Enlarged to Eight Pages and No Increase in Price,

It is nearly six years since The Mall was established, and during that time it has gradually acquired circulation and influence, which render it second to no other newspaper in the Dominion. The Pullisher takes great pleasure in announce ing that he purposes to still further increase this circulation by greatly Improving the Werkly Mall during the ensuing year, whereby he hopes to make it The Great Family Paper of Canada. Special Editors have been engaged in the various Departments, and no expense will be spared to make the whole paper interesting and reliable. The Mall will remain true to the principles it has always advocated, and it is intended to make it, by the aid of such additional strength as ample capital can afford, even a more potent champion of the Conservative cause.

All the old Departments of News, Polital Intelligence and Editorial will be continued with unabated vigour.

During the year we will treat our readers to a tour through a portion of Canada, with descriptions of the Homes, Farms, Factories, Natural Scenery, &c. Arrangements are being made for illustrating the Werkly Mall, \$6 per annum.
