A McLaughlin Automobile

Must be so built that it will always, under all circumstances, give the owner the unimpaired use of his investment. Every McLAUGHLIN owner will receive the prompt and efficient service to which he is entitled — the kind of service that will insure him the motoring pleasure he expects.

McLAUGHLIN reputation, pre-eminently firm and fair, was not won by chance, but is due to policy established and consistently adhered to for forty years in the manufacture of high grade vehicles. With the production of the first McLAUGHLIN motor vehicle the same policy was conscientiously followed, that of giving the owner the maximum of service for the minimum of cost.

No matter what its price, a McLAUGHLIN Car must, and will give the maximum of that service for which it is intended, and must bear its proportion of the responsibility of maintaining that high prestige which has established the McLAUGHLIN as

Canada's Standard Car
