FIRE CAUSES LOSS OF \$4000

Barns and Outbuildings of R. N. Bird, Oak Hills, Destroyed Last Evening by Fire.

A fire of mysterious origin destroyed the two barns and outbuildings together with their contents belonging to Mr. R. Newton Bird, one of the best known farmers of Sidney township whose home is located on the Oak Hills just east of the Stirling gravel road. The fire was first noticed shortly after six o'clock last evening by the men who were working in a root field near by. The flames were then bursting out of the roof of one of the barns. No one had been in the barn for some time previously. Some propound the theory that sparks were carried by the strong wind from the residence of Mr. Wm. Richardson which burned at noon yesterday. But as the distance is two miles that theory as to the origin of the fire seems unreasonable.

Only seconds it seemed after the men noticed the fire until the entire barn was a mass of flames. In less than ten minutes the other barn, which is located not far away, also became ignited and was soon burning fiercely.

Efforts were devoted to the rescue of the horses and hogs. The colts and younger horses were successfully driven out of the stables, but three of the older work horses refused to leave and were burned to death. The hogs were in a pen near by but all of these, about twenty-five in number were forced out in time. The pen was soon burned.

In addition to the horses, the hens and ducks were all burned. The barns contained the season's crop. This included 30 loads of hay, 500 bushels of oats and quantities of rye and wheat. The farm implements were all likewise destroyed as well as large quantities of straw.

The entire loss will be in the neighborhood of \$4000. Against this there is insurance of \$4,500 which policy however, covers also the residence and drivehouse. The net loss therefore will be heavy.

Hundreds of willing helpers came from Stirling and elsewhere by auto but the destruction of the buildings was so quick that they could render no effective assistance except to prevent the flames spreading to the house.

As it was the fire ran through the fields to the woods and threatened to become serious owing to the dry condition of everything. But the timely aid of the visitors and applications of water prevented further devastation.

One of the barns that was burned was comparatively new. The other was older but had lately been thoroughly repaired.

PRESERVING FRUIT WITHOUT SUGAR

The Recipe

The fruit is prepared in the ordinary way, the jars are cleaned and scalded while the rubbers and tops are boiling. The fruit is then placed in the jars, in which COOLD water is placed. When the jars have been sealed air-tight they are placed in a boiler filled with cold water and brought to the boiling point. Berries will do it removed when the boiling point is reached, while large fruits, such as peaches, cherries, plums and apricots, should get 20 to 30 minutes' boiling. Keep cover of wash boiler on tight.

Country Plum Charlotte

Stone a quart of ripe plums; first stew and then sweeten them. Cut slices of bread and butter and lay them in the bottom and around the sides of a large bowl or deep dish. Pour in the plums boiling hot, cover the bowl and set it away to cool gradually. When quite cold, send it to the table and eat it with cream.

Damson and Plum Pie

Stew the damsons whole in water only sufficient to prevent them burning; when tender and while hot, sweeten them with sugar and let them stand until they become cold; then pour them into pie dishes lined with paste, dredge flour upon them, cover them with the same paste, wet and pinch together the edges of the paste, cut a slit in the center of the cover through which the vapor may escape and bake twenty minutes.

Sore Corns Go!

Absolutely Painless
No cutting, no plas-
ters, or pads to
press the sore spot.
Putnam's Extractor
makes the corn go
without pain. Takes out the sting
over-night. Never falls—leaves no
scar. Get a 25c. bottle of Putnam's
Corn Extractor today.

Plum Custard Tartlets

One pint of green gage plums, after being rubbed through a sieve, one large cup of sugar, the yolks of two eggs well beaten. Whisk altogether until light and foamy, then bake in small patty pans, shells of puff paste a light brown. Then fill with plum paste, beat the two whites until stiff, add two tablespoonsful of powdered sugar, spread over the plum paste and set the shells into a moderate oven a few minutes.

Spiced Plums.

Seven pounds of plums, one pint of cider vinegar, four pounds of sugar, two tablespoonsful of broken cinnamon bark, half as much of whole cloves and the same of broken nutmeg. Place these in a muslin bag and simmer them in a little vinegar and water for half an hour; then add it all to the vinegar and sugar, and bring to a boil; add the plums and boil carefully until they are cooked tender. Before cooking the plums should be pierced with a darning needle several times, this will prevent the skins from bursting while cooking.

Canned Plums

To every pound of plums allow a quarter of a pound of sugar. Put the sugar and plums alternately into the preserving kettle, first picking the plums to prevent their breaking. Let them stand on the back of the stove for an hour or two, then put them over a moderate fire and allow to come to a boil. Skim and pour at once into jars, running a silver spoon handle around the inside of the jar to break the air bubbles. Cover and screw down the tops.

To Can Plums Without Sugar

Thoroughly wash and clean the fruit, after having washed the fruit jars, rubbers and rings, place the raw fruit in the jars and fill with cold water and seal tightly. Now boil the jars on a rack in a wash boiler and fill around and over the jars with cold water. Place the boiler on the fire and bring to the boiling point and boil for thirty to forty-five minutes.

PAINFUL SWELLINGS REDUCED MUSCULAR STRAINS ENDED.

Such Troubles Now Quickly Rubbed Away by Powerful Remedy.

If you have any muscles that are strained and weak, that are frequently subject to rheumatic pains; if you have any painful swellings that refuse to go away—get busy with Nerviline. This is the very sort of trouble that Nerviline is noted for curing quickly. "I have proved Nerviline simply a wonder in reducing a hard painful swelling. It followed an injury I received in my left leg and caused me great pain and discomfort. The muscles were strained and sore, and no other remedy gave the ease and comfort I got from rubbing on Nerviline. There is a soothing, pain-relieving power about Nerviline that touched the root of my trouble. Nerviline reduced the swelling, it destroyed the pain, it brought my limb back to perfect condition." The experience of Mr. Bowen, whose home is in Middlesex, is not unusual. Thousands are proving every day that muscular pains of every kind, chronic rheumatism, lumbago, neuralgia and sciatica will yield to Nerviline when nothing else can possibly cure. Nerviline is an old-time family pain remedy, used nearly forty years with great success. The large family size bottle costs 50c., trial size 25c. at all dealers.

DECIDED NOT TO HANDLE LI- QUOR

John Barleycorn received a further attack this morning when the druggists of Peterboro decided not to handle liquor in any form under the existing regulations of prohibition after it went into effect on Saturday Sept. 16th. It was stated that the local druggists were unanimous in their decision to side-step the "booze-business." Not even in prescriptions will it be sold.—Peterborough Examiner.

RECORD TO BE PROUD OF.

Messrs. John Harris and Son again have the honor of winning first prize on their celery at the Central Exhibition at Ottawa. This is the fifth successive year they have attained this much coveted distinction and they should feel proud of having as usual defeated their Toronto and London competitors. The celery at Ottawa this year was the finest it is believed, that has ever been shown in Ontario and we congratulate our local gardeners on being able to carry away the highest honors.

It is published for the information of all concerned that only officers, N.C.O.'s and men whose names have appeared in the casualty lists are per- mitted to wear the small badge of Russian gold braid on the left arm.

NO ALUM

DOCTOR IS CHARGED.

Alleged to Have Prescribed Liquor Indiscriminately.

The wisdom of inserting in the Manitoba Temperance Act clauses demanding that on September 1 and March 1 of each year druggists in the Province must give in to the attorney-general's department a record of their sales of liquor is fully recognized by Chief License Inspector MacLean, for it has provided him with material for two prosecutions against offenders of the act.

On looking over the records, Mr. MacLean noticed that a doctor had indiscriminately prescribed liquor for applicants permitting them to obtain a quart bottle of whiskey at the druggist's for \$1.50. Detectives were sent out, say the doctor, complained of ennui, asked for a pick-me-up, dropped a hint, and the doctor, it is said, in three cases gave out a prescription calling for a quart of whiskey. The sequel will be seen in the police court in the course of a day or two, when the doctor will appear on three counts of helping to circumvent the Temperance Act. He has already been served with his summons.

There is only one other similar case revealed by the statistics returned by the druggists, and when further evidence is obtained, information will be laid against this offending doctor.—Winnipeg Free Press.

FAMILY RESIDENCE BURNED.

The dwelling-house belonging to Mr. Wm. Richardson, lot 13 of the 7th concession of Sidney was burned at noon yesterday. The fire is believed to have originated from a defective chimney. It spread so rapidly that almost nothing of the contents could be saved. The house was a frame structure in good condition.

CAPT. CAMPBELL AGAIN WOUNDED.

In today's casualty list appears the name of Capt. Campbell who is well known in this city. He is a grandson of the late Lt.-Col. A. A. Campbell formerly of the 15th Batt., and also a grandson of the late Sheriff Geo. Taylor of this city. His mother resides at Elora, Ont.

It will be recalled that Capt. Campbell was also wounded some weeks ago. He has won distinction at the firing line having won not only the D.C.M., but the Military Cross.

THE MAPLE LEAF FOREVER

Last fall Colonel Ponton sent to a friend in England fifty young maple trees (seedlings) from his farm and today is in receipt of a beautiful natural reproduction in color of a perfect leaf from one of these trees (which are all being acclimatized) with the following legend written beneath it:

"Ponton Maplette—the eldest of the maples from Belleville sends his love and portrait to show how he is growing, London, England, 7th of September, 1916."
Some of the trees will be planted on Canadian graves and at Canadian hospitals.

A FRIGHTFUL DEATH, SUFFOCATED IN ASTHMA ATTACK.

Every sufferer from Asthma knows the terror, the object fear taint overcomes them when struggling for breath. The old fashioned remedies may relieve, but never cure. Best results come from Catarrhoxone which cures Asthma after hope is abandoned. It's because the Catarrhoxone kills the Asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of Asthma is driven from the system, and even old chronic experience immediate relief and lasting cure. Equally good for Bronchitis, Throat Trouble and Catarrh. The large one-dollar outfit includes the inhaler and lasts two months. Sold by all dealers or from The Catarrhoxone Co., Kingston, Canada.

CONSIGNMENT OF COMFORTS

Shipped Today by Belleville Red Cross to Soldiers.

The Belleville Red Cross and Patriotic Society today shipped nine large boxes containing 828 pairs of grey woolen socks for the soldier boys at the front. These are sent to Miss Plummer who will send them to individual Belleville officers and men for distribution among the men. Eight boxes containing forty pillows and also seventy pillow cases were shipped to French hospitals.

Today's consignment gives some idea of the large amount of work which the Red Cross workers have been doing. Twenty-five circles have been engaged in knitting, each with a large number of knitters. The result of their labors was shown when the boxes were filled for the soldiers.

The Belleville Red Cross gets no contributions in socks. The members raise funds and buy the yarn which is distributed to the ladies of the various circles.

Mrs. (Col.) Lazier, Mrs. O'Flynn and their associates are to be commended for their self-sacrificing work for the Empire.

AUTO CASE IN COURT

Napanee Resident Was In Belleville on Saturday Last.

Mr. James Bowen of Napanee appeared this morning in police court before Magistrate Masson on a charge of having driven an automobile upon the highway in Belleville on Saturday afternoon last while in an intoxicated condition. Bowen has been the owner of a car for a month and drove to Shannonville to go to the fair. At Deseronto he had a drink of lager and a glass of whiskey before ten o'clock in the morning but no more, he testified, during the day. At McLaughlin's garage he ran into a local car and broke a lamp, which cost him six dollars and a half. Witnesses testified that he acted as if under the influence of liquor but Bowen said the brakes of his car would not operate properly.

He said he had never been in Belleville before and was made nervous by the crowded traffic on the streets. His intention in going to the garage was to get the brake fixed and to get his car out of the way of the crowds of vehicles. He had never driven the car in places larger than Napanee.

Mr. Carney represented the city and Mr. Madden of Napanee the defendant. A man who wants to drink should not drive a car, said the court, for a car on the highway is more dangerous than a railway engine on rails.

Mr. Madden made a plea for the young defendant, and Mr. Carney supported the view of leniency. Magistrate Masson reserved judgment on the costs being paid.

THIEVES ARE BUSY

Visit Orchards and Hen Houses in West Belleville This Week

Thieves have been busy in the northwest part of the city. Four depredations are reported from that quarter. Mr. Ballantyne, Herchimer street, had his orchard robbed in daylight. The night before last according to a report made by Mr. Harry Zebede, his large orchard on Herchimer street was completely stripped of fruit. The grape vines on Mr. Smith's property on Yeomans street were robbed, and a hen and a pair of young pigeons were stolen of the nest from the property of Mr. Chas. Hardwick, Sidney street.

WAS KNOWN HERE

Lieut. William Willison, son of Sir John Willison, of the Toronto News, has been killed in action. He was well known in Belleville where he had covered a number of assignments for the Toronto News.

FOURTEEN LASHES FOR BOY THIEF.

The boy who stole a missionary box containing eleven dollars from W. C. Yonge's store, corner Lansdowne and Park streets, was sentenced to fourteen lashes of the cat-o-nine-tails yesterday morning. Police Magistrate Dumble imposed the sentence, which, it is hoped will have a salutary effect. The eleven dollars stolen had been contributed for missionary work among the Chinese, and the boy's father is to make full restitution.—Peterborough Times.

NOT PUNISHED FOR LATE HOURS

Late hours at the clubs, it is said,
will not be so attractive after the
16th of September. This is perhaps
fortunate for the members. A Chat-
ham Tp. woman had her husband up
in the police court last week for be-
ing out after 11 p.m. Just arrived
from the club, don't suit the com-
plainant, and she set out with a lan-
tern in her negligence to find her hus-
band. The cruel judge, however, dis-
missed the case, with the advice
"that if husbands cared to stay out
ate it was their privilege," and fur-
ther that wives should make it more
agreeable for the husbands, and per-
haps they would stay at home.

IF STRENGTH DECLINES AS AGE ADVANCES FOLLOW THIS SUGGESTION.

So many women grow old before
their time, perhaps your wife or sis-
ter. A little while ago, buoyant, full
of vigor and activity—she enjoyed
life and imparted pleasure to the
whole family; but now in a few short
years she has faded and lost color
and strength. She is just ready to
develop some disease that will fur-
ther weaken and debilitate. You re-
member how it began, falling of ap-
petite, tired in the morning, found
housework burdensome, always ner-
vous and a little irritable. It's a
shame to let her go down hill fur-
ther when you can build her up so
quickly with Ferrozone. The change
this nourishing tonic makes in a
weak woman is surprising. It gives
great zest for food, increases ap-
petite and digestion enormously. The
blood gets richer and stronger and
adds new life to every organ in the
body. A rebuilding process works
through the entire system. The first
week will show an improvement and
a month or two will fatten up the
thinnest, most run-down woman you
can think of. Take Ferrozone for
lost color, for nervousness, for weak-
ness,—use it when run-down and
feeling poorly—it will do you more
lasting good, keep you in better
health than anything else. Just as
good for men and children, too, be-
cause Ferrozone is harmless and safe,
50c. per box or six for \$2.50 at all
dealers, or direct by mail from the
Cattarhoxone Co., Kingston, Ont.

LATE MRS. G. FREDERICK

The funeral of the late Mrs. Gil-
bert Frederick took place yesterday
from the family residence, 62 South
George street, Rev. Dr. Scott, con-
ducted service in the presence of a
large gathering of friends. Interment
was in Belleville cemetery, the bear-
ers being Messrs. R. P. White, J.
N. White, G. W. White, F. Johnston,
J. Hall and G. Weller. Many beau-
tiful floral tributes had been placed up-
on the casket.

STANDARD LICENSES AT PETER- BORO.

Nineteen Standard Licenses have
been granted in Peterboro County,
seven being granted in the city.
Mr. Fred Blastorah, proprietor of
the Palace Hotel on Hunter St. did
not apply for a license and the appli-
cations of George Lipsett, Maple
leaf Hotel, Ashburnham, Jas. Head,
Montreal House, Aymer St. and the
Burligh Falls Hotel are not
granted.

Havelock gets two standard hotels
Norwood one, Lakesfield two, Buck-
horn one and Young's Point one.
