## TWO PROHIBITION BILLS SECURE THIRD READING

Three Months After Request by Legislature Dominion May Hold  
Bone-Dry Referendum—Second Bill Prohibits Illegal  
Manufacture.

HOUSE SITS ON SUNDAY.

Ottawa, Nov. 10.—Parliament wiped precedent aside at midnight on Saturday and decided to continue the sittings into Sunday in order to give third reading on the federal prohibition bill, to have it ready for the Senate on Monday morning. As a matter of fact there were two liquor bills passed, the first one earlier in the day, was to prohibit the manufacture of liquor for illegal purposes. This is only a matter of form.

During the 45 minutes the House sat after midnight, two prayers against the proceeding were voiced by French Canadian members. Mr. LaFortune produced the Lord's Day Act to prove that it was Sunday, and declared the action of the House to be unchristian work.

In the rush of the last day the order paper was cleared with the exception of the supply bill. This will be taken up to-day together with some minor bills from the Senate and the Upper House disposes of the prohibition will take place about 4 o'clock Monday afternoon.

Supplies voted during the afternoon and evening totalled over \$25,000,000. The big item was \$40,000,000 to carry out the recommendations of the soldiers' committee. The next largest item was \$20,000,000 for soldiers' land settlement.

At the morning sitting the House on a division of 57 to 28 concurred in the Senate amendment to the Grand Trunk bill providing that the award of arbitrators must not yield more than \$5,000,000 per annum to the shareholders in dividends.

New Temperance Bill.

The bill to amend the Canada Temperance Act contains no reference to the manufacture of liquor, which means that manufacture for export will be allowable and that any plebiscite which is taken at the request of a province will deal with the matter of importation only.

Manufacture of liquor was dealt with in the bill passed early in the day.

EPIDEMIC IS NOT  
LOSING STRENGTH

TORONTO, Nov. 10.—The smallpox epidemic had not by any means abated. It is the opinion of Dr. Hastings that physicians are not reporting all cases, but are taking advantage of the fact that in so many instances the symptoms very closely resemble chickenpox and are therefore giving their patients the benefit of the doubt as they realize the inconvenience of having a home quarantined during the illness of the patient. There may be as many as 2000 cases of smallpox in the city.

During the past 48 hours, 50 new cases of smallpox were reported at the Department of Health. One case was sent to the Isolation Hospital and the remaining 49 were quarantined in their own homes. This makes a total of 109 known cases now in the city. Twenty are in the hospital and the balance are in their homes. There are 123 homes, in which patients are being treated and 138 homes in which there are other cases or persons quarantined who were exposed to the disease. 50 persons are under quarantine.

SAND CAVED IN,  
ESCAPED BURIAL

Mr. Herbert Dyke Slightly Injured

What might have been a serious accident occurred on Saturday when Mr. Herbert Dyke of 146 Peter Street, was hurled about twenty feet in a cave-in of part of the gravel pit owned by his employer, Mr. Casper Braun, on Mill Street. As it is Mr. Dyke was bruised and his limbs strained, the result necessitating his remaining off duty for some time.

Mr. Dyke was engaged in loading sand when without warning the sand overhead fell on him. While he was thrown about twenty feet he was not buried and fellow workmen were able to come to his assistance. He was soon afterwards removed to his home. While he will not be able to resume his duties for some time, no serious results are anticipated from the experience.

OPPOSITION TO  
MACKENZIE KING

NEWMARKET, Oct. 10.—The United Farmers of North York will try their fortune in Dominion politics. At a meeting Saturday afternoon they decided to enter a candidate in the Federal arena. If Hon. W. L. Mackenzie King, leader of the Liberal party, addresses to his intention of seeking election in North York, the Farmers think they can defeat him.

STEAMER IONIC AGROUND

KINGSTON, Nov. 10.—The Donnelly Wrecking Company sent a wrecking outfit to the Morrisburg Canal this morning to assist the steamer Ionic which is aground.

This bill prohibits the manufacture of liquor when it is known that it will be used in violation of the law of the province in which it is manufactured.

The first bill provides that a plebiscite will be taken only in such province as is prohibited the sale of liquor; three years must elapse between petitions from any one province for a plebiscite.

Mr. Gus Porter moved an amendment providing for a three-fifths vote instead of a bare majority to make a plebiscite effective. This was defeated on a standing vote of 14 to 8.

Hon. Mackenzie King observed that the bill was neither provincial nor Dominion temperance legislation, but merely enabling legislation. He characterized it as "humbug."

Mr. King said the present order-in-council would terminate with the proclamation of peace. Would the proposed bill make a particle of difference in conditions if it were law to-morrow?

Mr. Doherty replied that once the bill became law any province which desired the importation of liquor prohibited had but to send, through its Legislature, the petition for the taking of a plebiscite and when that had been taken, if the vote favored prohibition of imports that prohibition would be enforced.

One amendment by the Minister of Justice, one provides that a province having decided in favor of prohibition of importation and manufacture may at a later date return to former conditions if a majority of the people so desired.

The second bill prohibits the manufacture of intoxicating liquor when it is known or intended that such liquor will be used in violation of the law of the province in which it is manufactured.

Mr. D. B. McKenzie protested that the amendment placed the burden of proof on the accused and there was a departure from the British principle of a man being innocent until he is proven guilty.

ENGLAND GREET  
FRENCH PRESIDENT

LONDON, Nov. 10.—The bonds of friendship which held Great Britain and France together through five long years of war will be further tightened by the visit of the President of the French Republic and Mme. Poincare, who are due to arrive in England to-morrow to become the guests of King George and the British nation. All of the newspapers have printed advance editorials in welcome to the chief executive of the republic across the channel, and it is expected that his sojourn in London will impart additional solidarity and warmth to the existing relations.

The President and Mme. Poincare will be accompanied by Stephen Pichon, the French Minister of Foreign Affairs; General Penelon, Admiral Grandclément, and several other representatives of the French government, army and navy. In deference to the wishes of the visitors and also in accordance with the spirit of the times, the program of entertainment will be much less elaborate than that which marked the visit of President Loubet to London some years ago. However, it is expected that the program will include the customary civic reception at Mansion House, together with a state dinner at Buckingham Palace and probably a gala performance at the opera.

STUDENTS MUST  
PAY FOR DAMAGE

(Special to Record.)

KINGSTON, Nov. 10.—Queens Alma Mater Society will not pay for the damage done by students on Halloween. D. P. Brangan, manager of the Grand Opera House, sent in his account for damages, but the society placed itself on record as being opposed to any such conduct on the part of the students and refused to pay for any damages. Proceedings will now likely be taken against individuals for damages.

LADY IN PULPIT  
DRAWS PEOPLE

(Special to Record.)

TORONTO, Nov. 10.—At Victoria Presbyterian Church yesterday morning Mrs. McKerrill occupied her Sunday pulpit. The announcement that she would do so, attracted a crowded congregation, and although the lady preacher professed her disapproval of practices of profane discourse by the selection of scriptural text she delivered a very interesting and forcible forward movement address.

Edward Malone, a fireman, of East London, was electrocuted by touching a live wire on a Hydro line.

WET FOR LONG TIME

Will Take Perhaps a Year to Introduce Federal Ban on Importation and Manufacture.

OTTAWA, Nov. 10.—To-day the Senate will take up the prohibition bill passed Sunday morning by the Commons, and there is much speculation as to the action of the Upper House. The prohibition bill passed by the Commons and which comes before the Senate to-day, gives the provincial legislatures the right to invoke federal authority to end the importation and the manufacture for domestic consumption (but not for export) of liquors.

The "wet" spell will come—in Ontario, for instance—because the petitions from this ban from the Legislature may not be presented for some months, and may not be effective for a year, while the war-time order-in-council which now prohibits the importation of liquor into a province expires with the proclamation of peace, which is expected to come this month, perhaps this week.

AUTO STOLEN  
LAST EVENING

While Owner Attended Church Services.

Automobile thieves are in the city. Last evening Mr. C. A. Kern, Ford roadster was snatched by an unknown party. The car, which is a new one and had been secured by Mr. Kern only a few days previously, had been left in front of the First English Lutheran Church where Mr. Kern was in attendance. About ten minutes later he heard the noise of the cranking of a car outside while at the moment he thought that it was from his car, he paid no attention to it, and forgot the incident. After the services he found that the machine had disappeared. The guilty person is unknown and the matter has been reported to the police.

ALLIES WILL NOT INTERFERE

PARIS, Nov. 10.—The Supreme Council has decided not to interfere with German municipal elections now being held in areas where plebiscites are to be taken under the peace treaty. It has decided, however, that such elections will be in no way binding upon the Allies.

LINDSAY GETTING UP-TO-DATE

LINDSAY, Nov. 10.—Milk prices advanced two cents per quart here to-day. The price is 14 cents, and the visit of Toronto dairymen to this section in search of milk is given as the cause for the increase.

TWO FIRES AT LINDSAY

LINDSAY, Nov. 10.—Two fires occurred here yesterday, the dwelling of Town Clerk D. Ray was badly scorched and the unoccupied residence of Thos. Melnis on Duke Street was burned to the ground. In both cases the cause is unknown.

The Welland City Council has been asked by the Aero Club to establish an airfield.

KING ALBERT BIDS FAREWELL TO AMERICA—What was the King of Belgium saying to Queen Elizabeth, as she wistfully looks at the fast disappearing shore on their departure from Norfolk, Va., on the S. S. George Washington, on the return trip to their country? Probably he was expressing his regret that he had not been able to visit Canada?

HOLLAND SAYS  
HOHENZOLLERN  
ARE REFUGEES

THE HAGUE, Nov. 10.—Former Emperor Wilhelm came to Holland a year ago to-day. During this time there has been no demand, officially or unofficially, for his extradition or delivery to the Allies, nor has Holland at all changed its viewpoint towards him.

Holland's viewpoint as regards Wilhelm Hohenzollern may be stated as follows: The Netherlands, which for centuries has accorded political refuge to all, considers the former kaiser and crown prince as refugees and entitled to the same rights as any plain Johann Schmidt who fled to Holland during the war.

This principle is so strongly held by Government, and also by the press of Holland, that nothing is likely to change it. The Dutch Government has made up its mind as to its conduct in case the surrender is asked for.

If they desired to insist on the privilege, both the Hohenzollerns would be free to go where they liked, as they are in no sense prisoners. However, they apparently have agreed to remain where they now are, the father at Amerongen and his son at Wieringen.

While it is possible that Frederick William may return to Germany some day, official circles in the Hague are inclined to the belief that Wilhelm Hohenzollern is content to settle down to the life of a country gentleman at Doorn, where he has been permitted to buy a small estate, because his long stay at Amerongen seemed unfair to Count Von Bentinck whose castle he occupies.

Although a number of purported interviews with the former Emperor have been published, the fact is that he never has spoken for publication.

SENATE LIKELY  
TO APPROVE BILL

(Special to Record.)

OTTAWA, Nov. 10.—If this morning's debate is any indication the Senate will pass the government bill to amend the Canada Temperance Act on the matter of prohibiting importation of liquor.

The amendment of Senator Ross to shelve the bill received but little support, while a large number of speakers advised strongly in favor of taking heed of public opinion.

Hardly any of the French-Canadian representatives were present this morning. Until their attitude is made known it is impossible to definitely guess at the final result.

While two boys were playing with a loaded shotgun at Toronto one was shot and dangerously wounded. Principal William Linton, head of Victoria School, Galt, twenty years and who has been forty-five years in the teaching profession has resigned.

L. D. Walker, Ottawa, has been appointed junior engineer on the Welland Canal construction.

DRILLER TO BE  
HERE SHORTLY

Will Sink Well on Shoemaker Ave.

"We are waiting for the driller. As soon as he arrives work on drilling for another look well near Shoemaker Ave. will be commenced." Superintendent H. Hymmen of the Waterworks said to-day.

Asked about the new well on Strange Street, the Superintendent said the pumping apparatus is being installed and it is the intention to make the connection with the main on Strange Street as soon as possible.

In regard to the Bridgeport tests, Mr. Hymmen remarked that as there is sand in some of the wells the services of the driller are also being awaited there.

This sand is to be taken out. The test on two wells produced 645,000 gallons a day which is considered very satisfactory.

Mr. Hartley, the driller, may arrive any day from Aurora where he has carried out a contract.

TORONTO SHOWS  
WET MAJORITY  
ON QUESTION 4

(Special to Record.)

TORONTO, Nov. 10.—Referendum returns for the city of Toronto show indubitably that the "No's" have it on the first three questions, while a "Yes" majority was registered on the fourth.

The total vote cast was:  
Question No. 1. Yes 74,593, No 89,816.  
Question No. 2. Yes 81,751, No 82,703.  
Question No. 3. Yes 78,251, No 85,980.  
Question No. 4. Yes 84,692, No 79,758.

319,327 338,257.

PRINCE OF WALES  
NEXT GOVERNOR

Reaches Washington To-day and New York in a Week.

OTTAWA, Nov. 10.—Because the Prince of Wales has said that when he leaves Canada it is "au revoir," and not "good-bye," there is talk in official circles of the possibility that he may return to Canada in a year or two as Governor-General.

The Prince will cross the Canadian border into the United States today. A week from Tuesday he will arrive in New York for a five-day visit.

When Prince Edward attends special service at Trinity Church on the second day of his New York visit he will be escorted to a pew which was occupied by his grandfather, King Edward VII, October 14th, 1890.

Tomorrow at noon Vice-President Marshall will meet the Prince at Washington. Thursday afternoon the Prince will visit Mount Vernon. On Friday he visits the Naval Academy at Annapolis.

MRS. FRED LAMBKA  
CALLED IN DEATH

The sudden death took place on Saturday morning of Mrs. (Wilhelmina Priebe) Lambka, beloved wife of Mr. Fred Lambka 83 Walter street, the cause of death being a stroke of paralysis. The deceased appeared in her usual good health Friday night and her sudden passing away has cast a gloom over the community who deeply sympathize with the family in their hour of bereavement. The deceased was born in Germany and came to this country when 6 months old and the past 8 years has resided in this city when her kind and loving disposition endeared her to a host of friends who will regret at her passing away. She was aged 54 years 11 months and 8 days. To mourn her loss there are left the sorrowing husband, two sons, Irvin and William and two daughters, William and Annie all of this city. One son Edward made the supreme sacrifice about one year ago, his widow and little daughter also surviving. Three brothers, Charles of Haliburton, Fred of Cochrane and Gustave of Williamsburg and one sister, Mrs. Plant of Powassan also survive.

The funeral will be held on Tuesday afternoon at 2 o'clock from her late residence to Mt. Hope Cemetery for interment.

The "Canadian Spinner" was launched Saturday at the Canadian Vickers Yards, Montreal, being the seventy-first vessel turned out since the firm began building ships there in 1914.

VICTORY LOAN SCORE-BOARD.  
FOR NORTH WATERLOO TODAY

Kitchener	\$627,800
Waterloo	128,200
Elmira	54,700
New Hamburg	66,750
Wellesley Twp.	71,100
Woodville Twp.	59,800
Wilmot Twp.	102,850
Waterloo Twp.	34,750
Grand Total	\$1,260,950

That parade Saturday night was the crowning effort of Employees week. Oh how those boys and girls gunned. They have 70 per cent of their objective with the last week cleared for action.

This is the last week. Make sure you are right with yourself and your Country. Feed the way you should like everyone having his own job and taking a pride in it.

If a Canvasser hasn't called on you—Phone Headquarters 777 and we'll do the rest.

AERIAL ATTACK ON CITY  
WAS MADE SUCCESSFULLY

Bombs and Victory Bonds Dropped By Aviator R. G. Russel of Toronto, Over Heads of Thousands of Interested Spectators.

WHO WILL FIND THE BONDS?

The attack from the air is past but not the whole offensive. Heavy attacks are still being launched against the city and the rest of North Waterloo in the national-wide offensive on behalf of the Victory Loan and the results continue to be gratifying.

On Saturday afternoon the city was bombed by a Toronto aviator, Mr. R. G. Russel, as were also Waterloo, Elmira and Baden. The attack which was begun at about four o'clock and continued for a quarter of an hour aroused the curiosity of those behind the city's defenses. Many rolling eyes there were following the manoeuvres of the aviator as he dropped several dozen bombs onto the city.

While these explosive bombs proved exciting when they burst and exploded, they were not the real reason for this interest. The fact was that money in this instance as in many others counted. Among the scores of pamphlets, Victory Loan literature, were five \$100 Victory bonds. If these have not been found as yet, they will probably be lying on some roof or blown into an alley or field. No report has as yet been received at the local Victory Loan offices from any person who has found one. Enquiry was being made to-day in the hope that some lucky person would be found.

Other Week-end Events  
On Saturday evening there was another monster parade of employees and members of the respective companies. Among those participating were the Dominion Tire Co., the Metcalfe Candy Co., the C. A. Abrams Shoe Co., the Canadian Blower and Forge Co. The departments of the tire company were effectively represented. The 108th Regiment and the Waterloo Musical Society band furnished the music for the occasion. The route of parade was on King St. between Frederick and Water Streets.

After the parade the big crowd of citizens were entertained in front of the City Hall by Mr. Atkinson of the Canadian Consolidated Felt Co., who made a number of his clever sketches on big sheets of paper on the east end steps of the City Hall. He proved that he has not forgotten the art in which he has excelled for many years.

Baden Meeting  
A meeting in the interest of the Victory Loan was held in Baden on Saturday evening which was well attended, about 200 persons being present. Addresses were delivered by Mr. Fleming, the publicity agent of the North Waterloo organization, and by Mr. R. W. N. Grigg, of Waterloo. Mr. J. P. Livingstone was the chairman. Mr. Kelley furnished a number of selections on the piano.

How to Maintain Prosperity  
On Sunday evening more good points about the Victory Loan and about ways and means for maintaining the present prosperity of the city were pointed out. Capt. R. A. Donald, of Toronto, spoke.

Capt. Donald further reminded the hearers of the debt the people who were not to the front owe to those that were. The people who stayed at home

\*\*\*\*\*  
PROCLAMATION  
Pursuant to the request of His Majesty the King, that all persons in the British Empire abstain from their usual occupations for the space of two minutes at the hour of eleven o'clock on Armistice Day, November 11th, the first anniversary of the end of hostilities, therefore I request that at that time all business and domestic activities of every description cease for a period of two minutes, so that in perfect stillness the prayers and thoughts of everyone may be concentrated on reverent remembrance of the glorious dead and of the victory of the Empire and her Allies.

D. Gross, Jr., Mayor.

\*\*\*\*\*  
A High School girl, after seeing her first elephant, remarked to a friend, that she saw him feed himself with one of his tentacles.

\*\*\*\*\*  
A young man out West wrote home to his father that his wheat crop averages between one and fifty bush to the acre. Let us hope it was no less.

\*\*\*\*\*  
Rochester, N.Y., has just re-elected its Mayor for the seventh consecutive time. For Toronto's sake, we hope Mayor Church doesn't hear of it.

\*\*\*\*\*  
When the late Ontario Cabinet met for the last time they just read the minutes, adopted the report of the grievance committee and then adjourned, sine die.

\*\*\*\*\*  
It is reported that Sir William Hearst will be elevated to the Supreme Court bench. What a fine position that will be for Mr. Drury twenty years hence!

\*\*\*\*\*  
Mr. Storekeeper! The handiest little friend you ever had in your life is a Victory Bond. Whenever you want to touch your Banker for some accommodation, you've got him sold when you show him your Bond. No argument. He knows the security is good. You get the money.

\*\*\*\*\*  
Mr. Parent, your children contribute to the payment for that nice little home you have. Good stuff. But just consider how proud they would be if they were buying a Bond on easy monthly payments, and after all, the bonds and the children are all yours, and both working hard for you. There is nothing like everyone having his own job and taking a pride in it.

\*\*\*\*\*  
Col. Donald will speak to-night at Waterloo. His speech last night was very effective. Waterloo will get a treat this evening. Everybody come.

\*\*\*\*\*  
A few Sweepings from the Victory Loan "Clean-Up"

(By Dinty Moore)

Talking about the team up in Wellesley is like describing a machine gun in action. Those boys are great gunners. They have 70 per cent of their objective with the last week cleared for action.
