Application for homestead entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

An application for entry or cancellation made personally at any Sub-agent's office may be wired to the Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" or fraud the applicant will forfeit all priority of claim of if entry has been granted it will be summarily cancelled.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry, and only one application for cancellation will be received from an individual until that application has been disposed of.

Where an entry is cancelled subsequent to institution of cancellation proceedings, the applicant for cancellation will be entitled to prior right of entry.

Applicant for cancellation must state in what particular the homesteader is in default.

A homesteader whose entry is not the subject of cancellation proceedings, may, subject to the approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister if eligible, but to no one else, on filing declaration of abandonment.

DUTIES—A settler is required to perform the duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of road allowances crossed in the measurement.

5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Natives Crowd the Streets to Watch the Novelty.

Sanghai, March 5.—The first section of the electric street car service in Shanghai was successfully inaugurated to-day. The cars are running well and are largely patronized. The natives have gathered in large crowds to watch the new method of transportation. The street railway was originally strongly opposed by the natives for fear of the electric power and because they thought it would interfere with the business of the jinriksha men, but the success of to-day's opening shows that there is no danger of disorder.
