FRAT NOT DEAD

Positive information to the effect that the players' organization, which called a strike for high salaries last winter, still exists has been obtained. While it is true that a majority of the major league players became disgusted when the strike fizzled out, certain ringleaders have not lately with the idea of reviving a concerted movement to embarrass the club owners. These ringleaders have discussed a salary standard, based on the ability of the players, which they are anxious to force upon the magnates. Quiet missionary work will be carried on in both leagues, the idea being to bring back into the organization the numerous players who have stopped paying dues. But if the war hurts baseball, it is said there will be no strike until after the big controversy comes to an end. By that time the ringleaders believe they will have solidified their organization and the players will be ready to take advantage of a return to prosperity.

WAIVERS ASKED ON PITCHER REULBACH

Manager Stallings of the Boston Braves has asked for waivers on Pitcher Edward Reulbach, the secretary of the players' organization. So far none of the other major league clubs has claimed Reulbach and it is probable that he will go to the minors or retire from the game. Reulbach, while drawing salary from the Brooklyn club two years ago, was charged with aiding the Federal league in winning players away from organized baseball, also with taking an active part in promoting the fraternity. He was unconditionally released by the Brooklyn club in October, 1915, and it was common rumor that the other big league clubs had agreed to keep hands off. But suddenly to the astonishment of the magnates, Reulbach signed with Stallings. Reulbach pitched several good games for the Braves last year, but Stallings has so many other competent box-

men just now that Reulbach must be sacrificed.

EBBETS DENIES STORIES OF DISSENSION

"The Brooklyn players are not dissatisfied with their salaries," declared Col. C. H. Ebbets recently. "There is no dissension in the team and I look for an improvement in play very soon. Our pitchers are in poor physical condition, which is the reason why the Brooklyn players are in last place. The losing streak and the cold weather have kept the attendance figures down, but there is bound to be a change for the better."

Only three members of the Brooklyn team are receiving less salary than last year. They are Chief Meyers, Casey Stengel and George Cutshaw. Meyers is catching finely and is entirely satisfied. Nobody has accused Stengel or Cutshaw of indifference. Wheat, Dauter, Miller, Marquard, Pfeffer, Sherrod Smith, Mowrey, Cheney, H. Myers, Johnson and other important Brooklyn players are receiving as much money as last year, if not more. The Robins staged two first class games against the Giants week before last, which seemed to indicate perfect harmony.

Obituary.

Far away from the land of his birth and the country where he earned his fame lies the body of Les Darcy, the Australian middleweight, and once idol of the Antipodes. There is something pathetic in the death of this youthful adventurer, and an ill-advised boy, who paid the penalty in his search for wealth. That he was a victim of the greedy boxing promoter no one will deny. He listened to their stories and fell into disgrace with his fellow-countrymen. However, his untimely end might not have been hastened had these same boxing promoters and so-called managers not tried to cut each other's throats and obtain Darcy for themselves. Those who failed immediately set out in an effort to get

"even," the result being that Darcy was practically hounded from one state to another. Had he not been a champion, or an unknown quantity, nothing would have been heard of him, but because he was the champion of Australia he was made the "goat." He was more sinced against than sinning, and while he may have had his faults yet to his credit he died in the colors of the allies. That's more than will be said of those who enticed him away from Australia.

LEAFS WON OUT IN ELEVENTH

Lajoie's Team Just Managed to Hold Place in Extra Inning Game

LYONS HAMMERED One Triple and Two Doubles Brought in Counters

Toronto, May 25.—Toronto by defeating Buffalo in the eleventh inning yesterday just managed to stay even with Providence for third place in Mr. Barrow's League. It was a weird game in spots and both teams were on the verge of bad reverse more than once. Paddy Lyons started for Toronto and was chased out by Lalonge (a foul pop). Killilea fanned, but Casey came through with a hit scoring the centre fielder. Engel hit to Whiteman, who booted. Kopp walked and Channell was out pitcher to first. With Jacobson on in the fifth Lajoie doubled, and Jake came to port for his second counter of the game. Lyons was still on the mound in the fifth, but it was plain that he was about to blow. Carlstrom got a safe one and although McDonald was caught out by Lalonge (a foul pop), Hummell was walked. He had sent up two wide ones to Gill when he was shoed off in favor of Zabel. Zabel's first two efforts were wide and Gill got his pass. But in the meantime Hummell had been nailed at first. Killilea got a safe one to right, but Casey was pegged out by Blalock.

Blackburne Andrews, who took Smith's place the other day when he was chased for talking back, went to short in place of "Smitty," who was not allowed to hit in the ninth with Whiteman at third and Russell Blackburne on first. Lajoie and Graham had gone out sacrificing Whiteman along. Blackburne's walk filled the bags. Bill Kelly came up with a scratch hit. Channell fanned at second. Graham got McDonald unassisted.

Jacobson walked and Altenburg, the new right fielder, sent out a sizzling single. Jacobson came home. Whiteman got on first when Hummell dropped the ball. Thus the situation when up stepped Larry. He hit a long fly to centre and Whiteman took it. Altenburg meanwhile had been caught trying to steal home. Graham beat out a bunt and Whiteman scored. "Lena" was an infield out.

Buffalo's big inning was the fourth. McDonald started off with a clean three-bagger. Hummell was given a pass. Gill singled to right. Hummell was caught at second. Killilea fanned, but Casey came through with a hit scoring the centre fielder. Engel hit to Whiteman, who booted. Kopp walked and Channell was out pitcher to first.

ced Engel to run in to get the ball and not only did Whiteman score, but Blackburne got safe to first. Smith and Kelly were easy outs.

In the eleventh Whiteman led off with a corking two-base hit to left. Lajoie sacrificed, and Graham was an infield out. Blackburne bunted, and they worked the squeeze play, Whiteman scoring.

The Leafs showed by far the best exhibition of drill yesterday that they have attempted this season. They were smart in every particular, and when they presented arms as the Union Jack and the Stars and Stripes were being raised the Buffalo team were at attention in single file, with their hands at the salute.

There was a good crowd considering the weather.

At Providence. Richmond's errors were costly, and aided the Grays materially in making runs. The locals also hit Adams in the pinches. Schellenbach pitched a fine game, and was given fast support, Providence winning the opening game of the series, 6 to 1. Score:

Richmond . . . 100 000 000—1 7 5
Providence . . . 042 202 000—6 8 1
Batteries—Adams and Reynolds; Schellenbach and Mayer.

Two Games Today. The Bisons and Leafs will meet in a double-header at Toronto this afternoon, while tomorrow the Hustlers and Leafs will clash in a double-header at the Stadium.

POOR BLOOD AND WEAK NERVES

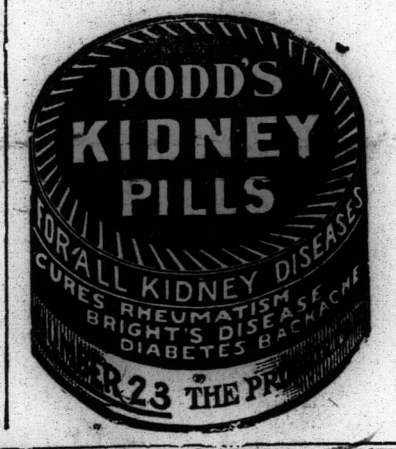

(By F. Raymond Ward, M. D.)

Lack of strength is about the first symptom of a violation of the laws of health. There come nervousness, unsteady hands and limbs, skin eruptions, dimness, sleeplessness, heart palpitation, and with the feeling that the life blood is being sapped comes complete prostration. In this condition the sufferer is indifferent to all things—and looks upon life with a gloomy, melancholy view.

It is given as a statistical fact that seven out of every ten people in the United States are suffering from nerve exhaustion, and of this number less than half realize it. They know that they have gloomy thoughts, a depression of mind, an impaired memory, dizziness and headache, painful twinges, a spasm of extreme exhaustion, but they attribute it to any other cause but the right one. They feel languid, irritable and restless, the why and wherefore of which they cannot explain. They are suffering from nerve exhaustion, a condition which is undoubtedly the means of causing more misery and crushing more hopes than any other trouble that flesh is heir to.

Nerve exhaustion will not cure itself. The sufferer who thinks that nature alone will bring about a resumption of health is simply deluded by a false hope. He will realize that (if the power of realizing is left him), when he becomes a hopeless victim to one of the many diseases which follow in its path.

Those suffering from nerve exhaustion or loss of energy as a result of overwork, mental worry or violation of nature's laws are quickly restored to sound health by a special treatment. Dr. Ward's office is located at 79 Niagara Square, Buffalo, N. Y., which is right opposite the McKinley Monument. His office hours are Mondays, Wednesdays and Saturdays 9 A. M. to 5 P. M., and Tuesdays, Thursdays and Fridays 9 A. M. to 8 P. M. Sundays 9 A. M. to 1 P. M. Consultation and examination is always without charge.
