## Do You See It?

Look carefully at this little picture. There's a great deal to it. There's a lamp, that makes the heat. Right over it is the vaporizer, that holds the Vapo-Cresolene. This Cresolene is a wonderful medicine. It kills most kinds of disease germs, and is a most remarkable healing agent. You simply breathe in the vapor of it, that's all; it goes all through your bronchial tubes, curing asthma, croup, coughs, catarrh, whooping-cough.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene complete, \$2.50. Extra supplies of Cresolene 25 cents a bottle. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresolene Co., 150 Fulton St., New York, U.S.A.

## PAINE'S CELEBY COMPOUND

THE GREAT HEALTH RESTORER FOR OLD AND YOUNG.

The indorsement of Paine's Celery Compound by men occupying high positions in the medical profession has not been brought about by hasty conclusions. Their verdict in its favor was pronounced only after severe tests and direct proofs of cures.

Medical evidence freely given by honest and unbiased physicians, places Paine's Celery Compound ahead of all other prescriptions and medicines as an infallible cure for rheumatism, neuralgia, nervous diseases, liver and kidney troubles, derangements of the stomach, and troubles arising from an impure condition of the blood.

Mrs. L. Lafave, Chapleau, Ont., writes about herself and daughter as follows: "For years I was troubled with rheumatism and nervousness. I was treated by doctors and tried medicine after medicine without any good results. Fortunately a friend of mine advised me to try Paine's Celery Compound. I did so, and after using four bottles, I found I was stronger and better than I had been for years. My daughter was cured of kidney disease after suffering for twelve years, by using a few bottles of the compound."

A woman feels safe when she thinks she can trust a man, but she'd be a whole heap safer if she could always trust herself.

When a horse picks up a nail in his foot what does the driver do? Does he whip the horse, or does he stop? Unless he wants to ruin the horse. At the first sign of lameness he jumps down, examines the foot and carefully removes the cause of the lameness. What is called "weak stomach" is like the lameness of the horse, only to be cured by removing the cause of the trouble. If you stimulate the stomach with "whisky medicines" you keep it going, but every day the condition is growing worse. A few doses sometimes of Dr. Pierce's Golden Medical Discovery will put the distorted stomach and its allied organs of digestion and nutrition in perfect condition. Ninety-eight times in every hundred "Golden Medical Discovery" will cure the worst ailments originating in diseases of the stomach. It always helps. It almost always cures. To cure constipation use Dr. Pierce's Pleasant Pellets. They're sure.

## THE MARKETS.

Ald. John Waddell, of the firm of J. B. Stringer & Co., gives The Planet the following quotations:

Grain market has settled some since last report, the coarse grains especially being easier. Wheat being in small supply and wanted, holds steady at 75 cents.

Corn—Receipts are fairly large and market here easier in sympathy with decline in Western States. Large quantities of Canadian Yellow, also mixed, are going forward to New York for export to the U. K.

The movement in this direction is the first in the history of Canadian corn. The corn goes under inspection at Suspension Bridge, and must be found dry, lard stock to get inspection as No. 2, which is required or it cannot be accepted for export, hence dealers have to take great pains in loading for export. Street price keeps at 52 to 53c per 75 lbs for ear corn, and 54c for shelled. Prospects for lower market.

Outs—Receipts light, demand light, so business is small these days. Street prices 38 to 39c, as to quality. Barley—Receipts small for some time back, bulk of the crop cleaned out, very quiet here. Prices as last week, 90c to \$1 per 100 lbs.

Dressed Hogs—Receipts practically nothing for past two weeks, some enquiry last few days and firmer feeling, weather being so favorable. Street \$7.50 to \$7.60. Dealers expect small receipts for the future.

Beams—Market dull and lower. Receipts are quite moderate, feeling with independent farmers to hold for better market. Prices range at 85c to 95c, this week.
