

on the Lands which we sell you.

Father — I make known to you the manner
in which those Persons who are on Lake
Huron use us. — When we go among them
they take our Fish from us without pay-
ing us. —

Father — We would wish to have some articles
distributed among those who have now
come here, at your request. —

To which Major Gimins replied,

Children — I have listened to what you
have said, and will transmit your
words to your Great Father at Quebec,
and whatever directions he may be pleased
to give on the subject of the Lands which
you have now surrendered, shall be made
known to you, so soon as I receive them.
