SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once, according to Lieutenant Shelton Wright of the American Red Cross Commission to Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of refugee wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus, have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, both under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark, and "soup" out of grass and water. Lieutenant Wright reported. There was unspeakable joy among them when the American ships, loaded with relief supplies, purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports.

In spite of the fact that the American Jewish Relief Agencies are spending almost \$2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every boxcar full of refugees returning to their homes has in it those who die along the way and those who have contracted typhus," Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by filth and lice."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing and bedding from Canada and the United States reach them before the cold weather sets in.

Weak Eyes

That drawn, squinting expression; seen on the faces of many older people is often erroneously attributed to age, or a "life of care" or "raising a large family." Such alleged reasons may occasionally be valid ones; but the fact still remains that these unnatural facial conditions are OFTEN due to defective eyes and the need of right glasses to remove muscular and nervous strain. Save your nervous energy. Let innominate glass do the work now imposed on overtaxed muscular and nerve force.
