

**STRIKE INSURANCE IN WINNIPEG.**

Companies writing riot, strike and civil comotion cover, are now quoting three times the normal rates on hazards in Winnipeg, Man., on account of the general strike which is in progress there. This rate increase is provided for under the rules of the Explosion Conference which has control of this form of insurance. It was learned yesterday that there was considerable inquiry in the market for strike cover in Winnipeg, and that some business had already been written, and the advance provided in the rules as above quoted.

**UTILITY OF GAS MASKS FOR FIREMEN.**

One of the lessons of the war, which well might be applied to practical use in peace times, is the utility of gas masks in the saving of life un-

der certain conditions. City firemen, who are frequently required to enter burning buildings while fires are in progress therein which generate noxious fumes, could turn gas masks to good account. At least this subject is worthy of investigation by the responsible officials of fire departments.

**WANTED**

A leading Fire Insurance Company requires a bright young French-Canadian as Inspector for Montreal and the Province of Quebec. Apply, stating age, experience and salary required, to
