the classes in both of the Academies are being examined.

Last evening Prof. Burleigh delivered the Anniversary Sermon in Lingley Hall to a large audience.

To-night the Annual Oration will be pronounced by Rev. A. S. Desbrisay of Windsor, N. S., and Miss Melish will read an original poem.

The result of all the examinations is so far highly creditable to all concerned. Great interest is taken in the proceedings, and the number of strangers is large.

The St. John Press is well represented, the News, Telegraph and Tribune each having its Reporter.

A large number of St. John gentlemen are here, and everywhere new faces and unfamiliar figures are seen.

No train has arrived as yet, the Express being disabled near Salisbury.

LONDON, May 24. Consols 93 7/8.

The Pope contemplates anathematizing the Italian Cabinet and all other parties engaged in secularizing monasteries.

President Thiers expects fourteen more majority in the Assembly. If defeated, he is prepared to resign. Expecting disturbances, the Minister of War has ordered Generals Chazuy and Duroc to join their commands at Tours and Nancy.

The debate upon the interpellation of the Government was resumed this morning. M. Thiers addressed the Assembly urging the definite establishment of a Republic, and was loudly cheered by the Left, while the Right remained silent. At the conclusion of M. Thiers' speech, the Assembly adjourned for a recess.

The Prince of Wales is visiting his sister, the Crown Princess of Prussia, at Darmstadt.

The Carlisle date the butchery of their prisoners at San Anger, but are ready for their exchange.

The weather is fair and favorable throughout England.

To-day being the birthday of the Queen, was observed as a half holiday, and salutes, ringing of bells and reviews of troops take place. In the evening London will be illuminated.

NEW YORK, May 24. The weather is again warm to-day. Flags are hoisted on the shipping in the harbor in honor of Queen Victoria's birthday, and a salute was fired at noon from various British steamers in the port.

The British steamer Lord of the Isles is several days overdue from Hong Kong. The heaviest storm of wind, rain and hail known there for years occurred at Cairo, Ill., yesterday afternoon. The hail fell for thirty minutes and rain nearly six inches.

THE GREAT TORNAO—SHORT KILLED AND MANY WOUNDED—A VILLAGE DESTROYED.

CHICAGO, May 24. A special from the tornado in Washington, Iowa, adds nothing to the previous despatches. The extent of the damage is so great, as despatches from along its supposed route outside of Washington County in answer to telegraph inquiries, report that it did not reach them.

McDonough, Ill., where almost a precisely similar tornado occurred about the same time is some 250 miles, a little east by south of Washington County, Iowa.

WASHINGTON, Iowa, May 24. Additional particulars of the tornado make the damage greater than has heretofore been reported. Six more persons died, making eight in all. The number of the victims not before reported, are: Leta Housh, Mr. Davidson, a daughter of Jacob Seck, and two children of the Seck family. There are many others whose lives are despaired of. These are all reported within 6 or 8 miles on the line of the storm.

To what extent the storm raged in other parts of the country is not yet learned. An enormous amount of property has been destroyed. It is impossible to describe the scene after everything carried away, as if the water had left everything in complete ruin.

The force of the storm was such that nothing resisted it. Heavy objects were carried over a quarter of a mile and thrown to the ground with such violence as to half imbue them in the earth. Wagons and farm implements of all kinds were thrown all around and even the spokes were broken out of the wagon wheels. A hog was found pierced through and plucked to the ground by a spike of timber, two by four inches. Over 1000 persons from this place visited the scene yesterday and considered all the assistance in their power to the sufferers.

A telegram from Sigourney says that at Lancaster every house but one was entirely destroyed, but no one is reported killed, though many were seriously hurt.

FAIRBANKS, May 25. THIEVES REIGNING AND MARSHALL MACMAHON MADE PRESIDENT.

The Thiers Government was defeated in the French Assembly Saturday by a small majority. Intense excitement followed. The Ministers tendered their resignations, which were accepted by Thiers, who then resigned the Presidency. A motion to appoint a new President caused a tumult in the Assembly, the Left moving that Thiers' resignation should not be accepted. The latter motion was lost by a vote of 388 to 339, and Marshall MacMahon was chosen President by 390 votes—the Left abstaining from the ballot. MacMahon accepted and it was announced that the Ministers would retain their offices temporarily. The people were greatly excited, but no disturbance occurred.

SUNDAY EVENING.

The change in the Presidency has been accomplished without the slightest disturbance. Perfect order prevails throughout France. Troops have been confined to their barracks since yesterday morning, but all is quiet in Paris and there are no signs of disorder in the departments. Radical journals to-day are calm in tone, they recommend prudence and wisdom on the part of the Republicans, and urge peace and strict adherence to the law. Gambetta has issued a manifesto calling on Republicans to respect the law.

MUSIC ON THE FIVE.

A moving spectacle will be seen at Lee's Opera House this evening. The policemen stopped the band from playing, Friday evening, on the sidewalk, and it will play in front of the Opera House to-night moving up and down the sidewalk, from one end of the house to the other, and thus fulfilling the police injunction to keep moving.
