

ENEMY HAS SPENT EFFORT, MESSAGE OF HAIG TO HIS MEN

British Commander Lauds Valor of His Troops; Passed Through Dark Days Which Will Never Return

By Courier Leased Wire. LONDON, Sept. 10.—"We have passed through many dark days. Please God these will never return," says Field Marshal Haig, commander-in-chief of the British forces in France in an order of the day.

The text of the Field Marshal's orders of the day reads: "One month has now passed since the British armies, having successfully withstood all the attacks of the enemy, once more took the offensive in their turn. In that short space of time, by a series of brilliant and skillfully executed actions we have repeatedly defeated the same German armies whose vastly superior numbers compelled our retreat last spring. What has happened on the British front has happened also on the front of our Allies."

"Less than six months after the launching of the great German offensive which was to have cut the Allied front in two, the Allied armies everywhere today are advancing victoriously side by side over the same battlefield on which, by the courage and steadfastness of their defence, they broke the enemy's assaults."

"Yet more has been done. Already we have pressed beyond our old battle lines of 1917, and have made a wide breach in the enemy's strongest defences."

"In the glorious accomplishments which have been attained and also to all ranks, arms and services of those whose unsparring labors behind the actual fighting lines have contributed essentially to the common cause. To have commanded this splendid army which at a time of grave crisis has so nobly done its duty fills me with pride."

FRENCH FORCE CROSSING OF THE CROZAT CANAL

With the French Army in France, Monday, Sept. 9.—(By the Associated Press).—French troops forced the crossing of the Crozat Canal to-day overcoming strong opposition and occupying important positions in the triangle formed by the two branches of the Canal and the road from La Fere to St. Quentin. They also advanced north of the Oise, taking the Liez fort and north of the Oise capturing Etraville and Ruppy. Though these were operations of detail they tightened the lines around both St. Quentin and La Fere, greatly facilitating future operations against both towns.

General Humbert's forces now command the entire region west of the river and the canal from La Fere north beyond a single track railroad that crosses the river at Mezières. They command all of the approaches to St. Quentin from the north, west and south and are within five miles of the town. The occupation of Fort Liez gives the French command not only of the entire country around La Fere, but of the valley of the Oise to a considerable distance northward, the valley of the Serre eastward and the railroad line leading to the Leon citadel, which is visible from the heights.

COLORED TROOPS TAKE A VILLAGE

German Troops Said to be Afraid of Them

By Courier Leased Wire. With the American Army in France, Monday, Sept. 9.—(By the Associated Press).—The enemy heavy shelled towns in the Vosges sector behind our lines this morning. One of his patrols attacked the American outposts, but was easily driven off.

There was considerable patrol activity in the Vosges district last night. One encounter took place, the enemy retiring with one wounded man.

Colored troops have occupied one Vosges village, in which French civilians were being held prisoner. The Frenchmen on coming through to the American lines declared that the Germans were considerably excited at finding themselves opposed by negroes, of whom they are said to be afraid, owing to reports that American colored troops cut off the ears of their prisoners. The negro soldiers in this sector certainly had today had a conference with Premier Clemenceau and Andre Tardieu, French high commissioner to America and Ambassador Sharp.

FRENCH MAKE IMPORTANT PROGRESS TOWARDS SOUTHERN END OF THE HINDENBURG FRONT

By Courier Leased Wire. PARIS, Monday, Sept. 9.—Important progress towards the southern end of the Hindenburg line in the neighborhood of La Fere, north of the St. Gobain Massif, was made by the French forces today. The war office announced the capture of the town of Liez and of wooded regions to the east and southeast of Liez, within two miles of La Fere.

Additional ground was gained in the St. Gobain region south of the Oise, where the Servais station was taken as well as a wooded area about a mile and a half to the south. North of the La Fere region the French pressed in far, capturing the towns of Remigny, Montescourt-Lizerolles, Clastres, Seracourt-le-Rand, Roupay and Etreillers, the last two towns being within three and a half miles of St. Quentin.

The text of the statement reads: "New progress was realized today by our troops at various points on the battle front. North of the Somme we captured the villages of Etreillers and Roupay. Beyond the Crozat canal we have taken Seracourt-le-Rand, Clastres, Montescourt-Lizerolles and Remigny. Our advance elements occupied Hill 123, south of Contescourt station, Essigny-le-Grand and Hill 117.

"North of the Oise we took the Fort of Liez, the wood northwest of Canlers Farm and the Rouge farm.

"South of the Oise we have taken Briquetay and the Servais station. Elsewhere we improved our positions north of Laffaux and also between the Aisne and the Vesle in the region of Glennes.

"Army of the East, September 7.—There was activity along the entire front, particularly west of the Ardennes in the bend of the Cetta, in the region of Monastir and between the lakes, where the enemy attempted a rail which failed with losses. In Albania there were patrol encounters."

The report from the army of the east under date of September 8 reads: "There was activity by the artillery and the aviators along the greater part of the front."

ALLIES ARE ALMOST BACK TO THEIR PREVIOUS LINES

War Has Now Entered Not a Period of Calm But of Precaution; Weather Recently Has Been Wet and Stormy

Paris, Sept. 10.—The Allies are now almost back to the lines they occupied before the German offensive after six weeks of unbroken victory and the war has entered a period of calm, but of precaution, with a promise of just as wonderful things to follow. The dry and on the whole fine weather which helped Marshal Foch to turn the tables on the Germans so far has now ended and a wet stormy spell has set in.

The fighting yesterday centered south of Cambrai, south of St. Quentin and to the heights north of Soissons, three vital spots for the Germans who resisted desperately, but unsuccessfully the Allies forward them. The German heavy artillery is becoming active from Arras to Rheims, indicating that

SITUATION TO-DAY

By Courier Leased Wire. New York, Sept. 10.—The Associated Press to-day issues the following: Increased resistance by the Germans and weather conditions unfavorable to the swift movement of troops have tended to slow down the Allied offensive along that stretch of the battle line from St. Quentin to Cambrai. Here the British in fighting of a local character have carried their lines to Havrincourt wood and Peziere. To the south Field Marshal Haig's men have taken Vermand and Vendelles, the former about five miles from St. Quentin.

On the British right the French have advanced to within four miles of St. Quentin. At Liez they crossed the Crozat Canal and their patrols are near La Fere, which is reported to be burning. With the fall of La Fere only a question of time, the French also command all of the region west of the Oise River and are tightening their line around St. Quentin and in the valley to the east through which they must pass to take Laon. The capture of La Fere will be a serious menace to the strong German defences in the St. Gobain Massif. From this point south to the Oise German artillery fire has increased in violence and

Forecast: Fresh northerly to easterly winds, fair and cool to-day and on Wednesday; frost in many localities to-night.

PLAYERS STRIKE

By Courier Leased Wire. Bulletin, Fenway Park, Boston, Sept. 10.—The Red Sox and Chicago Cubs touched off a bombshell toward game time today by refusing to go on the field unless the National Commission rendered an immediate decision to the demands for a readjustment of the money receipts apportioned to the players.

HUNS DELIVER COUNTERATTACK

By Courier Leased Wire. London, Sept. 10.—The Germans delivered a counter-attack yesterday against the positions won by the British to the west of Couzaucourt, fronting the Hindenburg line south-west of Cambrai. Field Marshal Haig announced in his official statement to-day that the enemy assault had been completely repulsed. In this same sector the British line was advanced during the night south of the town of Havrincourt.
