

The Howard Watch

GIVE him a HOWARD for Christmas.

It means more to a man than any other thing you could choose for him.

It is a solid investment for his convenience and service. It will serve him as long as he lives—and then have a substantial part of its original value.

It is a compliment to his character—a recognition of him as the kind of man who will appreciate such a timepiece.

He knows—every man in the Dominion knows the HOWARD Watch—what it stands for—its class and quality—its reputation for making good.

The HOWARD was the first American watch—brought out in 1842.

It was the first watch in the

world adjusted to modern conditions. It is adjusted today to a precision that no other watch has ever attained.

For sixty-nine years the HOWARD has been the finest practical watch in the world.

A HOWARD Watch is always worth what you pay for it.

The price of each watch—from the 17-jewel (double roller) in a Crescent or Boss gold-filled case at \$40, to the 23-jewel in a 14 K. solid gold case at \$150—is fixed at the factory and a printed ticket attached.

You can buy HOWARD Watches in every part of Canada. Find the HOWARD jeweler in your town. Not every jeweler can sell you a HOWARD. The jeweler who can is a representative merchant—a good man to know.

Send us your name on a postal card and we will send you—free—the little HOWARD Book, full of valuable information for the watch buyer.

IMPORTED ABERDEEN-ANGUS CATTLE

We have a large selection of IMPORTED ANGUS BULL CALVES and YEARLINGS for sale. Also a few heifers and cows. These cattle represent the most desirable blood lines and families of this breed in Scotland, and are an exceptional lot of fine individuals.

Prices Reasonable

This is an opportunity to introduce the best imported blood in your herd. Angus sires are noted for their prepotency, and thus are extremely desirable for improving and building up herds of grade cattle. You are cordially invited to inspect our herds and stock.

GOSSIP.

Robert Miller, Stouffville, Ont., sending copy for change of advertisement, writes: I have been selling well to your readers, but have a splendid lot of young things in nice form, and the prices are not too high, so it does not take a good salesman to sell. I never had a nicer lot of young Shorthorn bulls, but have not nearly enough. Have good Shropshires, too, but have had to sell them low this year, and never stop for price, because buyers think they cannot pay as they have paid in former years. I sell out every year. I have some nice young cows in calf to Superb Sultan, still without doubt one of the three best sons of that greatest sire. I have not had a medium calf from him yet, the last of last year's sold to a good herd for showing.

THE THOROLD HOLSTEIN SALE.

The large herd of seventy head of R.-O.-P. Holsteins, to be sold by Monro & Lawless, of Thorold, Ont., on Tuesday, November 21st, 1911, are a business herd. For some years the proprietors have run a practical dairy, but owing to death in the family of one of the partners they have decided to dissolve the partnership, hence the sale, which will be absolute. They are now shipping over 340 quarts of milk a day, besides feeding fresh milk to eight calves. There are cows in the lot that are now giving 60 lbs. a day without any extra feeding. Some of the best blood of the breed will be represented among them. Although none of them have ever been officially tested for a seven-day record, there are many that would show up a big record if properly tested. Their persistence in yearly tests are their best testimonial of a profitable investment for their fortunate purchasers. The sale will start promptly at 1 p. m., and will be handled by the well-known expert, B. V. Kelly, of Syracuse, N. Y. Thorold is on the Grand Trunk line, between Merriton and Port Colborne, and is also connected by half-hour electric car service from Niagara Falls, Merriton, St. Catharines, Welland and Port Colborne.

The town drunkard of a small Scotch community went on an especially vehement tear, and the village authorities locked him up until he had entirely recovered. On the second day of his captivity, as he sat in his cell thirsty beyond words, the minister came from a village merry-making to give him consolation and good advice.

They sat down side by side, and the dominie read the parable of the Prodigal Son. The prisoner seemed to hang on the words. He nudged up close and closer, bending forward until his face was almost in the minister's face, and listened.

"Please read it through again," he said when the dominie had finished the chapter and started to close the Good Book. Touched by this further sign of penitence, the minister read it over.

"Tell me, poor man," he said when he was done, "what was it held you so close—was it the lesson of the Scripture or was it the words?"

"Nay, nay," said the tippler—"twas your grand breath!"—Saturday Evening Post.

TRADE TOPIC.

Elsewhere in this issue appears the advertisement of Hickman & Scruby, exporters of live stock of all kinds. This firm's headquarters is Court Lodge, Egerton, Kent, England. They make a specialty of handling horses. The stock is bought from the breeders in Europe, and shipped direct to the purchasers, thus permitting cheaper purchases. Mr. Hickman, of this firm, will visit the Chicago International Show and the Guelph Winter Fair. Parties wishing to import stock would do well to see the advertisement, and make it a point to see Mr. Hickman at one of these shows.

"Well, Eve had one blessing," sighs the woman. "She didn't have to clean house."

"No," agrees the man. "But I'll bet a dollar she did, just the same."

BARN ROOFING

The "Eastlake" Steel Shingle is the only absolutely weathertight shingle on the market. Let us tell you why. A shingle to be proof against the severest storms must have at least a **three inch overlap**. The

Eastlake Steel Shingle

is the only shingle that has that much. The so-called four-lock shingles have only an inch and a quarter overlap—not enough

to keep out the drifting snow and rain, so this proves the "Eastlake" the only waterproof shingle.

The roofing problem solved. Our free booklet, "Eastlake Metallic Shingles," tells how.

"Eastlake" shingles can be laid in one quarter the time it takes to lay a four-lock shingle.—The Philosopher of Metal Town.
