Best White Oat

IN THE WORLD.

JOHN SHARPE & SON'S
ROYAL DONCASTER

This magnificent White Oat was introduced by Messrs. John Sharpe & Son in 1892, and has given the greatest satisfaction at home and abroad. It surpasses all others for earliness, while its productiveness may be realized from the fact that on several farms last season it yielded 12 to 14 quarters (96 to 112 bushels) per acre. The straw is frequently 6 feet to 6 feet 4 inches in height; of splendid quality; large, close panicle, completely clothed with grain of the finest quality, and very hardy. It has a wonderfully thin skin, and is consequently much appreciated by breeders of pure-bred stock.

From Wm. Saunders, Department of Agriculture, Ottawa (to whom we shipped a quantity last season)—"I find Royal Doncaster Oat is much thinner in the skin than any of the oats we have been growing. From its appearance and character it will be a valuable addition to the varieties we have now in this country."

PRICE, 8s. PER BUSHEL, FREE AT LONDON OR LIVERPOOL.

The Best INVESTMENT!

AND WHERE TO GET IT.

The man aged 30 who invests, say \$216 per annum for seven years in a building association which is honestly managed, which meets with no losses, will in case of death, say after seven years, have provided for his estate to the extent of possibly \$4,000. The man who invests \$216 in the MANUFACTURERS' LIFE will in case of death, the moment the premium upon his policy is paid, have provided for his estate to the extent of nearly \$15,000, if insured on the ten-twenty plan, and the same sum invested in a twenty-year endowment will add \$5,000 to his estate at death, and if he lives to complete the payment of his twenty yearly premiums he will then have in hand very nearly as much money, IN ADDITION TO HIS POLICY OF \$5,000, as if he had taken the building association stock!
