ACCIDENTAL DEATH
JURY'S VERDICT IN
MURRAY INQUESTRecommendation That Police
Watch House Where Fatal
Burns Were Received.

After being out about 20 minutes, the jury empaneled in connection with the inquest of Thomas Murray, who was burned Saturday, decided last night, at the police station that death was accidental, and recommended that the house, 905 Maitland street, where he received the burns which caused his death, be kept under police supervision. Alfred Hill, who keeps the house, stated that Murray had been rooming with him for four months. The deceased came in between 7 and 8 o'clock Friday night. A third man, Redmond, was also in the house. The three were drinking during the evening. Percy Murray, brother of the dead man, came into the house about 9:30 p.m. and went direct to his room. Hill said that he did not know any of the details of the accident, as he had slept, while the fire was in progress. When he awoke, it was daylight, and Redmond was still in bed.

Conducted Post-Mortem.

Dr. Fred Banton, who conducted the post-mortem, testified that death was due to burns received.

John Redmond, who claimed that he was a hattermaker, said that he had been on two weeks' holiday and had been staying at Hill's house.

When asked if he had paid Hill any money, he said that he had given him \$5. Being asked if he signed a check for \$75 he said: "I don't think this has anything to do with this inquest."

Later he said that he intended to get the money for himself.

Percy Murray stated that about 3 o'clock on Saturday morning he heard someone fall. He also saw the reflection of the fire. He ran into the dining-room and found his brother burning. He wrapped blankets around him and put out the flames. Then he placed him out in front of the house so that he could get fresh air. A man came across the road came to the door and asked if the fire department was needed. Murray asked him to get an ambulance but not the police ambulance.

Called the Ambulance.

George Schaefer, 902 Maitland street, told of smelling the fire and going to the house. He was asked to call an ambulance but not the police ambulance. He helped put the burned man in the ambulance when it came.

A. L. Outman said that he was called to the house, and the deceased was unconscious. He took him to Victoria Hospital.

Hill was recalled to the witness stand and asked if he had been quarrelling with Murray or Redmond. He said that he had not, but that he had been quarrelling with a neighbor on Thursday.

SOUTH LONDON HOUSE

DAMAGED BY FIRE

Elmwood Avenue Blaze Starts in the

Kitchen and Spreads To Roof.

The home of Mrs. M. B. Allison, 139

Elmwood avenue, was heavily damaged

by a fire about 5 o'clock Thursday after-

noon. The blaze presumably originating

from the kitchen fire, spread to the

kitchen fire, spread to the roof, and

was alone in the house at the time, had left the kitchen for a few

moments, when she heard the crackling

of the flames. The fire swept up the

walls of the kitchen into the roof and

attic over the front part of the house,

gaining a headway that required some

hard work on the part of the fire de-

partment to stop. The contents of the

entire house were badly damaged by

smoke and water.

Terms of \$6,000,000 Provincial Issue Are Exceptionally Favorable.

TORONTO, March 31.—The Province of Ontario borrowed on exceptionally favorable terms today when it accepted the offer of 99.53 on a \$6,000,000 issue of 6 per cent six months' treasury bills, thereby paying approximately \$6.10 for its money, with interest and principal payable in Canadian funds in Toronto and Montreal. Eighteen local houses comprised the syndicate which was awarded the issue, so that an especially strong agency will be employed in distribution of the notes.

WOODSTOCK TO VOTE
ON \$100,000 BYLAWIf Carried Accommodation At
the Hospital Will Be
Doubled.

WOODSTOCK, March 31.—A bylaw providing for a grant of \$65,000 to the local hospital will be voted on April 25. It is the aim of the hospital board to build a one-story building of modern design to cost in the neighborhood of \$100,000, which will double the present accommodation. The county of Oxford has already made a grant of \$20,000 towards the cost. After five days of receiving additions to the voters' lists for the coming referendum vote, A. H. Ball, police magistrate, announced tonight that about 150 names had been added with the prospect of a total of about 250 before the close of registration. The revising officer has decided to hold night sessions Friday and Saturday nights.

struction engineer, whose long sojourn in Africa has made him anything but a "lady's man." On his return from exile he falls easy prey to an amateur "vampire" in the person of a stage-struck young society belle. To win a wager, which would give her a leading part in a coming stage success, she successfully "vamps" the young engineer. He is deeply mortified when he discovers that she is trifling. He resolves to try the rough-and-ready methods of the African jungle, and accordingly kidnaps the "vamp." Subsequent development in his lonely mountain lodge work up to a decidedly dramatic climax.

SPECIAL MEETINGS
TO AID TEMPERANCE

Wardville, March 30.—The temperance forces of this village and church community have arranged for three union services in the interests of the coming referendum vote, on three Sunday evenings, in the different churches. The first will be held Sunday evening next in the Methodist Church, when the Rev. R. A. Miller of Mount Brydges will be the speaker. There will also be one or two union meetings in the town hall. The village council is busy staking out the village in preparation for the erection of the Hydro poles. Mrs. (Rev.) Dr. Huser gave two addresses in Kent Bridge on Sunday on behalf of the Women's Missionary Society. Robert Yates is getting material on the ground for his new store to be erected on Main street.

LOBO SCHOOL BOARD
SECURES NEW TEACHER

Lofo, March 31.—The Lobo School Board has secured the services of Mrs. Langford. Her duties commence April 4, and continue until the end of June. Charles Tuckey will start work shortly on a fine new residence and has awarded the contract to John Irvin of Lobo Village. A most enjoyable time was spent in the town hall at Melrose on Monday evening, when the people of the vicinity gathered to farewell Mr. and Mrs. Furey, prior to their departure for Bay City today. Following an impromptu program, an eulogistic address was read by Carling Gray, and little Kathleen Colver presented Mr. and Mrs. Furey with a handsome comb and brush. Mr. Furey replied suitably.
