

### Sheep and Swine at Toronto

The sheep exhibit at the Canadian National Exhibition was composed of the cream of many British and Canadian flocks. While the sheep pens were not crowded, they were comfortably filled with sheep of unusual merit. A large portion were of Canadian breeding. The number of inferior sheep shown this year could be counted on the fingers of one hand. There is too little encouragement given at our larger exhibitions to home bred stock. Imported stock, to be of benefit to the country, should be in Canada six months to one year before it should be allowed to be shown.

#### LONGWOOLS

Cotswolds did not make the show that they did last year. They were, nevertheless, a splendid lot, fairly even in type and well fitted. The winners in order were: T. H. Shore & Son, Glanworth; George Allen, Burford; and Norman Park, Norwich.

Leicesters made perhaps the most sensational exhibit in the lot. They were the most creditable lot that has been brought out for years, in the hands of such noted old timers as A. W. Smith, Maple Lodge; Jas. Snell & Sons, Clinton; and A. & W. Wintelow, Guelph. H. & N. Allen, Newcastle and R. L. McDonald, Cranbrook, each had sheep of outstanding excellence. They were judged by C. E. Wood, Freeman, Ont.

Lincolns were shown by John Lee & Sons, Highgate, and J. S. Gosnell & Son, Ridgeway. Most of the money went to the former, upon sheep in prime form. T. Gibson, Denfield, judge.

#### MIDDLEWOOLS

The Shropshires were in the hands of less exhibitors than usual, but did not lack in quality. The exhibitors throughout were even in type, and well fitted. The ribbons were well scattered among the exhibitors, with the Woodville, all Canadian flock, leading. Hammer & Hodgson, Brantford, and J. Lloyd Jones, Burford, were the only other exhibitors. H. Noel Gibson, Millbrook, N. Y., placed the awards.

Oxfords made a very strong showing, Peter Arkell & Sons, Teeswater, winning the lion's share of the prizes. J. W. Lee & Son, Simcoe, standing second. The following new exhibitors were in the race, each having good, useful stuff: Werr Bros., Malvern; D. and A. Salmon, Sinclairville; E. J. Barber, Erin; and T. E. Nelson, Fulton.

Southdowns, as usual, made a very creditable exhibit in the hands of such veteran breeders as J. Lloyd Jones, Burford; Robert McEwan, Byron; Telfer Bros., Paris; George Baker, Simcoe; and Wm. Simenton, Burford; each of whom had stock worthy of prizes in any show. Frank Kleinheinz, Wisconsin University, was judge.

The Dorset exhibit was somewhat smaller than usual. Only three exhibitors put in an appearance, R. H. Harding, Thorndale, winning the plums—11 firsts out of 12. Herbert Theil, Fulton, Ont., a new exhibitor, had a good bunch, and won several ribbons. A. G. H. Luxton also showed some. John Campbell, Woodville, placed the awards.

Hampshires were well represented with a lot of prime sheep in the hands of John Kelly, Shakespear; Telfer Bros., Paris; and Henry Arkell & Son, Arkell, who divided the honors fairly evenly. Prof. G. E. Day, of Guelph, was judge.

#### THE SWINE EXHIBIT

Notwithstanding the keen demand there has been during the past year for breeding stock, the classes at the Canadian National were fairly well filled with stock of excellent quality. Upon inquiring as to surplus stock on hand for sale, the general answer is that very few are left. We are not yet

near the over-stocking point in hog raising.

The Berkshires were a lighter exhibit than has been in evidence for several years. Several good things, however, were on exhibition. S. Dolson, Norval Station, Ont., getting the best of the prizes. W. A. Shields, Milton, was next in order. P. W. Boynton & Son, Dollar; Thomas Teasdale, Concord, and P. A. Dolson, Altona, were close followers. J. J. Wilson, Milton and H. G. Clark, Georgetown, were the judges.

The Yorkshire exhibit was in the hands of three veteran show men, D. C. Platt & Son, Millgrove; Jos. Featherstone, Streetsville; and James Wilson & Son, Fergus. As usual, the Millgrove herd fully maintained their former reputation by winning the majority of the first prizes upon lengthy deep stuff, nicely brought out. The other two herds were also in fine form and made up of good individuals. They were judged by J. E. Brethour, Burford, and R. J. Garbutt, Belleville.

Tamworths were a trifle stronger than formerly in the hands of the same exhibitors as last year, D. Douglas & Sons, Mitchell; R. O. Morrow, Hilton; H. German, St. George, and Thomas Readman, Erin, Ont. The Mitchell herd was too strong for their competitors. R. O. Morrow, Hilton, had among other good things, an especially nice aged sow that onlookers had to be satisfied with third. The St. George herd won well on under six months stuff. J. C. Nichol, Hultrey, Ont., judge.

Chester Whites were well brought out in the hands of the old standbys, D. DeCoursey, Bornholm; W. E. Wright, Glanworth; and R. O. Morrow, Hilton; who won in the order named. This breed is making steady progress along bacon lines and are in keen demand for crossing purposes. George Bennett, Charing Cross, was judge.

Classes for other distinct breeds were largely filled by the Hampshires and the Essex. The first named is comparatively new breed in Canada) won most of the prizes. This breed is classed among the thicker breeds of hogs, being quite similar to the Berkshires in build. Hastings Bros., Crosshill and Neil & Son, Birt, were close competitors, dividing honors evenly. Jos. Featherstone & Son was the other exhibitor. Awards were placed by J. C. Nichol, Hultrey, Ont.

The prizes for bacon hogs were all won by Yorkshires, D. C. Platt & Son winning 1st, 2nd and 3rd, and Joseph Featherstone & Son, Streetsville, 4th. —R. H. H.

### A Scene in the Niagara District

Our front cover this week depicts a scene in the widely known Niagara fruit district. Fruit growing, where it can be carried on successfully such as in districts of suitable soil and of favorable climatic conditions, enhances the value of land to an extent greater than possibly any other branch of agricultural endowment. Land in districts, such as Niagara, has reached a commercial—not speculative—value of as high as \$1,000 an acre. Many other districts, not so bountifully favored, it is true, could bring about increased values in their land by devoting more of it to an intelligent culture of the harder fruits such as apples for which there is an ever-widening market.

Mr. J. W. Morrison, Grenville Co., Ont., writes Farm and Dairy that the farmers in his district are raising more pigs than for the past two years, but they are marketing the pigs while still very young, so that there is really very little more stock on hand than in other years. He estimates that there are 20 per cent. more pigs than last year.

## Do It Now!

When the frost is on the pumpkin,  
And the fodder's in the shock,  
There'll be some folks a skimmin' milk  
With creamer, pan or crock,

Or perhaps a Separator of an imitating line,  
Losing money every day a feeding fat to swine.  
There's money in the business for the man that  
gets in right.

Take for your pal
